Politics And The Algerian Novel:

Politics, Poetics, and the Algerian Novel Zahia Smail Salhi, 1999 This text examines the development of the Francophone Algerian novel its emergence and progress through the pre independence period and the extent to which this parallels the political evolution of Algerian nationalism It also surveys the criticism of French and Algerian intelligentsia **The Algerian Novel and Colonial Discourse** Abdelkader Aoudjit, 2010 During the last fifty years Mouloud Feraoun Mohammed Dib Mouloud Mammeri and Kateb Yacine achieved significant international recognition yet remain little known in the United States Filling a pressing need *The Algerian Novel and Colonial Discourse* provides a critical introduction and a new approach to the works of these Algerian novelists Beginning with an overview of their novels this book goes on to discuss critical approaches to them challenging the widely held notion that they are merely ethnographic upholding the status quo *The Algerian Novel and Colonial Discourse* provides a new reading and most significantly argues that they are best read as witnesses to the kind of conflict Jean Fran ois Lyotard calls a diff rend a conflict in which one suffers an injustice and is at the same time deprived of the means to argue *The Algerian Novel and Colonial Discourse* then examines the issue of humanism that the novels allegedly both appeal to and reject and demonstrates that the Algerian authors condemnation of colonialism is both a coherent political position and consistent with their critique of liberal humanism It concludes with a discussion on the ongoing relevance of the Algerian novels *The Algerian Novel and Colonial Discourse* includes a glossary and a short history of modern Algeria to provide readers with the political and cultural contexts they need to understand its literature This combination of innovative theoretical approach and political context makes this book of utmost importance for students of Francophone literature and for literary critics interested in colonialism postcolonialism and Lyotard s philosophy

Albert Camus the Algerian David Carroll, 2007-05-01 In these original readings of Albert Camus novels short stories and political essays David Carroll concentrates on Camus conflicted relationship with his Algerian background and finds important critical insights into questions of justice the effects of colonial oppression and the deadly cycle of terrorism and counterterrorism that characterized the Algerian War and continues to surface in the devastation of postcolonial wars today During France s dirty war in Algeria Camus called for an end to the violence perpetrated against civilians by both France and the Algerian National Liberation Front FLN and supported the creation of a postcolonial multicultural and democratic Algeria His position was rejected by most of his contemporaries on the Left and has ironically earned him the title of colonialist sympathizer as well as the scorn of important postcolonial critics Carroll rescues Camus work from such criticism by emphasizing the Algerian dimensions of his literary and philosophical texts and by highlighting in his novels and short stories his understanding of both the injustice of colonialism and the tragic nature of Algeria s struggle for independence By refusing to accept that the sacrifice of innocent human lives can ever be justified even in the pursuit of noble political goals and by rejecting simple ideological binaries West vs East Christian vs Muslim us vs them good vs evil Camus work offers an alternative to the stark choices that characterized his troubled times and continue to define our own What they didn t like was the Algerian in him Camus wrote of his fictional double in *The First Man* Not only should the Algerian in Camus be liked Carroll argues but the Algerian dimensions of his literary and political texts constitute a crucial part of their continuing interest Carroll s reading also shows why Camus critical perspective has much to contribute to contemporary debates stemming from the global war on terror

production of Woman Special Delivery dismantles the polarities between male and female theory and fiction high and low culture male critical theory and feminist literary criticism Kauffman demonstrates how all seven texts mercilessly expose the ideology of individualism and romantic love each presents alternate paradigms of desire wrested from Oedipus grounded in history and politics giving epistolarity a distinctively postmodern stamp
