Politics In Palestine Arab Factionalism And Social Disintegration 1939 1948:

Politics in Palestine Issa Khalaf, 1991-09-10 This book presents a coherent picture of the origins of the Palestinian problem The author offers an analysis of factionalism in Arab society with a detailed examination of the social and political history of the Palestinian Arabs between 1939 and 1948 Khalaf weaves together the socio economic sociological political and politico military dimensions that have led to social disintegration He focuses on the role of the urban elite in perpetuating factionalism and using nationalism as a weapon to deflect opposition during a period of rapid social change For those who are concerned with peace in Israel the book provides a meaningful historical appreciation of a highly charged emotionally laden conflict

Peace Science Partha Gangopadhyay, Manas Chatterji, 2009-08-22 The process of globalisation has its own dynamics and several serious flaws that have resulted in significant economic political and social imbalances in the global political economy This book examines the implications of these imbalances for achieving lasting global peace

State, Power and Politics in the Making of the Modern Middle East Roger Owen, 2013-01-11 Roger Owen has fully revised and updated his authoritative text to take into account the latest developments in the Middle East This book continues to serve as an excellent introduction for newcomers to the modern history and politics of this fascinating region This third edition continues to explore the emergence of individual Middle Eastern states since the fall of the Ottoman Empire at the end of the First World War and the key themes that have characterized the region since then

The Glubb Reports: Glubb Pasha and Britain's Empire Project in the Middle East 1920-1956 Tancred Bradshaw, 2016-01-26 The Glubb Reports studies papers written by General Sir John Glubb the long serving British commander of the Jordanian Arab Legion It covers issues such as the role of tribes and desert control the impact of Palestine the Arab Legion s role in the first Arab Israeli war the expansion of the Arab Legion and Glubb s dismissal in 1956

Arab Responses to Fascism and Nazism Israel Gershoni, 2014-07-15 The first book to present an analysis of Arab response to fascism and Nazism from the perspectives of both individual countries and the Arab world at large this collection problematizes and ultimately deconstructs the established narratives that assume most Arabs supported fascism and Nazism leading up to and during World War II Using new source materials taken largely from Arab memoirs archives and print media the articles reexamine Egyptian Syrian Lebanese Palestinian and Iraqi responses in the 1930s and throughout the war While acknowledging the individuals forces and organizations that did support and collaborate with Nazi Germany and fascist Italy *Arab Responses to Fascism and Nazism* focuses on the many other Arab voices that identified with Britain and France and with the Allied cause during the war The authors argue that many groups within Arab societies elites and non elites governing forces and civilians rejected Nazism and fascism as totalitarian racist and most important as new more oppressive forms of European imperialism The essays in this volume argue that in contrast to prevailing beliefs that Arabs were de facto supporters of Italy and Germany since the enemy of my enemy is my friend mainstream Arab forces and currents opposed the Axis powers and supported the Allies during the war

They played a significant role in the battles for control over the Middle East

The Politics of Mass Violence in the Middle East Laura Robson, 2020-09-17 The Middle East today is characterized by an astonishingly bloody civil war in Syria an ever more highly racialized and militarized approach to the concept of a Jewish state in Israel and the Palestinian territories an Iraqi state paralyzed by the emergence of class and region inflected sectarian identifications a Lebanon teetering on the edge of collapse from the pressures of its huge numbers of refugees and its sect bound political system and the rise of a wide variety of Islamist paramilitary organizations seeking to operate outside all these states The region s emergence as a zone of violence characterized by a viciously dystopian politics of identity is a relatively recent phenomenon developing only over the past century but despite these shallow historical roots the mass violence and dispossession now characterizing Syria Lebanon Israel Palestine and Iraq have emerged as some of the twenty first century s most intractable problems In this study Laura Robson uses a framework of mass violence encompassing the concepts of genocide ethnic cleansing forced migration appropriation of resources mass deportation and forcible denationalization to explain the emergence of a dystopian politics of identity across the Eastern Mediterranean in the modern era and to illuminate the contemporary breakdown of the state from Syria to Iraq to Israel

The Palestinian National Movement Amal Jamal, 2005-06-08 A comprehensive up to date account of the dynamics in the Palestinian political arena Ann M Lesch Villanova University This innovative study examines the internal dynamics of the Palestinian political elite and their impact on the struggle to establish a Palestinian state The PLO leadership has sought to prevent the rise of any alternative in the West Bank and Gaza Strip that can challenge its authority to represent Palestinian aspirations for self determination Drawing on Palestinian sources and interviews with Palestinian political leaders Jamal argues that the Fatah leadership has attempted to mobilize new social forces local secular nationalist and Islamist movements while undermining their ability to develop independent power structures This policy has served to radicalize the younger local elites contributing to the tensions that precipitated the first and second intifadas Israel s policies have undermined the legitimacy of the national elite while enhancing the Islamist opposition s ideological legitimacy In this way internal elite disunity and growing political differentiation have worked against development of a common Palestinian strategy of state building

International History of the Twentieth Century Antony Best, 2004 Using their thematic and regional expertise four prominent authors have produced an authoritative yet accessible account of the history of international relations in the last century covering events in Europe Asia the Middle East Africa and the Americas

The Iron Cage Rashid Khalidi, 2007-09-01 At a time when a lasting peace between the Palestinians and the Israelis seems virtually unattainable understanding the roots of their conflict is an essential step in restoring hope to the region In *The Iron Cage* Rashid Khalidi one of the most respected historians and political observers of the Middle East homes in on Palestinian politics and history By drawing on a wealth of experience and scholarship Khalidi provides a lucid context for the realities on the ground today a context that has been until now notably lacking in our discourse The story of the Palestinian search to

establish a state begins in the mandate period immediately following the breakup of the Ottoman Empire the era of British control when fledgling Arab states were established by the colonial powers with assurances of eventual independence Mandatory Palestine was a place of real promise with unusually high literacy rates and a relatively advanced economy But the British had already begun to construct an iron cage to hem in the Palestinians and the Palestinian leadership made a series of errors that would eventually prove crippling to their dream of independence The Palestinians struggle intensified in the stretch before and after World War II when colonial control of the region became increasingly unpopular population shifts began with heavy Jewish immigration from Eastern Europe and power began to devolve to the United States In this crucial period Palestinian leaders continued to run up against the walls of the ever constricting iron cage They proved unable to achieve their long cherished goal of establishing an independent state a critical failure that set a course for the decades that followed right through the eras of the Palestinian Liberation Organization the Palestinian Authority and Hamas Rashid Khalidi s engrossing narrative of this torturous history offers much needed perspective for anyone concerned about peace in the Middle East

Palestinian Village Histories Rochelle Davis,2011 This book chronicles the local histories written by modern Palestinians about their villages that were destroyed in the 1948 war

Lightning through the Clouds Mark Sanagan,2020-05-03 Lightning through the Clouds is the first English language life and times biography of Izz al Din al Qassam a preeminent figure who helped to reshape the political and religious landscape of the region A Syrian born Egyptian educated cleric he went from the battlefields of World War I to join the anticolonialist fight against the French in Syria Sentenced to be executed by the French military he managed to escape to Palestine where he became an increasingly popular presence moved by the plight of the poor and disenfranchised Outraged by British rule and the encroachment of Zionism he formed a secret society to resist the colonization of Palestine first by the British and then by Jewish immigrants from Europe once again taking up arms and advocating for a moral political and military jihad as the only solution His death at the hands of Palestine Police in 1935 drew thousands to his funeral and sparked the 1936 1939 Arab Revolt His influence continues to be felt in the region for example the military wing of the Palestinian Hamas organization is named the Izz al Din al Qassam Brigades Al Qassam is either revered or reviled depending on the observers perspective but he is without doubt a fascinating and historically significant individual whose influence on the past and our present makes this examination of his life both important and timely

Blind Spot Khaled Elgindy,2019-04-02 A critical examination of the history of US Palestinian relations The United States has invested billions of dollars and countless diplomatic hours in the pursuit of Israeli Palestinian peace and a two state solution Yet American attempts to broker an end to the conflict have repeatedly come up short At the center of these failures lay two critical factors Israeli power and Palestinian politics While both Israelis and Palestinians undoubtedly share much of the blame one also cannot escape the role of the United States as the sole mediator in the process in these repeated failures American peacemaking efforts ultimately ran aground as a result of Washington s

unwillingness to confront Israel's ever deepening occupation or to come to grips with the realities of internal Palestinian politics. In particular, the book looks at the interplay between the U.S.-led peace process and internal Palestinian politics, namely how a badly flawed peace process helped to weaken Palestinian leaders and institutions and how an increasingly dysfunctional Palestinian leadership in turn hindered prospects for a diplomatic resolution. Thus, while the peace process was not necessarily doomed to fail, Washington's management of the process with its built-in blind spot to Israeli power and Palestinian politics made failure far more likely than a negotiated breakthrough. Shaped by the pressures of American domestic politics and the special relationship with Israel, Washington's distinctive blind spot to Israeli power and Palestinian politics has deep historical roots dating back to the 1917 Balfour Declaration and the British Mandate. The size of the blind spot has varied over the years and from one administration to another, but it is always present. **The Israeli-Palestinian**

Conflict R. Halwani, T. Kapitan, 2007-12-14 This book addresses the ongoing conflict among Israeli Jews and Palestinian Arabs from a philosophical perspective. The authors argue that ignoring justice and failing to address violations of rights, including the rights of both Palestinians and Israelis to live securely and freely, then a lasting solution to the conflict will remain elusive. The Makers of Modern Syria

Sami Moubayed, 2018-08-30 In the aftermath of World War I, Syria paved a path towards democracy. Initially as part of the French mandate in the Middle East and latterly as an independent republic, Syria put in place the instruments of democratic government that it was hoped would lead to a stable future. This book tells the story of Syria's formative years, using previously unseen material from the personal papers of Ahmad Sharabati, a prominent nationalist who served in different capacities during colonial times and early independence: first as minister of defense and then as minister of education. His experiences and those of others of his generation tell the story of Syria's short-lived democratic years up to the union with Egypt as the United Arab Republic between 1958 and 1961. **A Young**

Palestinian's Diary, 1941-1945 Kimberly Katz, 2009-12-03 Writing in his late teens and early twenties, Sami cAmr gave his diary an apt subtitle: *The Battle of Life*, encapsulating both the political climate of Palestine in the waning years of the British Mandate as well as the contrasting joys and troubles of family life. Now translated from the Arabic, Sami's diary represents a rare artifact of turbulent change in the Middle East. Written over four years, these ruminations of a young man from Hebron brim with revelations about daily life against a backdrop of tremendous transition. Describing the public and the private, the modern and the traditional, Sami muses on relationships, his station in life, and other universal experiences while sharing numerous details about a pivotal moment in Palestine's modern history. Making these never-before-published reflections available in translation, Kimberly Katz also provides illuminating context for Sami's words, laying out biographical details of Sami, who kept his diary private for close to sixty years. One of a limited number of Palestinian diaries available to English language readers, the diary of Sami cAmr bridges significant chasms in our understanding of Middle Eastern and particularly Palestinian history. *A Liminal Church*

Maria Chiara Rioli, 2020-08-25 The history of the Palestine War does not

only concern military history It also involves social humanitarian and religious history as in the case of the Roman Catholic Diocese of Jerusalem A Liminal Church offers a complex narrative of the Latin patriarchal diocese commonly portrayed as monolithically aligned with anti Zionist and anti Muslim positions during the long year of 1948 Making use of largely unpublished archives in the Middle East Europe and the United States including the recently released Pius XII papers Maria Chiara Rioli depicts a church engaged in multiple and sometimes contradictory pastoral initiatives amid harsh battles relief missions for Palestinian refugees theological reflections on Jewish converts to Catholicism political relations with the Israeli and Jordanian authorities and liturgical responses to a fluid and uncertain scenario The pieces of this history include the Jerusalem grand mufti s appeal to Pius XII to support the Arab cause the Catholic liturgies for peace and international mobilization during the Palestine War and Suez crisis refugees petitioning the patriarch for aid and Jewish converts establishing Christian kibbutzim New archival collections and records reveal hidden aspects of the lives of women children and other silenced actors faith communities and religious institutions during and after 1948 connecting narratives that have been marginalized by a dominant historiography more focused on military campaigns or confessional conflicts A Liminal Church weaves diocesan history with global history In the momentous decade from 1946 to 1956 the study of the transnational Jerusalem Latin diocese as split between Israel Jordan Egypt and Cyprus with ties to diaspora and religious international networks and comprising clergy from all over the world attests to the possibilities of contrapuntal narratives reintroducing complexity to a deeply and painfully polarized debate exposing false assumptions and situating changes and ruptures in a long term perspective

Arabic Thought beyond the Liberal Age Jens Hanssen,Max Weiss,2016-12-22

What is the relationship between thought and practice in the domains of language literature and politics Is thought the only standard by which to measure intellectual history How did Arab intellectuals change and affect political social cultural and economic developments from the eighteenth to the twentieth centuries This volume offers a fundamental overhaul and revival of modern Arab intellectual history Using Hourani s Arabic Thought in the Liberal Age 1798 1939 Cambridge 1962 as a starting point it reassesses Arabic cultural production and political thought in the light of current scholarship and extends the analysis beyond Napoleon s invasion of Egypt and the outbreak of World War II The chapters offer a mixture of broad stroke history on the construction of the Muslim world and the emergence of the rule of law and constitutionalism in the Ottoman empire as well as case studies on individual Arab intellectuals that illuminate the transformation of modern Arabic thought

'The House of the Priest' Sarah Irving,Charbel Nassif,Karène Sanchez Summerer,2022-05-16 The House of the Priest presents and discusses the hitherto unpublished and untranslated memoirs of Niqula Khoury a senior member of the Orthodox Church and Arab nationalist in late Ottoman and British Mandate Palestine It discusses the complicated relationships between language religion diplomacy and identity in the Middle East in the interwar period This original annotated translation and accompanying articles provide a thorough explication of Khoury s memoirs and their significance

for the social political and religious histories of twentieth century Palestine and Arab relations with the Greek Orthodox church Khoury played a major role in these dynamics as a leading member of the fight for Arab presence in the Greek dominated clergy and for an independent Palestine travelling in 1937 to Eastern Europe and the League of Nations on behalf of the national movement Contributors Sarah Irving Charbel Nassif Konstantinos Papastathis Kar ne Sanchez Summerer Cyrus Schayegh Tackling the Intractable Michael Chiller-Glaus,2007 Finding a solution to the issue of Palestinian refugees has remained the main hurdle for an Israeli Palestinian peace settlement This book represents a comprehensive political analysis of the Palestinian refugee issue It tackles the matter on four dimensions First the historical context of the Palestinian exodus in both 1948 and 1967 is reviewed Second the question is traced whether there exists a Palestinian right of return according to international law Third an examination is presented regarding how and why the issue of refugees has remained a stumbling block during the Israeli Palestinian peace talks Fourth the main part of the book analyses potential solutions to the refugee question complementing the existing proposals with models developed by the author What are their implications for both sides What are the advantages and disadvantages of each proposal to Israelis and Palestinians respectively What is the relevance of each proposal as a mutually acceptable solution Finally a set of recommendations and guide lines for future Israeli Palestinian negotiations on refugees is presented Overall this study constitutes a valuable reference for anyone interested in a solution of the most intractable aspect of the Israeli Palestinian conflict Philosophical Perspectives on the Israeli-Palestinian Conflict Tomis Kapitan,2015-06-11 This volume addresses a number of philosophical problems that arise in consideration of the century old conflict between Israeli Jews and Palestinian Arabs Consisting of essays by fifteen contributors including both Israeli and Palestinian philosophers and a lengthy introduction by the editor it deals with rights to land sovereignty self determination the existence and legitimacy of states cultural prejudice national identity intercommunal violence and religious intransigence
