Politics In The Empire State:

Politics in the Empire State Warren Moscow,1948 **New York Politics & Government** ,1998-01-01 Two values often at odds with each other competition and compassion dominate New York s political culture Since the eighteenth century New York has been known for its economic leadership and entrepreneurial opportunities Its nickname the Empire State reflects the state s continuing role as a national and international center of industry and commerce Yet New York s political culture as Daniel J Elazar has noted is paradoxically both individualistic and moralistic Compassion is extended not only toward those unable to compete in the marketplace but also toward the numerous interest groups and institutions labor business nonprofit agencies that depend on the state s largesse for their own well being This distinctive political blend can produce inconsistent yet complementary public policies such as providing tax incentives for economic development alongside liberal Medicaid benefits In this excellent overview of New York politics five distinguished scholars explore the state s paradoxical political culture examining its local regional and national components through the years **Interest Group Politics in the Northeastern States** Ronald J. Hrebienar,Clive S. Thomas,2010-11-01 **New York Politics** Edward V. Schneier,Antoinette Pole,Anthony Maniscalco,2023-03-15 New York Politics examines aspects of state government that are often hidden in the secret sessions of the parties legislative conferences the closed door budget a complicated array of opaque agencies authorities and local governments and a campaign finance system that lacks transparency New York is unique among the American states in the existence of regional and demographic divisions making it difficult to govern Edward V Schneier Antoinette Pole and Anthony Maniscalco bring clarity and understanding to the politics of the Empire State This third edition of the leading textbook on New York politics combines historical legal statistical and journalistic sources with the candid perspectives of legislators lobbyists and other public officials Critical updates and new information include an analysis of the rise and fall of Governor Andrew Cuomo coverage of growing demographic diversity in New York State and its government and the impact of unified government when the legislature and executive branch are both controlled by the Democratic Party The Government and Politics of New York State Joseph F. Zimmerman,2008-03-27 Comprehensive overview of New York State government and politics **Building the Empire State** Brian Phillips Murphy,2015-06-04 Focusing on the state of New York home to the first American banks utilities canals and transportation infrastructure projects Building the Empire State examines the origins of American capitalism by tracing how and why business corporations were first introduced into the economy of the early republic *Politics of Conflict* Vassilis Fouskas,2010-10-18 This new title provides a mixture of analytical essays maps and an A Z glossary outlining the political aspect of conflicts worldwide The Empire State Milton Martin Klein,2001 Readers from the Big Apple to Buffalo and beyond will find The Empire State which provides equal coverage to upstate and downstate events and people satisfying and informative reading A rich resource it chronicles the state through centuries of change *The International Politics of*

Eurasia: v. 10: The International Dimension of Post-communist Transitions in Russia and the New States of Eurasia S. Frederick Starr, Karen Dawisha, 2024-11-01 This ambitious ten volume series develops a comprehensive analysis of the evolving world role of the post Soviet successor states Each volume considers a different factor influencing the relationship between internal politics and international relations in Russia and in the western and southern tiers of newly independent states The collapse of the Soviet Union and the discrediting of Marxism Leninism as a source of political legitimacy have prompted a search for fresh principles of political organization that will shape the nature of political culture in all the post Soviet countries This volume focuses on the International dimension of Post communist transitions Political Power and Social Theory Diane E. Davis, Julian Go, 2009-12-21 It is time to consider changes in the field of comparative historical sociology as the discipline seeks to accommodate old and new trends as well as the transforming spatial scales in which political power and social theory are increasingly embedded This title showcases articles that pursue similar themes *Sex Scandals, Gender, and Power in Contemporary American Politics* Hinda Mandell, 2017-04-17 Examining how gender impacts political sex scandals in the United States this book explains how political sex scandals contribute to the mistrust of government and identifies why these events have serious consequences for our political system The increasing tabloidization of politics and focus on politicians involved in sex scandals is both problematic and important When a major political sex scandal occurs it occupies as much as 25 percent of all news coverage in the United States Even if people may deny it they enjoy consuming and talking about political sex scandals Written by a former journalist who has frequently explored the intersections of politics sex and gender in the United States *Sex Scandals Gender and Power in Contemporary American Politics* investigates how political sex scandals contribute to the mistrust of government and why these events have great significance in our frenzied media environment The book makes use of comprehensive descriptive data including statistics to explain how political sex scandals are a representation of society's broader gender dynamics conveying subtle messages about power and morality It addresses the roles of men and women in political sex scandals over time the increasing tabloidization of politics and the often overlooked consequences of sex scandals for the political system Author Hinda Mandell also documents how scandals multiple negative effects for the politicians themselves and for society include turning politics into a spectator sport contributing to the mistrust of government the questioning of politicians competence and judgment as a group and politicians diminishing effectiveness in office Towards the Empire State Daniel B. Karin, 1987 Politics and Violence in Eastern Africa David M. Anderson, Øystein H. Rolandsen, 2017-10-02 Over the fifty years between 1940 and 1990 the countries of eastern Africa were embroiled in a range of debilitating and destructive conflicts starting with the wars of independence but then incorporating rebellion secession and local insurrection as the Cold War replaced colonialism The articles gathered here illustrate how significant widespread and dramatic this violence was In these years violence was used as a principal instrument in the creation and consolidation of the authority of the state and it was also

regularly and readily utilised by those who wished to challenge state authority through insurrection and secession Why was it that eastern Africa should have experienced such extensive and intensive violence in the fifty years before 1990 Was this resort to violence a consequence of imperial rule the legacy of oppressive colonial domination under a coercive and non representative state system Did essential contingencies such as the Cold War provoke and promote the use of violence Or was it a choice made by Africans themselves and their leaders a product of their own agency This book focuses on these turbulent decades exploring the principal conflicts in six key countries Kenya Uganda Sudan Ethiopia Somalia and Tanzania This book was published as a special issue of the Journal of Eastern African Studies

The Anti-rent Era in New York Law and Politics, 1839-1865 Charles W. McCurdy, 2001 Anti Rent Era in New York Law and Politics 1839 1865 **The Making of the Modern State** B. Nelson, 2006-03-15 Nelson provides a historical overview of the theoretical and ideological evolution of the modern state from pre state and pre modern state formations to the present A major theme of the book is the need to understand the modern state holistically as a totality of social political and ideological factors

Current Literature, 1910 The Politics of Corruption David P. Callahan, 2022-07-05 The Politics of Corruption examines the U S presidential election of 1824 as a critical contest in the nation s political history full of colorful characters and brimming with unexpected twists This election inaugurated the transition from the sedate elitist elections of the Jeffersonian era and propelled developments toward the showier yet also more democratized presidential races that came to characterize Jacksonian America

The Republican Party fielded all five candidates in 1824 a veritable who s who of early republic notables treasury secretary William Crawford secretary of state John Quincy Adams secretary of war John C Calhoun speaker of the House Henry Clay and War of 1812 hero Andrew Jackson This book recasts the 1824 election conventionally regarded as a dull intraparty affair as one of the most exciting contests in American history Using the correspondence and diaries of the principals involved Callahan chronicles the ways in which the five candidates innovated political practices by creating dynamic organizations sponsoring energetic newspaper networks staging congressional legislative battles and spreading vicious personal attacks against each other In the end Calhoun s smear campaign fatally undermined front runner Crawford while self styled political outsider Jackson successfully equated regular politics with corruption yet still lost the contest to Washington s ultimate insider John Quincy Adams It was a defeat Jackson would not forget animating him to fundamentally change the ways American politics was conducted ever after *The Review of Reviews* Albert Shaw, 1897 **The**
