A Philosophical Anthropology Drawn from Simone Weil's Life and Writings Helen E. Cullen, 2017 A Philosophical Anthropology Drawn from Simone Weil's Life Writings situates Weil's thought in the time between the two world wars through which she lived and traces Weil's consistent conception of a mind/body dualism in the Cartesian sense to a dualism that places the mind within a carnal part of the soul and establishes an eternal part of the soul as the essence of human beings Helen Cullen argues that in Weil's early conception of human nature her Cartesian conception of perception already shows a glimpse of the eternal Weil's dualistic conception also forms the basis of her political analysis of the left of her time and through working in factories and in the fields she develops a conception of labour as a theory of action and work with a method Weil was influenced by leading thinkers of her time prompting her to do an analysis of current scientific theories Cullen argues that Weil's analysis of Christianity already present in Greek philosophy shows us a theory of identical
