**The Politics of Enlightenment** Vincenzo Ferrone,2012

Written by one of Italy's leading historians this book analyses the context and legacy of Gaetano Filangieri's seven volume *Science of Legislation*. This study engages with the unique history of Enlightenment Naples, the intellectual traditions upon which Filangieri drew and the powerful repercussions of the American Revolution in eighteenth century Italy to redraw the map of Enlightenment republicanism and the early history of human rights and their political economy. *Law, Morality, and Abolitionism* Matthew Hill, 2011-01-18 In the 1830s the abolitionist movement in the United States refashioned itself under new leadership which was determined to bring slavery to an immediate end. Too often written off by northern and southern opinion makers alike as fanatics who threatened the social and economic order in America they struggled in the face of both secular and religious defenders of the institution of slavery. Into this fray stepped Francis Wayland 1796-1865 a leading educator, noted author of textbooks on moral philosophy and economics and longtime president of Brown University. Initially a moderate on slavery Wayland with near equal fervor both denounced slavery as sinful and yet countenanced caution in respecting the laws that protected the institution. Like so many of his generation the flow of events moved him toward Unionism and forced him to confront the logic of his own moral arguments. If slavery was indeed a violation of natural rights how then could he not act on behalf of those who could not speak for themselves. This work explores his journey.

**Der Mensch und sein Recht** Otto Brusiin, Urpo Kangas, 2019 *The Decline of Mercy in Public Life* Alex Tuckness, John M. The essays examine the general question of morality and address specific areas of concern in the proposals for further integration. *Morality and Law in Canadian Politics* Alphonse De Valk, 1974 *Law, Morality, and International Armed Intervention* Mourtada Deme, 2013-10-14 International law is often manipulated in the debate about humanitarian intervention. The Liberian case provides an opportunity to challenge the UN and The Economic Community of West African States ECOWAS new approach. ECOWAS and the UN's justifications for moving away from the current norms are flawed. No enlightened person would disagree with the values of peace, democracy, human rights and economic development. This book however explores whether these goals be pursued within the current framework or outside it. **No Laws Establishing Or Prohibiting Religion** Charles Underwood, 2018-06-08 The First Amendment Religion Clause Congress shall make no law respecting an establishment of religion or prohibiting the free exercise thereof. This book takes an in depth look at the religion clause portion of the First Amendment using historical documents and letters. In chapter one examples are given of the historical reasons for why the Framers of the First Amendment the Founding Fathers thought it was necessary to list religion as part of the Bill of Rights in the manner that they did.
