The Politics of Change Michael Manley, 1974 Challenges the view that public investment patterns reflect political pressures from pro development groups Manley Prime Minister of Jamaica examines the condition of the country as a newly independent nation seeking to define a moral frame a social objective and a possible methodology for its political system He discusses imperialism human rights education productivity his own attitude toward communism socialism and drugs No bibliography Annotation copyrighted by Book News Inc Portland OR **The politics of change** Michael Norman Manley, 1975 **Book Review of The Politics of Change** Mitchell Codrington, Michael Manley, 1974 **Michael Manley and Jamaican Democracy, 1972-1980** F. S. J. Ledgister, 2014-06-05 This book examines the democratic ideas of Michael Manley Jamaican prime minister from 1972 to 1980 and again from 1989 to 1992 during his government in the 1970s Manley wrote three books during or about that period *The Politics of Change* *A Voice at the Workplace* and *Jamaica Struggle in the Periphery* The first two laid out his policy ideas regarding egalitarian democratic change and economic democracy and the third reprised those ideas and assessed their implementation and the obstacles they faced during the eight and a half years Manley served as prime minister While Manley was seen as a socialist firebrand a close examination of his ideas reveals a democratic nationalist whose motivation was love of country and a desire to promote national self confidence and egalitarianism within the framework of liberal democracy and a reformed capitalism *A Kairos Moment for Caribbean Theology* Garnett Roper, J. Richard Middleton, 2013-08-12 The project of developing a contextual theology for the Caribbean was first articulated in the early 1970s in Trinidad and Jamaica In the years since many evangelical churches and theologians in the Caribbean have been ambivalent about the validity of this project assuming that an emphasis on context was somehow antithetical to the pure gospel But the crisis of the times along with a more mature hermeneutic has led to a re evaluation of this assumption Here a group of evangelical Caribbean theologians enter the discussion with substantive proposals for how the gospel addresses the Caribbean context They are joined by other theologians from mainline Protestant and Catholic traditions in the Caribbean The result is an ecumenical dialogue on the diverse ways in which orthodox Christian faith may provide both challenge and hope for the Caribbean context Half the essays in this volume were originally presented at the Forum on Caribbean Theology held in 2010 at the Jamaica Theological Seminary the rest were invited especially for this volume **Challenges to Civil Society , The Contemporary Caribbean** Robert B. Decolonization of Psychiatry in Jamaica Frederick W. Hickling,2021-09-14 This book traces the historical postcolonial journey of four generations of Jamaican psychiatrists challenging the European colonial civilizing mission of psychiatric care It details the process of deinstitutionizing patients with chronic mental illness using psychohistoriographic cultural therapy by engaging them in creating sociodrama and poetry writing not only to express and reverse the stigma contributing to their marginalized status but also to reconnect

them to a centuries long history of oppression The author thereby demonstrates that psychological decolonization requires a seminal understanding of the complex mental inter relationship between slaves and slaveowners Further it is shown how the model analyzes the antipodal dialectic history of descendants of Africans enslaved in the New World by brutish British Imperialists suffering from the European psychosis of white supremacy Drawing together a detailed description of the sociopoem Madnificent Irations with an examination of Jamaica s political and social history and the author s personal experience this compelling work marks an important contribution to decolonial literature It will be of particular interest to students and scholars of postcolonial studies critical race theory the history of psychology and community psychology

Decolonization and the Other Sharon C. Sewell,2010-04-16 In 1962 Jamaica and Trinidad and Tobago became independent countries Barbados followed in 1966 In the years leading up to these events the history of the British West Indies was written largely by the British the colonial power who focused on the process of decolonization and the key local players involved After independence local scholars also focused on the role of political leaders in the newly independent countries To date scholars have paid little attention to the impact of these events on the local populations of these islands Decolonization and the Other The Case of the British West Indies explores the local perspectives on and reactions to events by using West Indian literature to supplement the historical record Beginning in the 1930s when local demands for political participation increased through the process of decolonization and into the early years of independence West Indian writers used their life experiences to document local reaction West Indian literature first appeared in 1950 when British publishers became interested in island authors and their novels By using the novels to supplement the historical record we can gain a better understanding of the process of decolonization and the early years of independence in the British West Indies

The Third World in the Global 1960s Samantha Christiansen, Zachary A. Scarlett, 2013 Decades after the massive student protest movements that consumed much of the world the 1960s remain a significant subject of scholarly inquiry While important work has been done regarding radical activism in the United States and Western Europe events in what is today known as the Global South Asia Africa and Latin America have yet to receive the attention they deserve This volume inserts the Third World into the study of the 1960s by examining the local and international articulations of youth protest in various geographical social and cultural arenas Rejecting the notion that the Third World existed on the periphery it situates the events of the 1960s in a more inclusive context building a richer more nuanced understanding of the era that better reflects the dynamism of the period

Quo Vadis Paul J. Erriah, 2011 Quotes from this Book Spain brought nothing to the New World except the horse and Roman Catholicism The French wished to expand the Spanish wished to hold on to everything they could the Dutch wished to be left alone the English planters wished to make money at whose expense was irrelevant and the English Government also wished to make money at the expense of the English planters in a chain of exploitation irrespective of place and people Thus the only way in which whites can protect their economic power is to accommodate to black political power which means the weakening of social distinctions associated with race Its general the Garveyite Africanist orientation did not sufficiently appreciate that it was impossible to restore a racial and tribal community and continuity violently broken for more than two hundred years Jamaican Democratic Socialism and Guyanese Cooperative Socialism can be directly traced to the appeal to the trade unions for mass support Party politics ante dated organized unionism in Trinidad thus Eric Williams collective nationalism Barbadian conservatism can be traced to its apparent socio psychological difference from the other states of the area The economy of the country floundered and the country remained in tact by massive foreign borrowing from willing lenders There also seems to be a creeping social and moral malaise in the country we obviously will have to find some means whereby the problem of trade in the world is made the subject of political management by agreement The intellectuals of the Caribbean are at arms with frustrations due to the lack of vision of their governments in implementing meaningful and cohesive policies for the national good Even the concept of MDCs and LDCs is being questioned Conflict also exists between CARICOM states with different natural resource endowments like oil and gas rich Trinidad and Tobago and the Windward Islands over the banana issue The question that must be asked is Is CARICOM running behind the metaphoric bus The Commonwealth Caribbean States should individually and collectively forge economic relations with Brazil in the vast area of the manufacturing of parts for various goods especially in light manufacturing
