## **Politics Of Denial Israel And The Palestinian Refugee Problem:**

**The Politics of Denial** Nur Masalha, 2003-10-20 The 1948 war ended in the expulsion of hundreds of thousands of Palestinians from their homes Israeli settlers moved in to occupy their land and the Palestinian refugees found themselves expelled Today there are nearly four million Palestinian refugees and they want the right to go home Since 1948 Israeli refugee policy has become a classic case of denial the denial that Zionist transfer committees had operated between 1937 and 1948 denial of any wrong doing or any historical injustice denial of the right of return denial of restitution of property and compensation and indeed denial of any moral responsibility or culpability for the creation of the refugee problem This book analyses Israeli policies towards the Palestinian refugees as they evolved from the 1948 catastrophe or nakba to the present It is the first volume to look in detail at Israeli law and policy surrounding the refugee question Drawing on extensive primary sources and previously classified archive material Masalha discusses the 1948 exodus Israeli resettlement schemes since 1948 Israeli approaches to compensation and restitution of property Israeli refugee policies towards the internally displaced present absentees and Israeli refugee policies during the Madrid and Oslo negotiations **The Politics of Denial**

Nur Masalha, 2003-10-20 Analyses Israeli policies towards Palestinian refugees from 1948 to the present *Politics and Palestinian Literature in Exile* Joseph Farag, Joseph R. Farag, 2016-11-14 Despite or even because of their tumultuous history Palestinians are renowned for being prolific cultural producers creating many of the Arab world's most iconic works of literature In particular the Palestinian short story stands out for its unique interplay between literary texts and the political and historical contexts from which they emerge *Palestinian Literature in Exile* is the first English language study to explore this unique genre Joseph Farag employs an interdisciplinary approach to examine the political function of literary texts and the manner in which cultural production responds to crucial moments in Palestinian history Drawing from the works of Samira Azzam Ghassan Kanafani and Ibrahim Nasrallah Farag traces developments in the short story as they relate to the pivotal events of what the Palestinians call the Nakba catastrophe Naksa defeat and First Intifada uprising In analysing several as yet untranslated works Farag makes an original contribution to the subject of exilic identity and subjectivity in Palestinian literature This book offers the opportunity to engage with literary works as well to learn from a literary account of history It is a subject of interest for students and scholars of both Arabic literature and Middle East studies

*International Law and the Israeli-Palestinian Conflict* Susan M. Akram, Michael Dumper, Michael Lynk, Iain Scobbie, 2010-12-23 Placing a rights based approach to the Israeli Palestinian conflict at the centre of discussions over its peaceful resolution this book provides detailed consideration of international law and its application to political issues Contributions from leading scholars in their respective fields give an in depth analysis of key issues ranging from security through legal and political frameworks to refugees and Jerusalem **Refugee Politics in the Middle East and North Africa** A. Ullah, 2014-05-15 Ahsan Ullah provides an insightful analysis of migration and displacement in the Middle East and

North Africa He examines the intricate relationship of these phenomena with human rights safety concerns and issues of identity crisis and identity formation

**The Politics of Teaching Palestine to Americans** M. Knopf-Newman,2011-11-21 Explores how American youth are indoctrinated with Zionist mythology and how to intervene in that process by teaching about Palestine It argues that as the relationship between Zionist education and the Israel lobby continues to be strong it is necessary to correct the misrepresentations that infiltrate Western culture

**The Arabs and the Holocaust** Gilbert Achcar,2010-04-13 An unprecedented and judicious examination of what the Holocaust means and doesn't mean in the Arab world one of the most explosive subjects of our time There is no more inflammatory topic than the Arabs and the Holocaust the phrase alone can occasion outrage The terrain is dense with ugly claims and counterclaims one side is charged with Holocaust denial the other with exploiting a tragedy while denying the tragedies of others In this pathbreaking book political scientist Gilbert Achcar explores these conflicting narratives and considers their role in today's Middle East dispute He analyzes the various Arab responses to Nazism from the earliest intimations of the genocide through the creation of Israel and the destruction of Palestine and up to our own time critically assessing the political and historical context for these responses Finally he challenges distortions of the historical record while making no concessions to anti-Semitism or Holocaust denial Valid criticism of the other Achcar insists must go hand in hand with criticism of oneself Drawing on previously unseen sources in multiple languages Achcar offers a unique mapping of the Arab world in the process defusing an international propaganda war that has become a major stumbling block in the path of Arab Western understanding

*Refugee Repatriation* Megan Bradley,2013-03-21 Uses the tools of political legal moral and historical analysis to describe a just return process for repatriating refugees

**Canada as a Settler Colony on the Question of Palestine** Jeremy Wildeman,M. Muhannad Ayyash,2024-02-14 Canada as a Settler Colony on the Question of Palestine explores Canada Palestine relations through a settler colonial lens The authors argue that there are direct parallels between Canada's settler colonial project and its support for the Israeli settler colonial dispossession of Palestinians Chapters reflect on community politics and activism migration orientalism and critical race theory Among its unique contributions the volume provides a fresh look at Canada's foreign policy as informed and shaped by its own history of settler colonialism The collection also illuminates the breadth and depth of Palestinian life in Canada Throughout the chapters are connected by common themes of settler colonial destruction dispossession segregation and otherness as well as accounts of people challenging those processes in search of a better and fairer world The book will be of interest to scholars in Indigenous Studies International Relations Peace and Conflict Studies Canadian Studies Palestine Studies and beyond Contributors Samer Abdelnour Nadia Abu Zahra Rachad Antonius Lina Assi M Muhannad Ayyash Peige Desjarlais Randa Farah Azeezah Kanji Maurice Jr Labelle Nadia Naser Najjab Emily Regan Wills Mira Sucharov Jeremy Wildeman Foreword by Veldon Coburn

**The Israeli Conflict System** Harvey Starr,Stanley Dubinsky,2015-07-30 The Middle East conflict system is perhaps the world's most

important and intractable problem area whose developments carry global consequences An effective investigation of the context and change in the region calls for a melding of academic approaches methods and findings with policy oriented needs The Israeli Conflict System brings together leading conflict scholars primarily from political science applying a range of advanced rigorous analytic and data gathering techniques to address this single empirical domain the contemporary Israeli Conflict System Recognising the causal complexity of this conflict system the volume s central theme is that the system s current conditions are best understood in their broader temporal historic cultural linguistic and spatial geographic contexts Through the lens of economic geographic historical linguistic and political analyses and the application of data analysis experiments simulations and models of rational choice this volume shows how diverse disciplinary perspectives and methodologies can complement each other effectively In this way its chapters provide a model for the integration of factors and contexts necessary for understanding contemporary world politics and a sampling of theories approaches and methods that are applicable useful or valid under different conditions This book offers a cutting edge resource for scholars and students of Political Science International Relations Conflict Studies and Middle East Studies     **Stolen Nation** Lena

El-Malak,2024-11-28 While Palestinians continue to face the threat of expulsion from their homes identifying legal mechanisms that can be used to assert Palestinian s property rights is needed more than ever This book provides a legal analysis of the right to reparation of Palestinian refugees under international law for the destruction and expropriation of their property during the Nakba Discussing the legal landscape related to property ownership prior to the creation of the State of Israel and the legal basis for the right to reparation under international law Lena El Malak advocates for a law based approach to enforce this right and the form it should take The book demonstrates how the legal rights of Palestinian refugees specifically as related to their properties have been marginalized and excluded from the political discourse of the peace process Here the legal rights of Palestinian refugees are demonstrated challenges for invoking these rights in international and domestic courts are determined and forms of restitution and compensation outlined This study offers a timely contribution to provide a comprehensive legal as opposed to a political economic or historical analysis of the right to reparation of Palestinian refugees for their property losses Additionally the book seeks to demonstrate the importance of adopting a legal framework in any future negotiation for a peaceful resolution to this long standing struggles for liberation

**Placing Critical Geography** Lawrence D. Berg,Ulrich Best,Mary Gilmartin,Henrik Gutzon Larsen,2021-11-29 This book explores the multiple histories of critical geography as it developed in 14 different locations around the globe whilst bringing together a range of approaches in critical geography It is the first attempt to provide a comprehensive account of a wide variety of historical geographies of critical geography from around the world Accordingly the chapters provide accounts of the development of critical approaches in geography from beyond the hegemonic Anglo American metropolises Bringing together geographers from a wide range of regional and intellectual milieus this volume provides a critical overview that is

international and illustrates the interactions or lack thereof between different critical geographers working across a range of spaces The chapters provide a more nuanced history of critical geography suggesting that while there were sometimes strong connections with Anglo American critical geography there were also deeply independent developments that were part of the construction of very different kinds of critical geography in different parts of the world Placing Critical Geographies provides an excellent companion to existing histories of critical geography and will be important reading for researchers as well as undergraduate and graduate students of the history and philosophy of geography

**Palestinian-Israeli Contact and Linguistic Practices** Nancy Hawker, 2013-06-07 Offering insight into linguistic practices resulting from different kinds of Palestinian Israeli contact this book examines a specific conceptualisation of the link between the political and economic contexts and human practices or between structure and agency termed articulation The contexts of the military occupation a shared consumer market controlled cheap labour migration and the provision of social services supply the setting for power relations between Israelis and Palestinians which give rise to a variety of linguistic practices Among these practices is the borrowing of Hebrew words and phrases for use in Palestinians Arabic speech Hebrew borrowings can demarcate in groups signal aspirations to a modern lifestyle and give a political edge to humour Nancy Hawker's explanation for these practices moves away from the notions of conflict and national identity and gives prominence to Palestinian and Israeli ideologies that inform the conceptual experience of Palestinians Addressing an understudied linguistic situation Palestinian Israeli Contact and Linguistic Practices brings us documentation and analysis of recent casework firmly anchored in empirical results from fieldwork in three refugee camps in the Occupied Palestinian Territories Combining sociolinguistics with politics economics sociology and philosophy this book will be of great interest to students and scholars of Middle East Studies Linguistics and Political Theory

**Memory and Genocide** Fazil Moradi, Ralph Buchenhorst, Maria Six-Hohenbalken, 2017-04-07 This book focuses on the ethical aesthetic and scholarly dimensions of how genocide related works of art documentary films poetry and performance museums and monuments music dance image law memory narratives spiritual bonds and ruins are translated and take place as translations of acts of genocide It shows how genocide related modes of representation are acts of translation which displace and produce memory and acts of remembrance of genocidal violence as inheritance of the past in a future present Thus the possibility of representation is examined in light of what remains in the aftermath where the past and the future are inseparable companions and we find the idea of the untranslatability in acts of genocide By opening up both the past and lived experiences of genocidal violence as and through multiple acts of translation this volume marks a heterogeneous turn towards the future and one which will be of interest to all scholars and students of memory and genocide studies transitional justice sociology psychology and social anthropology

**Lincoln's Political Ambitions, Slavery, and the Bible** Edwin D. Freed, 2012-07-01 Abraham Lincoln did not take his family Bible to the White House And the reason he did not use the Bible in his first inaugural address was not because it failed to arrive in his baggage Freed concentrates on

what Abraham Lincoln himself says instead of what others say about him which yields insights into understanding Lincoln's speech before the Young Men's Lyceum his reply to the Loyal Colored People of Baltimore and his Second Inaugural Address The author shows that much of what has been written about Lincoln's knowledge of the Bible and its influence on his thought is myth Although his language was replete with vocabulary from the Bible Lincoln's knowledge of it was superficial and he did not use the Bible to promote religion He was always a politician but with a moral sensitivity With the Declaration of Independence and the US Constitution he used the Bible to help him achieve his political ambitions and to support the emancipation of slaves A unique book on a subject never treated so thoroughly this is a must read for all Lincoln admirers

**Quakers in the Israeli-Palestinian Conflict** Nancy Elizabeth Gallagher, 2007 Early efforts by peacemakers in the world's longest refugee crisis

**Decolonizing the Study of Palestine** Ahmad H. Sa'di, Nur Masalha, 2023-06-15 Writing about Palestine and the Palestinians continue to be controversial Until the late 1980s the question of Palestine was approached through Western social theories that had appeared after World War 2 This endowed European settlers and colonists the mission of guiding the backward natives of Palestine to modernity However since the work of Palestinian scholar Elia Zureik the study of Israel and the ethnic relations in Palestine Israel has been radically shifted Building on Zureik's work this book studies the colonial project in Palestine and how it has transformed Palestinians' lives Zureik had argued that Israel was the product of a colonization process and so should be studied through the same concepts and theorization as South Africa Rhodesia Australia and other colonial societies He also rejected the moral and civilizational superiority of the European settlers Developing this work the contributors here argue that colonialism is not only a political economic system but also a mode of life and consciousness which has far reaching consequences for both the settlers and the indigenous population Across 13 chapters in addition to the introduction and the afterward the book covers topics such as settler colonialism dispossession the separation wall surveillance technologies decolonisation methodologies and popular resistance Composed mostly of Palestinian scholars and scholars of Palestinian heritage it is the first book in which the indigenous Palestinians not merely write back but principally aim to lay the foundations for decolonial social science research on Palestine

**The Ethnic Cleansing of Palestine** Ilan Pappé, 2007-09-01 The book that is providing a storm of controversy from Israel's bravest historian John Pilger Renowned Israeli historian Ilan Pappé's groundbreaking work on the formation of the State of Israel Along with the late Edward Said Ilan Pappé is the most eloquent writer of Palestinian history NEW STATESMAN Between 1947 and 1949 over 400 Palestinian villages were deliberately destroyed civilians were massacred and around a million men women and children were expelled from their homes at gunpoint Denied for almost six decades had it happened today it could only have been called ethnic cleansing Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war Ilan Pappé offers impressive archival evidence to demonstrate that from its very inception a central plank in Israel's founding ideology was the forcible removal of the

indigenous population Indispensable for anyone interested in the current crisis in the Middle East Ilan Pappé is Israel's bravest most principled most incisive historian JOHN PILGER Pappé has opened up an important new line of inquiry into the vast and fateful subject of the Palestinian refugees His book is rewarding in other ways It has at times an elegiac even sentimental character recalling the lost obliterated life of the Palestinian Arabs and imagining or regretting what Pappé believes could have been a better land of Palestine TIMES LITERARY SUPPLEMENT A major intervention in an argument that will and must continue There's no hope of lasting Middle East peace while the ghosts of 1948 still walk INDEPENDENT

*Rethinking Statehood in Palestine* Leila H. Farsakh, 2021-10-26 A free open access ebook is available upon publication Learn more at [www.luminosoa.org](http://www.luminosoa.org) The quest for an inclusive and independent state has been at the center of the Palestinian national struggle for a very long time This book critically explores the meaning of Palestinian statehood and the challenges that face alternative models to it Giving prominence to a young set of diverse Palestinian scholars this groundbreaking book shows how notions of citizenship sovereignty and nationhood are being rethought within the broader context of decolonization Bringing forth critical and multifaceted engagements with what modern Palestinian self-determination entails *Rethinking Statehood* sets the terms of debate for the future of Palestine beyond partition Human Capital Laura Robson, 2023-11-28 HOW GLOBAL HUMANITARIANISM TURNS REFUGEES INTO CHEAP LABOR Historian Laura Robson unveils the dark heart of our purportedly humanitarian international regime Tracing the century long history of attempts to remake refugees into disposable migrant labor Robson elucidates global humanitarianism's deep-seated commitment to refugee exploitation and containment Surveying more than a hundred years of policy across the globe Robson captures the travails of Balkan refugees in the late Ottoman Empire Roosevelt's secret plans to use German Jewish refugees as laborers in Latin America and contemporary European efforts to deploy Syrians as low-wage workers in remote regions of Jordan The advent of internationalist refugee aid has long been told as an inspirational story in which reformers fought tirelessly for a system that would recognize and guarantee the rights of displaced and dispossessed people But as Robson demonstrates the motives behind modern refugee policy can be mercenary Refugees have become easy prey for global industrial capitalism
