Politics Of Language In Australia:

The Politics of Language in Australia Uldis Ozolins, 1993-05-28 This book traces language policy in Australia from World War II to the present examining the changes in government policy over this time and changes in major public institutions due to the presence of these languages The major focus is on changes in the education and broadcasting systems with attention also to interpreting translating industrial relations and the role of languages in diplomacy and trade Dr Ozolins places language in the context of multicultural politics and shows that government language policies that were once prompted by suspicion now accept and even encourage cultural and linguistic maintenance In fact Australia has introduced many innovations of international significance in language policy particularly with the National Language Policy announced in 1987 This policy marked a decisive change in political assumptions toward languages in postwar Australia because it recognized the importance of languages other than English

Tertiary Language Teacher-Researchers Between Ethics and Politics Chantal Crozet, Adriana R. Díaz, 2020-02-05 Bringing together a range of perspectives from tertiary language and culture teachers and researchers this volume highlights the need for greater critical engagement with the question of language teacher identity agency and responsibility in light of an ever changing global socio political and cultural landscape The book examines the ways in which various moral ethical and ideological dimensions increasingly inform language teaching practice for tertiary modern foreign language teachers both collectively as a profession but also at the individual level in everyday classroom situations Employing a narrative inquiry research approach which combines brief autobiographical reflections with semi structured interview data the volume provides a comprehensive portrait of the processes ten teacher researchers in Australia working across five different languages engage in as they seek to position themselves more purposefully within a critical political and ethical framework of teaching practice The book will serve as a springboard from which to promote greater understanding and discussion of the impact of globalisation and social justice corollaries within the field as well as to mediate the gap between language teaching theory and practice making this key reading for graduate students and researchers in intercultural communication language teaching and language teacher education

Chinese Diaspora Politics in Australia Abigail Young, 2025-04-21 Integrating theory on diaspora politics and the growing academic area of non state transnational repression Young charts the historical and political evolution of the Chinese diaspora and examines Australia s approach to national security policies In recent decades Chinese migration has increased exponentially in Australia For a society that has largely accepted racial homogeneity as a precursor to nationhood contemporary Chinese migrants must find unique transnational spaces where they can belong in the hostland while maintaining important connections to the homeland Young identifies the emergence of transnational social governance a form of control that is perpetrated by the contemporary patriotic Chinese migrant the xinqiao against other Chinese migrants in Australia It is a phenomenon facilitated by a feedback loop of the non welcoming Australian society and well established co

ethnic spaces allowing for xinqiao to dominate Chinese diasporic communities and transfer Chinese Communist Party CCP aligned narratives Drawing upon statistical data and interview based case studies this book provides a comprehensive contextual and epistemological examination of the politics of the Chinese diaspora in Australia A valuable resource for scholars students researchers and professionals interested in the academic and popular perspectives of diaspora politics affecting Australia China relations [APAIS 1991: Australian public affairs information service](#) , *Critical Perspectives on Language Education* Katie Dunworth, Grace Zhang, 2014-07-24 The studies in this volume investigate how multilingual education involves a critical engagement with questions of identity and culture and a movement towards new ways of being and belonging It addresses previously under explored issues in particular the integration of theories like thirdness and practices of language education and maintenance with relevance to the Asia Pacific region The analyses reveal the delicate balance of interests of all stakeholders and offer detailed insights into the reality of multilingual education with specific examples of Chinese English Japanese and Tamil In a globalised world effective language education has become increasingly important and the studies presented here have the potential to inform and advance evidence based multilingual education through adding important dimensions of theoretical exploration and refreshing empirical resources [Languages other than English in Australian Higher Education](#) Jennifer Joan Baldwin, 2019-01-29 This book researches the study of languages other than English and their place in the Australian tertiary sector Languages are discussed in the context of the histories of Australian universities and the series of reports and surveys about languages across the second half of the twentieth century It demonstrates how changes in the ethnic mix of society are reflected in language offerings and how policies on languages have changed as a result of societal influences Also discussed is the extent to which influencing factors changed over time depending on social cultural political and economic contexts and the extent to which governments prioritised the promotion and funding of languages because of their perceived contribution to the national interest The book will give readers an understanding as to whether languages have mattered to Australia in a national and international sense and how Australia's attention to languages has been reflected in its identity and its sense of place in the world **Language - Nation - Identity** Elizaveta Khachatryan, 2015-06-18 Is language one of the main components of national identity How does it define one's national identity Does its role change for each nation These are the crucial questions that are explored in this volume which describes the Nation Identity dyad through the prism of language The centuries old theory on the role language plays in shaping national identity is discussed here in a new perspective appropriate to the 21st century The analysis is provided from various points of view and details changes in the relationship between these three elements language nation and identity in different historical social and linguistic contexts The book looks at several different languages in its analysis such as English Portuguese French Spanish and Italian It brings together a wide variety of approaches to the linguistic educational system in a multilingual Africa and in countries with a rich migration history like Australia and United States It also discusses the role

literature and textbooks play in shaping the sense of national belonging The answers to the central questions described above are both highly individual and very general but will no doubt stimulate the reader s reflection about me and the other

psychological processes The nexus between migration and translation the central concern of this Handbook challenges limited conceptualisations of identity and belonging thereby also exposing the limitations of monolingual monocultural models of nationhood Through a diverse range of approaches and methodologies individual chapters investigate specific historical circumstances and illustrate the need for an intersectional approach to questions of language access and language mediation With its range of approaches and case studies the volume highlights the inherently political nature of translation and its potential to shape social and cultural inclusion emphasising the crucial role of language and translation in informing professional practices institutional policies educational approaches and community attitudes towards migration By bringing together perspectives from both researchers and creative practitioners this book makes an innovative contribution to ongoing global discussions on linguistic hospitality and diversity ideal for those pursuing postgraduate and doctoral studies in translation studies linguistics international studies and cultural studies

Intersections in Language Planning and Policy Jean Fornasiero, Sarah M. A. Reed, Rob Amery, Eric Bouvet, Kayoko Enomoto, Hui Ling Xu, 2020-09-28 This volume encompasses the range of issues encountered by language scholars who teach and research in departments of languages and cultures within the higher education system predominantly in Australia but touching other universities worldwide Related studies on language planning methodology or pedagogy have focused on one or more of these same issues but rarely on their totality Intersections as a metaphor running discreetly through the essays in this volume connects them all to a lived reality The field of languages and cultures as it is practised and reflected upon in Australian universities is essentially an interdisciplinary and interconnecting space one in which linguistic and disciplinary diversities meet and join forces rather than collide or disperse along different pathways The international and local studies featured here focus on language planning new pedagogies and language reclamation and link to meeting points and commonalities They show that language scholars are increasingly finding themselves on common ground as they tackle issues of policy and practice affecting their field whether within their institutions within the tertiary system or within the framework of government policy
