Politics Of London Governing An Ungovernable City:

The Politics of London Tony Travers, 2017-05-26 Interest in the governance of London has remained high in the years following the election of a London mayor and all the twists and turns of Mayor Livingstone's term of office including struggles with Whitehall and the boroughs Written by a leading authority *The Politics of London* provides a definitive critique of the politics administration and government of one of the world's leading cities and recommends major changes to the capital's government to address its longstanding crisis of governability

The politics of Englishness Arthur Aughey, 2013-07-19 The politics of Englishness provides a digest of the debates about England and Englishness and a unique perspective on those debates Not only does the book provide readers with ready access to and interpretation of the significant literature on the English Question it also enables them to make sense of the political historical and cultural factors which constitute that question The book addresses the condition of England in three interrelated parts The first looks at traditional narratives of the English polity and reads them as variations of a legend of political Englishness of England as the exemplary exception exceptional in its constitutional tradition and exemplary in its political stability The second considers how the decay of that legend has encouraged anxieties about English political identity and about how English identity can be recognised within the new complexity of British governance The third revisits these narratives and anxieties examining them in terms of actual and metaphorical locations of Englishness the regional the European and the British

[London's Mayor at 20](#) Jack Brown, Richard Brown, Tony Travers, 2020-11-24 This year London's elected mayor and assembly turn twenty But has London's mayoralty lived up to the expectations that were set for it Have its three mayors been able to get to grips with the city's challenges How have they responded to crises in the past and what does the future hold This important new book marks the twentieth anniversary of London's mayor and assembly and investigates the relative successes and challenges of the mayoralty to date before asking what comes next for London It combines analysis by experts with reflections from those closely involved in setting up running and working with the Greater London Authority alongside those who have held the position of Mayor of London themselves

The City as a Global Political Actor Stijn Oosterlynck, Luce Beeckmans, David Bassens, Ben Derudder, Barbara Seghaert, Luc Braeckmans, 2018-10-10 This book engages with the thorny question of global urban political agency It critically assesses the now popular statement that in the context of paralysed and failing nation state governments cities can and will provide leadership in addressing global challenges Cities can act politically on the global scale but the analysis of global urban political agency needs to be firmly embedded in the field of urban studies Collectively the chapters in this volume contextualize urban agency in time and space and pluralize it by looking at how urban agency is nurtured through coalitions between a wide range of public and private actors The authors develop and critically assess the conceptual underpinnings of the notion of global urban political agency from a variety of theoretical and disciplinary perspectives The second part contains several theoretically informed empirical analyses of global urban political

agency in cities around the globe This book geographically expands analysis by looking beyond global cities in diverse contexts It is highly recommended reading for scholars in the fields of international relations and urban studies who are looking for an interdisciplinary and empirically grounded understanding of global urban political agency in a diversity of contexts and a plurality of forms

Law, Localism, and the Constitution John Stanton, 2023-03-24 Local government affects us all Wherever we live in towns cities villages or the smallest of communities there are locally elected councils tasked with representing people s interests in the running of the local area This involves inter alia providing public services maintaining local spaces and acting as a level of democratic governance within the broader constitutional and executive structure of the state To fulfil these responsibilities though local government must be democratically legitimate it must have at its disposal reasonable means and resources to function and it must enjoy a healthy and balanced relationship with centralised government This book explores and analyses the extent to which local government in the different parts of the United Kingdom is able to function effectively and democratically It draws from local councillors views in analysing the state of local government under the current constitutional and governmental arrangements discussing issues such as councils relationships with central government citizen engagement finance and public services and the impact of recent reforms It contrasts and compares the different approaches adopted in England Scotland Wales and Northern Ireland also setting out and discussing possible reforms of local government across the United Kingdom While the focus is on the United Kingdom the work includes a comparison with other relevant jurisdictions

Spaces of Congestion and Traffic David Rooney, 2018-09-03 This book provides a political history of urban traffic congestion in the twentieth century and explores how and why experts from a range of professional disciplines have attempted to solve what they have called the traffic problem It draws on case studies of historical traffic projects in London to trace the relationship among technologies infrastructures politics and power on the capital s congested streets From the visions of urban planners to the concrete realities of engineers and from the demands of traffic cops and economists to the new world of electronic surveillance the book examines the political tensions embedded in the streets of our world cities It also reveals the hand of capital in our traffic landscape This book challenges conventional wisdom on urban traffic congestion deploying a broad array of historical and material sources to tell a powerful account of how our cities work and why traffic remains such a problem It is a welcome addition to literature on histories and geographies of urban mobility and will appeal to students and researchers in the fields of urban history transport studies historical geography planning history and the history of technology

The Political Ecology of the Metropolis Jefferey M. Sellers, Daniel Kübler, R. Alan Walks, Melanie Walter-Rogg, 2013 A growing majority of humanity lives in sprawling interconnected urban regions Diversified metropolitan geographies have replaced the centuries old divide between urban and rural areas and transformed the local sources of electoral politics The resulting patterns of electoral support and participation have shifted axes of partisan competition to the right This volume undertakes the first

international comparative analysis of metropolitan political behaviour The results support a powerful new thesis to explain many recent shifts in political behaviour the metropolitanisation of politics Politics UK Bill Jones, Philip Norton, 2014-06-20 The revised and updated eighth edition of the bestselling textbook Politics UK is an indispensable introduction to British politics It provides a thorough and accessible overview of the institutions and processes of British government a good grounding in British political history and an incisive introduction to the issues facing Britain today With contributed chapters from respected scholars in the field and contemporary articles on real world politics from well known political commentators this textbook is an essential guide for students of British politics The eighth edition welcomes brand new material from eight new contributors to complement the rigorously updated and highly valued chapters retained from the previous edition The eighth edition includes Britain in context boxes offering contrasting international perspectives of themes in British politics A comprehensive who's who of politics in the form of Profile boxes featuring key political figures And another thing pieces short articles written by distinguished commentators including Jonathan Powell Michael Moran and Mark Garnett Fully updated chapters plus new material providing excellent coverage of contemporary political events including The Leveson Inquiry the aftermath of the 2011 riots and the House of Lords reform A vibrant and accessible new design to excite and engage students as they work through a variety of political topics A new epilogue to the book offering a critical perspective of the trials and tribulations of the Coalition Government including an overview of the major differences that divide the coalition partners

'Whither regional studies?' Andy Pike, 2013-09-13 Regional studies are at a vibrant conjuncture Regions continue to provide a conceptual and analytical focus for often overlapping concerns with economic social political cultural and ecological change In the context of increased interest in inter and multi disciplinary approaches regions remain an arena in which synthesis across disciplines economics geography planning politics and sociology can take place Yet recent work has raised fundamental questions about how we think about and research regions and regional change development governance and regulation First emergent conceptual ideas have introduced new thinking about space place and scale that interprets regions as unbounded relational spaces This work has disturbed notions of regions as bounded territories and questioned hierarchical systems of scale through more complex multi scalar approaches Second research methodology has grown in sophistication and sensitivity but remains somewhat polarised between the binaries of positivist often quantitative and more theoretically diverse typically qualitative approaches Last regional governance policy and politics are wrestling with the conceptual methodological and political complexities of new modes and geographies of governance and emergent multi agent and multi level institutional architectures This book brings together important voices in regional studies to contribute to and reflect upon these current issues and debates While we are at an early stage in beginning to think through what such conceptual theoretical methodological governance policy and political innovations and developments mean for regional studies the magnitude and resonance of such issues underpin the vitality of research on the

region This book was published as a special issue of Regional Studies *The Oxford Handbook of British Politics* Matthew Flinders, 2009-07-16 The Oxford Handbook of British Politics provides the most sophisticated and up to date analysis of British politics to date Essential for all those working in the area **Congestion Charging in London** Martin G. Richards, 2005-11-29 Ken Livingstone was elected Mayor of London on a platform that included a congestion charge for central London a policy that became reality on 17 February 2003 Richards uses his experience as Director of a 2.5 million Government congestion charging study as one of those who created the scheme Livingstone adopted and as advisor to the London Assembly to provide a critical record of the introduction of the London Congestion Charge and of its implications for congestion charging elsewhere **Small Business and the City** Rafael Gomez, Andre Isakov, Matthew Semansky, 2015-02-26 In *Small Business and the City* Rafael Gomez Andre Isakov and Matt Semansky highlight the power of small scale entrepreneurship to transform local neighbourhoods and the cities they inhabit Studying the factors which enable small businesses to survive and thrive they highlight the success of a Canadian concept which has spread worldwide the Business Improvement Area BIA BIAs allow small scale entrepreneurs to pool their resources with like minded businesses becoming sources of urban rejuvenation magnets for human talent and incubators for local innovation in cities around the globe *Small Business and the City* also analyses the policies necessary to support this urban vitality describing how cities can encourage and support locally owned independent businesses An inspiring account of the dynamism of urban life *Small Business and the City* introduces a new main street agenda for the twenty first century city *The Return of England in English Literature* M. Gardiner, 2012-08-07 This lively study provides an account of the fall and rise of the English nation within the British discipline of English Literature between the late eighteenth century and the present day offering a reconceptualisation of the relationship between English Literature and the formation of English cultural identity **Law and Administration** Carol Harlow, Richard Rawlings, 2021-07-22 *Law and Administration* takes a contextual approach to administrative law setting law and legal rules in the context of the social political and economic forces that shape the law and of the complex constitutional framework in which contemporary administrative law operates This book contains a full account of judicial review the traditional heartland of administrative law and adds to this by taking into account the concerns of government officials and agencies who operate and shape the law It also looks at the possible future of administrative law in an increasingly automated and digitalised world A fully revised and updated new edition this book includes new case studies of regulatory agencies and government contracting to develop understanding of law in practice Spatial Planning and Governance Mark Tewdwr-Jones, 2017-08-24 A major new introduction to the UK planning system It outlines the evolution and use of the new spatial planning approach which is increasingly adopted at all levels of the UK planning system from European through to the national regional sub regional and local level **Cities as Political Objects** Alistair Cole, Renaud Payre, 2016-12-30 Focusing on the city's role as the nexus for new forms of relationships between politics

economics and society this fascinating book views the city as a political phenomena Its chapters unravel the city s plural histories contested political legal and administrative boundaries and its policy making capacity in the context of multi level and market pressures

The Constitution of English Literature Michael Gardiner,2013-09-12 Michael Gardiner examines the ideology of the discipline of English Literature arguing that it is intimately linked with the emergence of the English State

Leading the localities Colin Copus,2013-07-19 This book now available in paperback is the result of national research conducted amongst England s directly elected mayors and the councillors that serve alongside them It is the first such major publication to assess the impact on local politics of this new office and fills a gap in our understanding of how the Local Government Act 2000 has influenced local governance The book also draws from a range of research that has focused on elected mayors in England and overseas to set out how the powers roles and responsibilities of mayors and mayoral councils would need to change if English local politics is to fundamentally reconnect with citizens It not only explores how English elected mayors are currently operating but how the office could develop and as such is a major contribution to the debate about the governance of the English localities
