Politics Of Presence Democracy And Group Representation

Robert E. Goodin

Politics Of Presence Democracy And Group Representation:

The Politics of Presence Anne Phillips, 1998-10-01 One of the most hotly contested debates in contemporary democracy revolves around issues of political presence and whether the fair representation of disadvantaged groups requires their presence in elected assemblies Representation as currently understood derives its legitimacy from a politics of ideas which considers accountability in relation to declared policies and programmes and makes it a matter of relative indifference who articulates political preferences or beliefs But what happens to the meaning of representation and accountability when we make the gender or ethnic composition of elected assemblies an additional area of concern In this innovative contribution to the theory of representation which draws on debates about gender quotas in Europe minority voting rights in the USA and the multi layered politics of inclusion in Canada Anne Phillips argues that the politics of ideas is an inadequate vehicle for dealing with political exclusion But rejecting any essentialist grounding to group identity or group interest she also argues against any either/or choice between ideas and political presence The politics of presence then combines with contemporary explorations of deliberative democracy to establish a different balance between accountability and autonomy Series description Oxford Political Theory presents the best new work in contemporary political theory It is intended to be broad in scope including original contributions to political philosophy and also work in applied political theory The series contains work of outstanding quality with no restriction as to approach or subject matter The series editors are David Miller and Alan Ryan the latest thoughtful contribution in Anne Phillip's ongoing enquiry into issues of equality gender and democracy an excellent contribution to democratic theory Political Studies *Democracy* Ricardo Blaug, John J. Schwarzmantel, 2000 At a time when democracy appears to be universally acclaimed as the only acceptable form of government it is all the more necessary to be clear about what democracy means Democracy A Reader provides a range of pivotal statements on this important topic from supporters and defenders as well as critics and skeptics **A-Z Guide to Modern Social and Political Theorists** Professor Stuart Sim, Noel Parker, 2014-06-03 The A Z Guide to Modern Social and Political Theories is a companion volume to the already published A Z Guide to Modern Literary and Cultural Theorists It ranges widely through the social sciences and related areas to identify thinkers who have had a major impact on the development of modern social and political theory and given clear accessible summaries of their work While the accent is on the later twentieth century several up and coming theorists are included to ensure a contemporary edge to the volume classic names in the field from the earlier twentieth century are not neglected and the collection also delves back into the nineteenth century for such founding figures of the social sciences as Marx and Comte The volume is therefore both up to date and mindful of the sources of modern debates **Democratic Theorizing from the Margins** Marla Brettschneider, 2011-02-07 A clear account of the lessons and theories of democratic culture [Social Justice through Inclusion](#) Francesca R. Jensenius, 2017-06-30 What are long term effects of India's extensive electoral quota systems This book's insightful discussions backed by rich empirical data

show how the quotas have shaped incentives for politicians parties and voters and indicate the trade offs inherent in how such policies of group inclusion are designed *Innovating Democracy* Robert E. Goodin, 2008-07-10 In recent years democratic theory has taken a deliberative turn Instead of merely casting the occasional ballot deliberative democrats want citizens to reason together They embrace talk as a decision procedure But of course thousands or millions of people cannot realistically talk to one another all at once When putting their theories into practice deliberative democrats therefore tend to focus on mini publics usually of a couple dozen to a couple hundred people The central question then is how to connect micro deliberations in mini publics to the political decision making processes of the larger society In *Innovating Democracy* Robert Goodin surveys these new deliberative mechanisms asking how they work and what we can properly expect of them Much though they have to offer they cannot deliver all that deliberative democrats hope Talk Goodin concludes is good as discovery procedure but not as a decision procedure His slogan is First talk then vote Micro deliberative mechanisms should supplement not supplant representative democracy Goodin goes on to show how to adapt our thinking about those familiar institutions to take full advantage of deliberative inputs That involves rethinking who should get a say how we hold people accountable how we sequence deliberative moments and what the roles of parties and legislatures can be in that Revisioning macro democratic processes in light of the processes and promise of micro deliberation *Innovating Democracy* provides an integrated perspective on democratic theory and practice after the deliberative turn *The Politics of Democratic Inclusion* Christina Wolbrecht, Rodney E. Hero, 2005 How institutions foster and hinder political participation of the underrepresented *Accountability and European Governance* Deirdre Curtin, Peter Mair, Yannis Papadopoulos, 2014-01-02 In recent years there has been a considerable effort in some transnational organizations and institutions to confront a crisis of legitimacy by promising more accountability and openness This volume takes as its central focus the role of accountability in democratic governance and attempts to position a broad understanding of the notion of accountability within the overall context of the evolving political system of governance in Europe and in particular of the European Union Bringing together new work by some of the leading scholars in the field this volume considers the relationship between accountability and a wide range of other themes in European governance such as problems of representation transparency bureaucracy and transnational relations The volume also deals with the role of accountability in multi level governance and its relationship to both direct democracy and civil society This book was published as a special issue of *West European Politics* *The Politics of Presence* Anne Phillips, 1995-10-05 Provides a ground breaking contribution to the widespread and controversial debate about how disadvantaged groups should be represented in politics One of the most hotly debated debates in contemporary democracy revolves around issues of political presence and whether the fair representation of disadvantage groups requires their presence in elected assemblies Representation as currently understood derives its legitimacy from a politics of ideas which considers accountability in relation to declared policies and programmes and makes it a matter of relative indifference who

articulates political preferences or beliefs What happens to the meaning of representation and accountability when we make the gender or ethnic composition of elected assemblies an additional area of concern In this innovative contribution to the theory of representation which draws on debates about gender quotas in Europe minority voting rights in the USA and the multi layered politics of inclusion in Canada Anne Phillips argues that the politics of ideas is an inadequate vehicle for dealing with political exclusion But eschewing any essentialist grounding the group identity or group interest she also argues against any either or choice between ideas and political presence The politics of presence then combines with contemporary explorations of deliberative democracy to establish a different balance between accountability and autonomy **The New**

Politics of Gender Equality Judith Squires, 2007-09-11 During the past decade governments around the globe have introduced institutional mechanisms to promote the advancement of women including measures to increase women s political participation rates and to incorporate women s interests into policy making Why have they done so How successful have these initiatives been What are the emerging agendas facing gender equality advocates now In *The New Politics of Gender Equality* Judith Squires examines the origins evolution and key features of three strategies that have been employed across the world in pursuit of gender equality quotas policy agencies and gender mainstreaming The author critically examines each strategy to see how far they transform political institutions and agendas and to what extent they lead rather to the assimilation of women in male defined structures Squires argues that a multi pronged approach drawing on democratic rather than technocratic strategies offers the best potential for advancing gender equality She highlights too the limitations of approaches that ignore inequalities among women and the challenges of developing equality initiatives to address multiple and cross cutting inequalities between groups Judith Squires is Professor of Political Theory University of Bristol She has written researched and published widely in the field of gender politics and gender equality Feminist Democratic

Representation Karen Celis, Sarah Childs, 2020-09-10 Popular consensus holds that if enough women are present in political institutions they will represent women s interests however such generalized assumptions are frequently queried on theoretical grounds and consistently shown to be conditional in practice In this book Karen Celis and Sarah Childs address women s poverty of political representation with a new feminist account of democratic representation Celis and Childs rethink and redesign representative institutions taking ideological and intersectional differences as their starting point Inclusive responsive and egalitarian representation for all women demands a new category of representatives in parliaments the affected representatives of women those who are epistemologically and experientially close to differently affected women Affected representatives advocate within political institutions and publicly hold elected representatives to account transforming representational effects deepening relationships between women and their democratic institutions

Reflective Democracy Robert E. Goodin, 2003-02-13 Democracy used to be seen as a relatively mechanical matter of merely adding up everyone s votes in free and fair elections That mechanistic model has many virtues among them allowing

democracy to track the truth where purely factual issues are all that is at stake Political disputes invariably mix facts with values however and then it is essential to listen to what people are saying rather than merely note how they are voting The great challenge is how to implement that deliberative ideal among millions of people at once In this strikingly original book Goodin offers a solution democratic deliberation within Building on models of ordinary conversational dynamics he suggests that people simply imagine themselves in the position of various other people they have heard or read about and ask What would they say about this proposal Informing the democratic imaginary then becomes the key to making deliberations more reflective more empathetic more considered more expansive across time and distance Oxford Political Theory presents the best new work in contemporary political theory It is intended to be broad in scope including original contributions to political philosophy and also work in applied political theory The series contains works of outstanding quality with no restriction as to approach or subject matter Gender in Political Theory Judith Squires, 2013-05-28 This wide ranging and accessible book provides a thorough overview of the key debates in gender and political theory *Creating Political Presence* Dario Castiglione, Johannes Pollak, 2018-12-28 For at least two centuries democratic representation has been at the center of debate Should elected representatives express the views of the majority or do they have the discretion to interpret their constituents interests How can representatives balance the desires of their parties and their electors What should be done to strengthen the representation of groups that have been excluded from the political system Representative democracy itself remains frequently contested regarded as incapable of reflecting the will of the masses or inadequate for today's global governance Recently however this view of democratic representation has been under attack for its failure to capture the performative and constructive elements of the process of representation and a new literature more attentive to these aspects of the relationship between representatives and the represented has arisen In *Creating Political Presence* a diverse and international group of scholars explores the implications of such a turn Two broad overlapping perspectives emerge In the first section the contributions investigate how political representation relates to empowerment either facilitating or interfering with the capacity of citizens to develop autonomous judgment in collective decision making Contributions in the second section look at representation from the perspective of inclusion focusing on how representative relationships and claims articulate the demands of those who are excluded or have no voice The final section examines political representation from a more systemic perspective exploring its broader environmental conditions and the way it acquires democratic legitimacy Institutionalizing Agonistic Democracy Edward C. Wingenbach, 2011 Contemporary politics are characterised by the impossibility of agreement on fundamental values This book examines the institutional alternatives available to democratic politics to determine which institutional structures are most likely to produce a democratic social order in which agonistic citizenship might flourish *Governance by Decree* Ruth P. Morgan, 2004 The Voting Rights Act of 1965 which originally was intended to prohibit barriers to black registration and voting has been hailed as a triumph for civil rights and

as a catalyst for the election of minorities to public office in both the Deep South and the urban North To advance its objective federal courts instructed many cities to change from at large to single member district electoral systems as a way to ensure that minorities had a reasonable chance to elect representatives of their choice In the first book to critique the implementation of this landmark legislation in a major American city Ruth Morgan examines its effect on local governance over forty years in Dallas and shows that it had unintended consequences for racial politics representation and public policy Breaking from studies that measure the success of the VRA in terms of increased minority representation Morgan assesses the consequences of the Act for Dallas city government and for the wider interests of minorities as well While endorsing the original intent of the VRA Morgan believes that this intent was subverted by subsequent amendments to the Act and by the courts attempts to advance the political standing of particular minority groups She argues that court imposed single member districts have created in Dallas a city council infected with parochialism and careerism a result of members no longer having to compromise to win citywide votes and have had an adverse impact on governmental effectiveness and voter turnout With corruption and cronyism now rampant voting rights legislation and litigation have ultimately failed to fulfill the hopes and aspirations of the unempowered and the district system has created an incentive for continued racial separation Governance by Decree offers a pointed assessment of the complexities and contradictions produced by the voting rights law while at the same time calling for the federal judiciary to exercise restraint in imposing its will when it lacks the capacity to make choices that are inherently political Morgan s powerfully argued case study should inspire much debate and inform forthcoming congressional deliberations over the renewal of the preclearance section of the VRA in 2007

Research Handbook on Political Representation Maurizio Cotta,Federico Russo,2020-12-25 At a time when political representation can be said to be facing its ultimate crisis this crucial work clarifies the terms of the debate providing an up to date analysis of the main conceptual and institutional controversies that have arisen surrounding this topic Written by leading scholars in the field contributions focus on how representation is conceptualised and its relation to democracy

The Politics of Becoming Hans Asenbaum,2023 What roles do our identities play in democratic politics When we participate in citizens assemblies or in social movement gatherings we are judged by how we look which clothes we wear by our skin colour gender and body language Prejudice does not only lead to discrimination but also limits the freedom of expressing ourselves The Politics of Becoming explores radical democratic acts of disidentification to counter this problem Anonymity in masked protest pamphleteering street graffiti and online debate interrupts our everyday identities By concealing who we believe ourselves to be anonymity allows us to live our multiple selves In the digital age anonymity becomes an inherent part of everyday communication Through our smart devices we express our selves differently As cyborgs our identities are disrupted and reassembled We curate self representations on social media create avatars share selfies and choose the skin colour of our emojis To counter discrimination and express ourselves more freely in democratic spaces we need to embrace our inner

multiplicity This argument does not break with the feminist politics of presence Claiming and reinterpreting marginalized identities is a crucial element of an emancipatory democratic strategy The Politics of becoming however re reads presence as the performative act of self creation Drawing on queer gender feminist and anarchist thinking this book argues for an interruption of the dominant order to engage in self transformation **Constitutions and Inequality** Cara

Röhner,2024-10-03 Building on economic and feminist critiques of legal individualism this book develops a relational analysis of constitutional law in the context of real world social inequality It provides a methodological framework for legal scholarship as well as a vocabulary for equality oriented interpretations of law **Institutionalizing Agonistic**

Democracy Ed Wingenbach,2016-05-23 The first book length study of agonism as a mature account of democratic politics Institutionalizing Agonistic Democracy provides a lucid overview of agonistic democratic theories and demonstrates the viability of this approach for institutional politics Situating agonistic democracy within and against debates about radical democracy foundationalism liberal democracy and pluralism Institutionalizing Agonistic Democracy engages the texts of Mouffe Connolly Ranciere Tully Honig Owen and others to fully map the contours of agonistic democratic theories Organizing this diverse literature into a coherent typology enables sophisticated analysis of the assumptions distinctions and aspirations of the often conflicting theoretical positions gathered within the constellation of agonistic democratic theory Using this framework to explore the concrete institutional possibilities appropriate to agonistic democracy Wingenbach argues that a modified version of Rawlsian political liberalism describes the institutional conditions most likely to sustain agonistic political practices Once shorn of metaphysical commitments and detached from aspirations to consensus political liberalism offers a contingent and historically viable framework within which agonistic contestation can occur Such a reinterpretation of Rawls produces not the sublimation of agonism but a transformation of liberalism so that it more adequately accommodates the deep pluralism of the post foundational condition

Politics Of Presence Democracy And Group Representation Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Politics Of Presence Democracy And Group Representation PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Politics Of Presence Democracy And Group Representation PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual

property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Politics Of Presence Democracy And Group Representation free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Politics Of Presence Democracy And Group Representation Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Politics Of Presence Democracy And Group Representation is one of the best book in our library for free trial. We provide copy of Politics Of Presence Democracy And Group Representation in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Politics Of Presence Democracy And Group Representation. Where to download Politics Of Presence Democracy And Group Representation online for free? Are you looking for Politics Of Presence Democracy And Group Representation PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Politics Of Presence Democracy And Group Representation. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you

really should consider finding to assist you try this. Several of Politics Of Presence Democracy And Group Representation are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Politics Of Presence Democracy And Group Representation. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Politics Of Presence Democracy And Group Representation To get started finding Politics Of Presence Democracy And Group Representation, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Politics Of Presence Democracy And Group Representation So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Politics Of Presence Democracy And Group Representation. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Politics Of Presence Democracy And Group Representation, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Politics Of Presence Democracy And Group Representation is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Politics Of Presence Democracy And Group Representation is universally compatible with any devices to read.
