News and Politics Stephen Cushion, 2015-03-24 News and Politics critically examines television news bulletins still the primary source of information for most people and asks whether the wider pace and immediacy of 24 hour news culture has influenced their format and style over time Drawing on the concepts of mediatization and journalistic interventionism Stephen Cushion empirically traces the shift from edited to live reporting from a cross national perspective focussing on the two way convention in political coverage and the more interpretive approach to journalism it promotes Challenging prevailing academic wisdom Cushion argues that the mediatization of news does not necessarily reflect a commercial logic or a lowering of journalism standards In particular the rise of live two ways can potentially enhance viewers understanding of public affairs moving reporters beyond their visual backdrops and reliance on political soundbites by asking journalists to scrutinize the actions of political elites interpret competing source claims and to explain the broader context to everyday stories Considering the future of 24 hour news a final discussion asks whether new content and social media platforms including Twitter and BuzzFeed enhance or weaken democratic culture This timely analysis of News and Politics is ideal for students of political communication and journalism studies as well as communication studies media studies and political science

Social Media and Election Campaigns Gunn Sara Enli, Hallvard Moe, 2017-10-02 This book aims to further the research in the fields of social media and political communication by moving beyond the hype and avoiding the most eye catching and spectacular cases It looks at stable democracies without current political turmoil small countries as well as large continents and minor political parties as well as major ones Investigating emerging practices in the United States Europe and Australia both on national and local levels enables us to grasp contemporary tendencies across different regions and countries The book provides empirical insights into the diverse uses of different social media for political communication in different societies Contributors look at the ways in which novel arenas connect with other channels for political communication and how politicians as well as citizens in general use social media services Presenting state of the art methodological approaches drawing on a combination of qualitative and quantitative analyses the book brings together an interdisciplinary group of researchers in order to address emerging practices of the mediation of politics campaign communication and issues of citizenship and democracy as expressed on social media platforms This book was originally

published as a special issue of Information Communication Society *Comparative Politics* Daniele Caramani, 2008

Comparative Politics provides a comprehensive introduction to political systems around the world It covers methods and theories the nation state institutions actors and processes policies and recent changes Reporting Elections Stephen Cushion, Richard Thomas, 2018-03-02 How elections are reported has important implications for the health of democracy and informed citizenship But how informative are the news media during campaigns What kind of logic do they follow How well do they serve citizens e Based on original research as well as the most comprehensive assessment of election studies to date Cushion and Thomas examine how campaigns are reported in many advanced Western democracies In doing so they engage with debates about the mediatization of politics media systems information environments media ownership regulation political news horserace journalism objectivity impartiality agenda setting and the relationship between media and democracy more generally Focusing on the most recent US and UK election campaigns they consider how the logic of election coverage could be rethought in ways that better serve the democratic needs of citizens Above all they argue that election reporting should be driven by a public logic where the agenda of voters takes centre stage in the campaign and the policies of respective political parties receive more airtime and independent scrutiny The book is essential reading for scholars and students in political communication and journalism studies political science media and communication studies

Communities in Control Great Britain. Department for Communities and Local Government, 2008 This Command White Paper entitled Communities in control Cm 7427 ISBN 9780101742726 sets out an agenda to enhance the power of communities and help people to meet their own priorities A number of proposals are put forward seeking to devolve more power to citizens and away from both central and local government The Paper is divided into 8 chapters Chapter 1 The case for the people and the communities having more power Chapter 2 Active citizens and the value of volunteering Chapter 3 Access to information Chapter 4 Having an influence Chapter 5 Challenge holding people accountable who exercise power Chapter 6 Redress Chapter 7 Standing for office Chapter 8 Ownership and control These chapters set out from the perspective of individual citizens seven key issues for developing empowerment in the local community The proposed policies in this White Paper largely apply to England but UK proposals will be implemented in consultation with the devolved administrations Modern Political Communications James Stanier, 2007-09-04 The author provides an accessible and comprehensive account of the fast paced transformation of political communication systems of the United States and the United Kingdom and the consequences of this for democratic practice **The Changing Shape of Politics** Jonathan Wheatley, 2018-12-17 This book investigates whether politics in Britain in the twenty first century is driven more by issues of culture and identity than by left versus right issues of wealth distribution Drawing from a number of opinion surveys it explores the shifting positions of voters on both economic matters and matters of culture and identity It finds that between 2015 and 2017 support for Britain's main political parties became much more predicated on issues of culture and identity

reflecting a radical change in how parties attract voters In the longer term it suggests that issues of culture and identity have become more salient overall possibly because of the oft cited divide between winners and losers of globalisation The book ends by speculating on why politics has become more polarised on these issues rather than on the economic fallout of globalisation and suggests that an explanation is to be found in changing forms of political communication between voters and politicians
