# Politics A Case For Christian Action

**David Schultz**

## **Politics A Case For Christian Action:**

*Politics* Robert Dean Linder, Richard V. Pierard, 1973      **Evangelical America** Timothy J. Demy, Paul R. Shockley Ph.D., 2017-09-21 An essential new reference work for students and general readers interested in the history dynamics and influence of evangelicalism in recent American history politics and culture What makes evangelical or born again Christians different from those who identify themselves more simply as Christian What percentage of Americans believe in the Rapture How are evangelicalism and Baptism similar What is the influence of evangelical religions on U S politics Readers of *Evangelical America* An Encyclopedia of Contemporary American Religious Culture will learn the answers to these questions and many more through this single volume work s coverage of the many dimensions of and diversity within evangelicalism and through its documentation of the specific contributions evangelicals have made in American society and culture It also illustrates the Evangelical movement s influence internationally in key issues such as human rights environmentalism and gender and sexuality      *The Age of Evangelicalism* Steven P. Miller, 2014-04-10 At the start of the twenty first century America was awash in a sea of evangelical talk The Purpose Driven Life Joel Osteen The Left Behind novels George W Bush Evangelicalism had become so powerful and pervasive that political scientist Alan Wolfe wrote of a sense in which we are all evangelicals now Steven P Miller offers a dramatically different perspective the Bush years he argues did not mark the pinnacle of evangelical influence but rather the beginning of its decline The Age of Evangelicalism chronicles the place and meaning of evangelical Christianity in America since 1970 a period Miller defines as America s born again years This was a time of evangelical scares born again spectacles and battles over faith in the public square From the Jesus chic of the 1970s to the satanism panic of the 1980s the culture wars of the 1990s and the faith based vogue of the early 2000s evangelicalism expanded beyond churches and entered the mainstream in ways both subtly and obviously influential Born again Christianity permeated nearly every area of American life It was broad enough to encompass Hal Lindsey s doomsday prophecies and Marabel Morgan s sex advice Jerry Falwell and Jimmy Carter It made an unlikely convert of Bob Dylan and an unlikely president of a divorced Hollywood actor As Miller shows evangelicalism influenced not only its devotees but its many detractors religious conservatives secular liberals and just about everyone in between The Age of Evangelicalism contained multitudes it was the age of Christian hippies and the silent majority of Footloose and The Passion of the Christ of Tammy Faye Bakker the disgraced televangelist and Tammy Faye Messner the gay icon Barack Obama was as much a part of it as Billy Graham The Age of Evangelicalism tells the captivating story of how born again Christianity shaped the cultural and political climate in which millions of Americans came to terms with their times      **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1975      **Are Southern Baptists "Evangelicals"?** James Leo Garrett, E. Glenn Hinson, James E. Tull, 1983      *Moral Minority* David R. Swartz, 2012-09-07 In 1973 nearly a decade before the height of the Moral Majority a group of progressive activists assembled in a Chicago YMCA to strategize about how to move the nation in a

more evangelical direction through political action When they emerged the Washington Post predicted that the new evangelical left could shake both political and religious life in America The following decades proved the Post both right and wrong evangelical participation in the political sphere was intensifying but in the end it was the religious right not the left that built a viable movement and mobilized electorally How did the evangelical right gain a moral monopoly and why were evangelical progressives who had shown such promise left behind In *Moral Minority* the first comprehensive history of the evangelical left David R Swartz sets out to answer these questions charting the rise decline and political legacy of this forgotten movement Though vibrant in the late nineteenth century progressive evangelicals were in eclipse following religious controversies of the early twentieth century only to reemerge in the 1960s and 1970s They stood for antiwar civil rights and anticonsumer principles even as they stressed doctrinal and sexual fidelity Politically progressive and theologically conservative the evangelical left was also remarkably diverse encompassing groups such as Sojourners InterVarsity Christian Fellowship Evangelicals for Social Action and the Association for Public Justice Swartz chronicles the efforts of evangelical progressives who expanded the concept of morality from the personal to the social and showed the way organizationally and through political activism to what would become the much larger and more influential evangelical right By the 1980s although they had witnessed the election of Jimmy Carter the nation's first born again president progressive evangelicals found themselves in the political wilderness riven by identity politics and alienated by a skeptical Democratic Party and a hostile religious right In the twenty first century evangelicals of nearly all political and denominational persuasions view social engagement as a fundamental responsibility of the faithful This most dramatic of transformations is an important legacy of the evangelical left

**Money in American Politics** David Schultz, 2018-06-08 How much does money really matter in American politics A first of its kind reference book this encyclopedia provides the most up to date research and analysis regarding how money affects American campaigns elections politics and public policy Some Americans have come to the conclusion that U S politics is dominated by money that politicians are frequently if not routinely bought and paid for and that the only entities who wield political power are America's monied elite or powerful special interests like big labor or Wall Street But other American citizens believe that proposals to limit the influence of money in politics run counter to the free speech principles enshrined in the Constitution This book will explore this compelling and controversial issue examining where money in American politics comes from where it goes and the impact of all of those millions of dollars on American society The entries objectively cover a breadth of major issues organizations individuals court cases and controversies surrounding the role of money in American politics especially into the most recent events of the 21st century Commentary by leading experts and scholars on American politics assess different aspects of how money is used for political purposes The book explains the current state of knowledge about money in politics including whether contributions and expenditures should be regulated if so how and whether it even matters in terms of impact While intended and written primarily for

students at the high school and undergraduate levels Money in American Politics An Encyclopedia will also be of interest to general readers and experts looking to better understand how money affects campaigns elections and the making of law and policy in the United States     The Politics of God Kathryn Tanner,2022-11-15 Thirty years ago Kathryn Tanner put forward a daring proposal Traditional Christian theologies she insisted can be a source of political transformation rather than a sponsor of the status quo Through a rigorous analysis of Christian beliefs in their historical theological and social diversity Tanner connects belief to attitudes and action and shows how doctrines can relate to each other to social systems and to ethical behavior Drawing on the theologies of divine transcendence and creation that animate and organize so much of her work The Politics of God frees traditional theology from its captivity to unjust rulers and systems and unleashes its radical potential for liberation empowerment and the pursuit of a just society This anniversary edition includes a major new preface in which Tanner addresses the changes in the social and political situation that have accumulated in the decades since the book s publication and resituates her argument for a new generation of theologians and activists     *The Politics of the Rope* Neville Twitchell,2012 The campaign to abolish capital punishment 1955 1969     **Politics as a Christian Vocation** Franklin I. Gamwell,2005 This 2004 book argues that Christian faith belongs in politics because both pursue rational forms of thought     Law and Election Politics Matthew J. Streb,2013-05-07 Though the courts have been extremely active in interpreting the rules of the electoral game this role is misunderstood and understudied as in many cases are the rules themselves Law and Election Politics illustrates how election laws and electoral politics are intertwined analyzing the rules of the game and some of the most important and most controversial decisions the courts have made on a variety of election related subjects More than a typical law book that summarizes cases Mathew Streb has assembled an outstanding group of scholars to place electoral laws and the courts rulings on those laws in the context of electoral politics They comprehensively cover the range of topics important to election law campaign finance political parties campaigning redistricting judicial elections the Internet voting machines voter identification ballot access and direct democracy This is an essential resource both for students of the electoral process and scholars of election law and election reform     *Christian Perspectives on Politics* J. Philip Wogaman,2000-01-01 Minister Wogaman updates his comprehensive discussions on the meaning and importance of politics the history of Christian political thought and church state relations the legislation of social morality and criminal justice issues     Policy and Politics in Education Geoffrey Walford,2017-11-01 This title was first published in 2000 This is an examination of the sponsored grant maintained schools initiative These schools were an attempt to increase the diversity of schools within the state maintained sector so families would have a greater choice when selecting the most desirable school for their children Thus allowing schools to be run by religious and ethnic minority groups The book considers and analyzes the political nature of the policy formulation and implementation It examines the way the 1993 Education Act came to be formulated and follows its path within the changing social economic and political context of the years 1993 to 1998 The text

examines the background to the applications for funding from religious minority and other groups and discusses the implications of such a changes in funding policy in the context of the 1998 School Standard and Framework Act

**Abortion and the Politics of Motherhood** Kristin Luker,1985-08-04 In this important study of the abortion controversy in the United States Kristin Luker examines the issues people and beliefs on both sides of the abortion conflict She draws data from twenty years of public documents and newspaper accounts as well as over two hundred interviews with both pro life and pro choice activists She argues that moral positions on abortion are intimately tied to views on sexual behavior the care of children family life technology and the importance of the individual

The Teachings of Modern Roman Catholicism on Law, Politics, and Human Nature John Witte (Jr.),John Witte, Frank S. Alexander,2007 This Landmark three volume series examines how modern Catholic Protestant Orthodox thinkers have responded to the most pressing political legal ethical questions of our time

The Politics of Abortion in the United States and Canada: A Comparative Study Raymond Tatalovich,2015-05-20 A cross cultural analysis of the abortion issue in the United States and Canada The book focuses on the judicial legislative and executive branches public opinion and interest groups federal agencies and the roles of subnational authorities and the health care sectors

**Ghana's New Christianity, New Edition** Paul Gifford,2004-07-15 A sober firsthand look at evangelical Christian churches in Accra Ghana

Britain and the Politics of Rhodesian Independence Elaine Windrich,2024-08-30 First published in 1978 Britain and the Politics of Rhodesian Independence is a study of British policy towards Rhodesia and an account of the failure of both Labour and Conservative governments to find a satisfactory solution to its decolonization The essential bar to a solution was that the British government had in Rhodesia responsibility but no power Force being ruled out and sanctions ineffective nothing remained but the diplomacy of detente while the two sides in Rhodesia itself moved closer and closer to deadlock This study provides a balanced and clear analysis of the developments essential to an understanding of the events in Rhodesia Covering the period 1964 77 with an introduction to the issue as it arose in 1962 3 the attitudes of successive British governments are examined and the pressures affecting their responses considered A concluding section looks at the international repercussions in 1976 7 and the reactions of the United Nations to the situation then This book will be of interest to students and researchers of history politics and international relations

**Pro-Family Politics and Fringe Parties in Canada** Chris MacKenzie,2014-05-14 Pro Family Politics and Fringe Parties in Canada explores the organizational and ideological nature of political parties that are initially formed to do the work of social movements Specifically it examines the development of the Family Coalition Party of British Columbia FCP from its origins as a group of alienated Social Credit Party members to its rebirth as the Unity Party of British Columbia and through its struggles as a marginal political entity along the way While addressing the FCP s relationship to the larger North American pro family movement Chris MacKenzie also deftly demonstrates how the party can be seen as organizationally congruent with its ideological antithesis the Green Party Basing his findings on seven years of field research he identifies the

obstacles that political parties involved in social movement work must overcome in order for them to achieve their goals He concludes that despite their invaluable contribution to democracy such party movements have limited political institutionalization Consequently their only realistic goal may be to merge their ideals with those of another larger political body This book makes a substantial contribution to our understanding of the genesis development and impact of political party movements in Canada Moreover it provides useful insight into the dynamics and issues that make up the current pro family movements in Canada and the United States

The Politics of Expertise Matthew Hilton, James McKay, Nicholas Crowson, Jean-François Mouhot, 2013-04-25

The Politics of Expertise offers a challenging new interpretation of politics in contemporary Britain through an examination of non governmental organisations Using specific case studies of the homelessness environment and international aid and development sectors it demonstrates how politics and political activism has changed over the last half century NGOs have contributed enormously to a professionalization and a privatization of politics emerging as a new form of expert knowledge and political participation They have been led by a new breed of non party politician working in collaboration and in competition with government Skilful navigators of the modern technocratic state they have brought expertise to expertise and in so doing have changed the nature of grassroots activism As affluent citizens have felt marginalised by the increasingly complex nature of many policy solutions they have made the rational calculation to support NGOs the professionalism and resources of which make them better able to tackle complex problems Yet in doing so support rather than participation becomes the more appropriate way to describe the relationship of the public to NGOs As voter turnout has declined membership and trust in NGOs has increased But NGOs are very different types of organisations from the classic democratic institutions of political parties and the labour movement They maintain different and varied relationships with the publics they seek to represent Attracting mass support has provided them with the resources and the legitimacy to speak to power on a bewildering range of issues yet perhaps the ultimate victors in this new form of politics are the NGOs themselves

The book delves into Politics A Case For Christian Action. Politics A Case For Christian Action is a vital topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Politics A Case For Christian Action, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
    - Chapter 1: Introduction to Politics A Case For Christian Action
    - Chapter 2: Essential Elements of Politics A Case For Christian Action
    - Chapter 3: Politics A Case For Christian Action in Everyday Life
    - Chapter 4: Politics A Case For Christian Action in Specific Contexts
    - Chapter 5: Conclusion
  2. In chapter 1, this book will provide an overview of Politics A Case For Christian Action. This chapter will explore what Politics A Case For Christian Action is, why Politics A Case For Christian Action is vital, and how to effectively learn about Politics A Case For Christian Action.
  3. In chapter 2, this book will delve into the foundational concepts of Politics A Case For Christian Action. The second chapter will elucidate the essential principles that need to be understood to grasp Politics A Case For Christian Action in its entirety.
  4. In chapter 3, the author will examine the practical applications of Politics A Case For Christian Action in daily life. The third chapter will showcase real-world examples of how Politics A Case For Christian Action can be effectively utilized in everyday scenarios.
  5. In chapter 4, this book will scrutinize the relevance of Politics A Case For Christian Action in specific contexts. The fourth chapter will explore how Politics A Case For Christian Action is applied in specialized fields, such as education, business, and technology.
  6. In chapter 5, the author will draw a conclusion about Politics A Case For Christian Action. The final chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Politics A Case For Christian Action.
