Politics From Absolutism To Zionism:

Zionism and World Politics Horace Meyer Kallen, 1921 **Overcoming Zionism** Joel Kovel, 2007-02-20 Israel is an incorrigible human rights offender because by discriminating against Arabs it is guilty of state sponsored racism argues Joel Kovel Like apartheid South Africa the best hope for peace in Israel is to return to the idea of a one state solution where Jews and Palestinians can co exist in a secular democracy Kovel is well known writer on the Middle East conflict This book draws on his detailed knowledge to show that Zionism and democracy are essentially incompatible He offers a thoughtful account of the emotional and psychological aspects of Zionism that helps us understand the relationship between ideology culture and political processes Ultimately Kovel argues a two state solution is essentially hopeless as it concedes too much to the regressive forces of nationalism wherein lie the roots of continued conflict **Forum on the Jewish People, Zionism, and Israel**, 1981 CONTEMPORARY POLITICAL THEORY VINOD, M. J., DESHPANDE, MEENA, 2013-01-11 Intended as a text for the postgraduate students of political science this well researched book attempts to track the evolution of political ideas in the recent past and their background It brings out the contemporary epistemological and methodological debates within the discipline and social sciences as a whole and incorporates the latest developments in the field Divided into forty chapters under eleven parts the book deals with the core concepts and debates in political theory and focuses on the state society interactions It tries to explain how the states societies and cultures have responded to the emerging challenges thrown up by the social economic and political factors and the direction of the response It also dwells on the impact of globalisation on current trends Finally the book analyses the ideas of modern Indian thinkers such as V D Savarkar Jawaharlal Nehru Ram Manohar Lohia B R Ambedkar and Jayaprakash Narayan Besides the postgraduate students of political science the book would also be useful to the aspirants of civil services examinations and the initiated readers *The Emergence of American Zionism* Mark A Raider, 2019-12-03 The images of Zionist pioneers in the late nineteenth and early twentieth centuries hard working brawny and living off the land sprang from the ascendent socialist Zionist movement in Palestine known as Labor Zionism The building of the Yishuv a new Jewish society in Palestine was accompanied by the rapid growth of Zionism worldwide How did Zionism take shape in the United States How did Labor Zionism and the Yishuv influence American Jews Zionism and Labor Zionism had a much more substantial impact on the American Jewish scene than has been recognized Drawing on meticulous research Mark A Raider describes Labor Zionism s dramatic transformation in the American context from a marginal immigrant party into a significant political force The Emergence of American Zionism challenges many of the prevailing assumptions of Jewish and Zionist history that have held sway for a full generation It shows how and why American Labor Zionism the voice of Labor Palestine on American soil played such an important role in formulating the program and outlook of American Zionism It also examines more generally the impact of Zionism on American Jews making the case that Zionism s cultural vitality intellectual diversity and unparalleled ability to rally public opinion in times of crisis

were central to the American Jewish experience **Race and Political Theology** Vincent Lloyd, 2012-04-25 In this volume senior scholars come together to explore how Jewish and African American experiences can make us think differently about the nexus of religion and politics or political theology Some wrestle with historical figures such as William Shakespeare W E B Du Bois Nazi journalist Wilhelm Stapel and Austrian historian Otto Brunner Others ponder what political theology can contribute to contemporary politics particularly relating to Israel s complicated religious racial national identity and to the religious currents in African American politics *Race and Political Theology* opens novel avenues for research in intellectual history religious studies political theory and cultural studies showing how timely questions about religion and politics must be reframed when race is taken into account **Jewish Observer and Middle East Review** ,1959 [Zionism and Cosmopolitanism](#) Dekel Peretz, 2022-01-19 Die Reihe Europ isch J dische Studien repr sentiert die internationale vernetzte Kompetenz des Moses Mendelssohn Zentrums f r europ isch j dische Studien MMZ Der interdisziplin re Charakter der Reihe die in Kooperation mit dem Selma Stern Zentrum f r J dische Studien Berlin Brandenburg herausgegeben wird zielt insbesondere auf geschichts geistes und kulturwissenschaftliche Ans tze sowie auf intellektuelle politische literarische und religi se Grundfragen die j disches Leben und Denken in der Vergangenheit beeinflusst haben und noch heute inspirieren Mit ihren Publikationen wei sich das MMZ der ber 250j hrigen Tradition der von Moses Mendelssohn begr ndeten J dischen Aufkl rung und der Wissenschaft des Judentums verpflichtet In den BEITR GEN werden exzellente Monographien und Sammelb nde zum gesamten Themenspektrum J discher Studien ver ffentlicht Die Reihe ist peer reviewed [Principles of Labor Zionism](#) Shlomo Schiller, Solomon Schiller, 1928 **The Lions' Den** Susie Linfield, 2019-03-26 A lively intellectual history that explores how prominent midcentury public intellectuals approached Zionism and then the State of Israel itself and its conflicts with the Arab world In this lively intellectual history of the political Left cultural critic Susie Linfield investigates how eight prominent twentieth century intellectuals struggled with the philosophy of Zionism and then with Israel and its conflicts with the Arab world Constructed as a series of interrelated portraits that combine the personal and the political the book includes philosophers historians journalists and activists such as Hannah Arendt Arthur Koestler I F Stone and Noam Chomsky In their engagement with Zionism these influential thinkers also wrestled with the twentieth century s most crucial political dilemmas socialism nationalism democracy colonialism terrorism and anti-Semitism In other words in probing Zionism they confronted the very nature of modernity and the often catastrophic histories of our time By examining these leftist intellectuals Linfield also seeks to understand how the contemporary Left has become focused on anti Zionism and how Israel itself has moved rightward **Nationalism and the Israeli State** Don Handelman, 2020-06-11 National festivals Military parades Patriotic memorials Such public events and tributes naturally bring to mind the idea of nationalism But what is the cultural logic behind them How does a country such as Israel facilitate state related public events as enactments of nationalism To answer these questions renowned anthropologist Don Handelman unpacks the meaning of national ritual and

symbol in Israel today He argues that public events mirror social order a mirror that reflects to its participants and audiences the message that the designers of such events wish to communicate Handelman considers the meaning of Holocaust and military memorialism and he investigates the role of holiday celebrations especially how they affect young children first learning about their country Analyzing state ceremonies such as Holocaust Remembrance Day for the war dead and Independence Day he notes the absence of minorities and examines their significance in the promotion of a national identity He also looks at how Israel exports powerful symbols of statehood Throughout Handelman develops his theory of bureaucratic logic as the driving force behind expressions of nationalism in the modern state He argues that bureaucratic logic has a much wider cachet than simply functioning as a way of thinking only about bureaucratic institutions The logic is crucial to how these institutions function but more so it is a dominant force in forming modern state social order Bureaucratic logic is used incessantly to invent and to modify all kinds of systems of classification that often have profound consequences for individuals and for groups and that are ritualized powerfully through a host of state related public events

Russian Literary Politics and the Pushkin

Celebration of 1880 Marcus C. Levitt, 2018-09-05 In an event acknowledged to be a watershed in modern Russian cultural history the elite of Russian intellectual life gathered in Moscow in 1880 to celebrate the dedication of a monument to the poet Alexander Pushkin who had died nearly half a century earlier Private and government forces joined to celebrate a literary figure in a country in which monuments were usually dedicated to military or political heroes In this richly detailed narrative history of the Pushkin Celebration and the developments that led up to it Marcus C Levitt explores the unique role of literature in nineteenth century Russian intellectual life and puts Russian literary criticism and Pushkin's posthumous reputation into fresh perspective Drawing on Soviet archival materials not readily available in the West Levitt describes the preparations for the monument and the unfolding of the celebration His sustained discussions of Turgenev's role and of Dostoevsky's famous Pushkin Speech shed new light on what was for both a culminating moment in their careers In Levitt's view the Pushkin Celebration represented the articulation of liberal post Emancipation hopes for an independent Russian intelligentsia and culture His analysis of the problems faced by Russian liberalism illuminates the failure of concerted efforts to secure freedom of speech in nineteenth century Russia

Christian Attitudes Towards the State of Israel

Paul Charles Merkley, 2001 During the 1947 United Nations debate on the future of Palestine world opinion was powerfully affected by news of the Holocaust and the plight of Jewish refugees creating a momentary humanitarian advantage that helped mobilize support for the creation of the state of Israel However almost as soon as it became clear that the Jews had won their war for independence anti Zionists within Christianity reasserted themselves A pro Arab bloc of Western missionaries at the World Council of Churches echoed the anti Zionism that has always characterized those churches which

today constitute the Middle East Council of Churches while the Roman Catholic Church never friendly to Zionism advocated the internationalization of Jerusalem to diminish the Jewish presence in the heart of the Holy Land Mainstream Protestantism championed Palestinian nationalism and still does not hesitate to portray Israel as an oppressor but most evangelical Christians see Israel's restoration as a part of God's plan In Christian Attitudes towards the State of Israel Paul Merkley demonstrates that polarized opinion continues to affect how Israel is perceived today
