Politics Of The Chaco Peace Conference 1935 1939

Guillaume Favre

Politics Of The Chaco Peace Conference 1935 1939:

Politics of the Chaco Peace Conference, 1935-1939 Leslie B. Rout, 1970-01-01 After three years of indecisive but bloody war guns lay silent in the Chaco Boreal in June 1935 Fifty years of bickering between Bolivia a landlocked country seeking a river exit to the sea and Paraguay a land hungry country seeking territorial aggrandizement and supposed mineral wealth had culminated in open warfare in June 1932 By 1935 the antagonists near exhaustion finally agreed to discuss their differences Leslie B Rout Jr examines three facets of the dispute and the inter American peace conference that settled it He analyzes the futile diplomatic efforts to prevent the outbreak of hostilities discusses the diplomatic initiatives that culminated in the June cease fire and describes the frustrating but ultimately successful diplomatic struggle that produced a definitive settlement By enumerating the problems and progress of the peace conference Rout demonstrates that despite occasions of open diplomacy it was through secret negotiation that agreement was finally attained He concludes that although the negotiators betrayed unabashed cynicism violated stated Pan American ideals and disregarded the troublesome terms of the June 1935 cease fire they deserve praise Had the mediators failed to produce a viable solution in July 1938 the peace conference would have collapsed renewed warfare would have resulted and the neighboring powers inevitably would have become involved Given this potential catastrophe the mediators had to solve the diplomatic problems by the means available

Politics of the Chaco Peace Conference, 1935-1939 Leslie B. Rout, 1970 **Politics of the Chaco Peace Conference, 1935-1939** Leslie B. Rout (Jr), 1970 The Chaco War Bridget Maria Chesterton, 2016-02-25 In 1932 Bolivia and Paraguay went to war over the Chaco region in South America The war lasted three years and approximately 52 000 Bolivians and Paraguayans died Moving beyond the battlefields of the Chaco War this volume highlights the forgotten narratives of the war Studying the environmental ethnic and social realities of the war in both Bolivia and Paraguay the contributors examine the conflict that took place between 1932 and 1936 and explore its relationship with and impact on nationalism activism and modernity Beginning with an overview of the war the book goes on to explore many new approaches to the conflict and the contributors address topics such as the environmental challenges faced by the forces involved the role of indigenous peoples the impact of oil nationalism and the conflict s aftermath This is a volume that will be of interest to anyone working on modern Latin America and the relationship between war and society **Conflict, Heritage and World-Making in the Chaco** Esther Breithoff, 2020-08-06 Conflict Heritage and World Making in the Chaco documents and interprets the physical remains and afterlives of the Chaco War 1932 35 known as South America s first modern armed conflict in what is now present day Paraguay It focuses not only on archaeological remains as conventionally understood but takes an ontological approach to heterogeneous assemblages of objects texts practices and landscapes shaped by industrial war and people s past and present engagements with them These assemblages could be understood to constitute a dark heritage the debris of a failed modernity Yet it is clear that they are not simply dead memorials to this bloody war but have been and continue to be

active in making unmaking and remaking worlds both for the participants and spectators of the war itself as well as those who continue to occupy and live amongst the vast accretions of war material which persist in the present

Paraguay and the United States Frank O. Mora, Jerry Wilson Cooney, 2010-10 Ranging from the 1840s through the early twenty first century this study of shared political economic and cultural histories fills significant gaps in our understanding of Paraguayan U S relations Frank O Mora and Jerry W Cooney tell how an initially rocky beginning between the two countries marked by diplomatic posturing shows of military force and failed business schemes gave way to a calmer period during which the United States backed Paraguay's territorial claims against its neighbors prospects grew brighter for American entrepreneurs and Paraguay embraced Pan Americanism It was not until the 1930s that the two countries engaged in earnest as the United States attempted to mediate the Chaco War between Paraguay and Bolivia Then as the authors write hemispheric solidarity in World War II the cold war in Latin America the balance of power among states in the R o de la Plata and the question of U S support for or aid to Latin American dictators became matters of mutual interest The dictatorship of Alfredo Stroessner 1954-89 spanned much of this era and a shared attitude of realpolitik typified U S Paraguayan relations during his rule Post Stroessner the United States has stood by Paraguay during its transition to democracy despite lingering concerns about such issues as drug trafficking and intellectual piracy The countries should grow closer with time the authors conclude if Paraguay resists the continent's leftward political shift and remains a solid partner in U S antiterror initiatives in South America

Fifty Years of Good Reading University of Texas Press, 2000 50 year since founding the University of Texas they have witnessed major evolutions in the world of publishing

Forever in the Path Pero G Dagbovie, 2025-02-01 Forever in the Path The Black Experience at Michigan State University offers a sweeping overview of the Black experience at America's first agricultural college from the 1890s through the late twentieth century In exploring the personalities important events and key turning points of Black life at the university this book deftly blends intellectual history social history educational history institutional history and the African American biographical tradition Pero G Dagbovie depicts and imagines how his numerous subjects upbringings and experiences at the institution informed their futures and how they benefitted from and contributed to MSU's vision mission and transformative role in the history of higher education Michigan State University founded in 1855 as the Agricultural College of the State of Michigan has a fascinating past a history shaped by vacillating local and national contexts as well as by people from different walks of life The first Black students arrived on campus during the late nineteenth and early twentieth centuries and the first full time Black faculty member was hired in the late 1940s Before and after the modern Civil Rights Movement African Americans from various backgrounds were transformed by MSU while also profoundly contributing in vital ways to the institution's growth and evolving identity

The Second Conquest of Latin America Steven C. Topik, Allen Wells, 2010-02-01 Between 1850 and 1930 Latin America's integration into the world economy through the export of raw materials transformed the region This encounter was nearly as dramatic as the

conquistadors epic confrontation with Native American civilizations centuries before An emphasis on foreign markets and capital replaced protectionism and self sufficiency as the hemisphere s guiding principles In many ways the means employed during this period to tie Latin America more closely to western Europe and North America resemble strategies currently in vogue Much can be learned from analyzing the first time that Latin Americans embraced export led growth This book focuses on the impact of three key export commodities coffee henequen and petroleum The authors concentrate on these rather than on national economies because they illustrate more concretely the interaction between the environment natural and human resources and the world economy By analyzing how different products spun complex webs of relationships with their respective markets the essays in this book illuminate the tensions and contradictions found in the often conflictive relationship between the local and the global between agency and the not so invisible hand Ultimately the contributors argue that the results of the second conquest were not one sided as Latin Americans and foreigners together forged a new economic order one riddled with contradictions that Latin America is still attempting to resolve today *The United States and the Andean Republics* Fredrick B. Pike,1977 Monograph on the role of USA in the present and historical political development of the Andean region treats the rise of corporativism ie The protection of traditional culture and social structure from negative outside capitalistic influences in Peru Bolivia and Ecuador and discusses the effects of race and religion Marxism elites and the CIAP on the formation of political ideology Maps and references

Conspiracy Theories and Latin American History Luis Roniger,Leonardo Senkman,2021-09-09 This book is a systematic inquiry of conspiracy theories across Latin America Conspiracy theories project not only an interpretive logic of reality that leads people to believe in sinister machinations but also imply a theory of power that requires mobilizing and taking action Through history many have fallen for the allure of conspiratorial narratives even the most unsubstantiated and bizarre This book traces the main conspiracy theories developing in Latin America since late colonial times and into the present and identifies the geopolitical socioeconomic and cultural scenarios of their diffusion and mobilization Students and scholars of Latin American history and politics as well as comparatists will find in this book penetrating analyses of major conspiratorial designs in this multi state region of the Americas

Decisions of International Courts and Tribunals and International Arbitrations Rudolf Bernhardt,2014-05-12 Encyclopedia of Public International Law 2 Decisions of International Courts and Tribunals and International Arbitrations focuses on articles on cases of major importance in international law that have come before international courts and arbitral tribunals The publication first elaborates on the Abu Dhabi Oil Arbitration Acquisition of Polish Nationality Admission of a State to Membership in United Nations Aramco Arbitration Argentina Chile Frontier Case and Arbitration Award under the Treaty of Finance and Compensation of 1961 The text then takes a look at the Barcelona Traction Case Buraimi Oasis Dispute Certain Expenses of the United Nations Clipperton Island Arbitration Costa Rica Packet Arbitration and Customs Regime between Germany and Austria The manuscript examines the Tinoco Concessions Arbitration

Timor Island Arbitration Sovereignty over Certain Frontier Land Case Belgium Netherlands Sapphire Arbitration Railway Traffic between Lithuania and Poland Preferential Claims against Venezuela Arbitration and Pious Fund Arbitration The publication is a dependable source of data for researchers interested in the decisions of international courts and tribunals and international arbitrations

Historical Dictionary of Paraguay R. Andrew Nickson, 2015-06-17 Land locked Paraguay is one of the smaller nations of Latin America whose global image is now changing very rapidly In the process the tired stereotype of a forgotten country comprising only military dictators Nazis and steam trains is being rapidly discarded Indeed Paraguay is now no longer off the map and its unique history is attracting growing interest This third edition of Historical Dictionary of Paraguay covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 1000 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Paraguay

Handbook Of Research On The International Relations Of Latin America And The Caribbean G. Pope Atkins, 2018-02-12 The study of Latin American and Caribbean international relations has a long evolution both within the development of international relations as a general academic undertaking and in terms of the particular characteristics that distinguish the approaches taken by scholars in the field This handbook provides a thorough multidisciplinary reference guide to the literature on the various elements of the international relations of Latin America and the Caribbean Citing over 1600 sources that date from the nineteenth century to the present with emphasis on recent decades the volume s analytic essays trace the evolution of research in terms of concepts issues and themes The Handbook is a companion volume to Atkins Latin America and the Caribbean in the International System Fourth Edition but also serves as an invaluable stand alone reference volume for students scholars researchers journalists and practitioners both official and private

The ^AHidden History of International Law in the Americas Dr. Juan Pablo Scarfi, 2017-03-15 This book offers the first exploration of the deployment of international law for the legitimization of U S ascendancy as an informal empire in Latin America This book explores the intellectual history of a distinctive idea of American international law in the Americas focusing principally on the evolution of the American Institute of International Law AIIL

Foreign Relations of the United States United States. Department of State, 1956

The Organization of American States David Sheinin, Carefully prepared scholarly work that fully annotates official and unofficial sources with 661 entries covering broad range of categories various citations fall under more than one A useful starting point for anyone interested in the Organization of American States and Pan Americanism Excellent index Handbook of Latin American Studies v 57

The Pan American Book Shelf , 1940

Cooperation and Hegemony in US-Latin American Relations Andrew R. Tillman, 2016-03-29 This edited volume revisits the idea of the Western Hemisphere First articulated by Arthur P Whitaker in 1954 but with origins in the earlier work of Herbert E Bolton it is the idea that the peoples of this Hemisphere stand in a special relationship to one

another which sets them apart from the rest of the world Whitaker 1954 For most scholars of US Latin American relations this is a curious concept They often conceptualize US Latin American relations through the prism of realism and interventionism While this volume does not deny that the United States has often acted as an imperial power in Latin America it is unique in that it challenges scholars to re think their preconceived notions of inter American relations and explores the possibility of a common international society for the Americas especially in the realm of international relations Unlike most volumes on US Latin American relations the book develops its argument in an interdisciplinary manner bringing together different approaches from disciplines including international relations global and diplomatic history human rights studies and cultural and intellectual history Transnational Perspectives on Latin America Luis Roniger, 2021-07-19 Latin America is a region made up of multiple states with a diversity of races ethnicities and cultures In Transnational Perspectives on Latin America Luis Roniger argues that a regional perspective is significant for understanding this part of the Western hemisphere He claims that geopolitical sociological and cultural trends molded a contiguity of influences shaping a transnational arena of connected histories cross border interactions and shared visions complementing the process of separate nation state formation
