

TRENDS Study on the Role of the Judiciary in U.S. Elections and Politics

Politics Of The Judiciary

Mark C. Miller

Politics Of The Judiciary:

The Politics of the Judiciary John Aneurin Grey Griffith, 1997 Griffith's controversial book has been fully revised and updated to consider the latest developments in relations between politicians and the judiciary including Michael Howard's conflict with the judges the Criminal Justice Act and Judicial Review

The Politics of Judicial Independence Bruce Peabody, 2011 2011 Winner of the Selection for Professional Reading List of the U S Marine Corps The judiciary in the United States has been subject in recent years to increasingly vocal aggressive criticism by media members activists and public officials at the federal state and local level This collection probes whether these attacks as well as proposals for reform represent threats to judicial independence or the normal even healthy operation of our political system In addressing this central question the volume integrates new scholarship current events and the perennial concerns of political science and law The contributors policy experts established and emerging scholars and attorneys provide varied scholarly viewpoints and assess the issue of judicial independence from the diverging perspectives of Congress the presidency and public opinion Through a diverse range of methodologies the chapters explore the interactions and tensions among these three interests and the courts and discuss how these conflicts are expressed and competing interests accommodated In doing so they ponder whether the U S courts are indeed experiencing anything new and whether anti judicial rhetoric affords fresh insights Case studies from Israel the United Kingdom and Australia provide a comparative view of judicial controversy in other democratic nations A unique assessment of the rise of criticism aimed at the judiciary in the United States

The Politics of Judicial Independence is a well organized and engagingly written text designed especially for students Instructors of judicial process and judicial policymaking will find the book along with the materials and resources on its accompanying website readily adaptable for classroom use

The Politics of the Judiciary J.A.G. Griffith, 1989 *Courts, Judges, and Politics* Walter F. Murphy, Charles Herman Pritchett, 1974 *Judicial Politics in the United States* Mark C. Miller, 2018-09-03

Judicial Politics in the United States examines the role of courts as policymaking institutions and their interactions with the other branches of government and other political actors in the U S political system Not only does this book cover the nuts and bolts of the functions structures and processes of our courts and legal system it goes beyond other judicial process books by exploring how the courts interact with executives legislatures and state and federal bureaucracies It also includes a chapter devoted to the courts interactions with interest groups the media and general public opinion and a chapter that looks at how American courts and judges interact with other judiciaries around the world *Judicial Politics in the United States* balances coverage of judicial processes with discussions of the courts interactions with our larger political universe making it an essential text for students of judicial politics

Building the Judiciary Justin Crowe, 2012-03-25 How did the federal judiciary transcend early limitations to become a powerful institution of American governance How did the Supreme Court move from political irrelevance to political centrality *Building the Judiciary* uncovers the causes and consequences of judicial institution building

in the United States from the commencement of the new government in 1789 through the close of the twentieth century Explaining why and how the federal judiciary became an independent autonomous and powerful political institution Justin Crowe moves away from the notion that the judiciary is exceptional in the scheme of American politics illustrating instead how it is subject to the same architectonic politics as other political institutions Arguing that judicial institution building is fundamentally based on a series of contested questions regarding institutional design and delegation Crowe develops a theory to explain why political actors seek to build the judiciary and the conditions under which they are successful He both demonstrates how the motivations of institution builders ranged from substantive policy to partisan and electoral politics to judicial performance and details how reform was often provoked by substantial changes in the political universe or transformational entrepreneurship by political leaders Embedding case studies of landmark institution building episodes within a contextual understanding of each era under consideration Crowe presents a historically rich narrative that offers analytically grounded explanations for why judicial institution building was pursued how it was accomplished and what in the broader scheme of American constitutional democracy it achieved *The Politics of Judicial Co-operation in the EU* Hans-W. Micklitz, 2005-07 Three case studies look into judicial co operation between Member States and the ECJ Views from the Bench Mark W. Cannon, David M. O'Brien, 1985 This anthology presents the views of members of the U S Supreme Court and leading federal and state judges on the judicial process the function of judges and the role of courts in American society

Courts and Judicial Policymaking Christopher P. Banks, David M. O'Brien, 2008 For courses in courts and the judicial process and law and society The scope of its coverage and its high academic quality makes it attractive for graduate courses as well Christopher P Banks and David M O'Brien wrote *Courts and Judicial Policymaking* to fill a need for a comprehensive textbook on law and judicial policymaking The text provides a fresh perspective on the contemporary politics of law courts the legal profession and judicial policymaking often with an underlying comparative judicial process perspective It covers four distinct areas 1 What is law 2 How are courts organized and how do they work procedurally 3 What influences court access and ultimately judicial decision making and 4 How do courts make policy and how is judicial authority constrained It has relevant and contemporary analyses of literature from the political science and legal fields and analyses from scholars who argue from the quantitative attitudinal and strategic models and the qualitative new institutionalism perspectives It contains up to date charts and graphs on the organization of courts and trends in litigation caseloads and opinion writing and it is appropriate for undergraduate and graduate classes Feedback includes The book is extremely well written and organized one of the smoothest textbooks I have read in terms of readability The tables provided are a major selling point for the book nicely summarize complex and often confusing materials Roger Handberg University of Central Florida The best feature of this manuscript is its thorough coverage of the subject matter as well as the in depth analysis of specific topics and questions addressed in the boxed material and sidebars Adding a comparative dimension by looking at the judicial systems and

procedures of other countries is also quite novel Susan Mezey Loyola University Chicago

Race, Gender, Sexuality, and the Politics of the American Judiciary Samantha L. Hernandez, Sharon A. Navarro, 2018-11-29 The judicial system in a liberal democracy is deemed to be an independent branch of government with judges free from political agendas or societal pressures In reality judges are often influenced by their economic and social backgrounds gender race religion and sexuality This volume explores the representation of different identities in the judiciary in the United States The contributors investigate the pipeline ambition institutional inclusion retention and representation of groups previously excluded from federal state and local judiciaries This study demonstrates how diversity on the bench improves the quality of justice bolsters confidence in the legitimacy of the courts and provides a vital voice in decision making power for formerly disenfranchised populations

Judicial Selection in the States Herbert M. Kritzer, 2020-04-30 How do legal professionalism and politics influence efforts to structure the process of selecting and retaining state judges

Courts, Judges, and Politics Charles Herman Pritchett, 1979

The Oxford Handbook of Dutch Politics, 2024-09-25 The Oxford Handbook of Dutch Politics provides a comprehensive longitudinal overview of the state of the art of academic research on the Dutch political system its origins and historical development its key institutions main fault lines pivotal processes and key public policy dynamics In each of the chapters researchers take stock of what if anything has changed over time how scholars have conceptualized and studied these dynamics and what key factors can account for the developmental patterns found to be at play Notwithstanding its considerable degree of constitutional and institutional stability Dutch politics has seen considerable step changes and occasional upheavals across the last half century Influenced by long term demographic socio economic and cultural shifts the old social cleavages have waned New social identities and dividing lines such as ethnicity education place and gender have influenced Dutch citizens political attitudes and behaviours including their voting patterns The media landscape and the information environment have been altered by new technologies that politicians and citizens alike have to navigate This has produced changes in such pivotal components as the party system coalition formation and management process and executive legislative relations and many others Moreover public policy paradigms and the political coalitions that sustained them have ascended and lost traction in most of the eleven policy domains discussed in the Handbook In all this volume provides unique and indispensable insights into stability and change in a political system that once gained notoriety as an archetype of a consensual or consociational democracy

Judicial Process: Law, Courts, and Politics in the United States David W. Neubauer, Stephen S. Meinhold, 2009-01-14 Working within the framework of law and politics JUDICIAL PROCESS combines detailed information about the major structures and processes of the American judiciary with an insider s understanding of the importance of courthouse dynamics From the organization and procedures of the various courts to the current applications of specific laws this text explores the roles and impact of the judicial system Throughout the text the authors not only explain what the legal rules are but also explore each rule s underlying assumptions history and goals for a

complete and balanced look at the role of the judicial system today Important Notice Media content referenced within the product description or the product text may not be available in the ebook version

Courts, Law, and Politics in Comparative Perspective Herbert Jacob, Erhard Blankenburg, Herbert M. Kritzer, Doris Marie Provine, Joseph Sanders, 1996-01-01 This comprehensive book compares the intersection of political forces and legal practices in five industrial nations the United States England France Germany and Japan The authors eminent political scientists and legal scholars investigate how constitutional courts function in each country how the adjudication of criminal justice and the processing of civil disputes connect legal systems to politics and how both ordinary citizens and large corporations use the courts For each of the five countries the authors discuss the structure of courts and access to them the manner in which politics and law are differentiated or amalgamated whether judicial posts are political prizes or bureaucratic positions the ways in which courts are perceived as legitimate forms for addressing political conflicts the degree of legal consciousness among citizens the kinds of work lawyers do and the manner in which law and courts are used as social control mechanisms The authors find that although the extent to which courts participate in policymaking varies dramatically from country to country judicial responsiveness to perceived public problems is not a uniquely American phenomenon

Law and Politics of Constitutional Courts Stefanus Hendrianto, 2018-04-17 This book critically evaluates different models of judicial leadership in Indonesia to examine the impact that individual chief justices can have on the development of constitutional courts It explores the importance of this leadership as a factor explaining the dynamic of judicial power Drawing on an Aristotelean model of heroism and the established idea of judicial heroes to explore the types of leadership that judges can exercise it illustrates how Indonesia's recent experience offers a stark contrast between the different models First a prudential minimalist heroic chief justice who knows how to enhance the Court's authority while fortifying the Court's status by playing a minimalist role in policy areas Second a bold and aggressive heroic chief justice employing an ambitious constitutional interpretation The third model is a soldier type chief justice who portrays himself as a subordinate of the Executive and Legislature Contrary perhaps to expectations the book's findings show a more cautious initial approach to be the most effective The experience of Indonesia clearly illustrates the importance of heroic judicial leadership and how the approach chosen by a court can have serious consequences for its success This book will be a valuable resource for those interested in the law and politics of Indonesia comparative constitutional law and comparative judicial politics

Politics and Judgment in Federal District Courts C. K. Rowland, Robert A. Carp, 1996 A major empirical and theoretical work that has the potential for becoming a classic in the field Sheldon Goldman author of *The Federal Courts as a Political System* This provocative theoretical approach should be of great interest to scholars and students of the federal bench Elliott E Slotnick editor of *Judicial Politics*

Politics on Trial Thomas T. Taylor, 2023 Deciphering the Dance Between Politics and the Judiciary Ever wondered how the intricate web of politics and the judiciary intertwines In an era where headlines blaze with

controversial political claims and counterclaims it's challenging to discern the truth. *Politics on Trial: The Judiciary's Role in Sorting Truth from Fiction* takes you on a riveting journey through the legal landscape of political assertions providing a clear lens to view the blurred lines between free speech, perjury and the many shades in between. Immerse yourself in the world of politics, law and justice as the author Thomas T Taylor delves deep into the pivotal role courts play in filtering truth from fiction. Understand the delicate balance the judiciary must maintain to ensure justice without stifling political discourse. Discover the mechanics behind high profile political trials, the dynamics of jury decision making and the vital importance of safeguarding the integrity of the prosecutor's office. As you turn the pages you'll unravel the often misunderstood concepts of defamation in politics and the serious repercussions of lying under oath. Through meticulously researched case studies the book highlights landmark cases where politicians were held accountable offering invaluable insights into the legal remedies available to challenge false political narratives. But the discourse doesn't end there. *Politics on Trial* also sheds light on concerns of judicial corruption probing the depth of its impact on political cases. It presents a global perspective comparing judicial integrity across countries and equipping readers with the knowledge to discern the red flags of a compromised judiciary. Equip yourself with a comprehensive understanding of the mechanisms in place to ensure judicial impartiality. From the recusal of judges to the role of oversight bodies, this book emphasizes the significance of transparency and accountability in fostering a trustworthy judiciary. Whether you're a political enthusiast, a legal professional or simply a curious reader, *Politics on Trial* promises to engage, enlighten and empower. Dive in and unlock the complexities of the interplay between politics and the judiciary, arming yourself with the knowledge to navigate the tumultuous waters of today's political landscape.

Kanyeiamba's Commentaries on Law, Politics and Governance Kanyeihamba, George W., 2015-02-01. Justice Professor Dr George W Kanyeihamba is one of the leading jurists in the field of constitutional and human rights law. In the last three decades he has been a key protagonist in the metamorphosis that has seen Uganda emerge from tyranny and lawlessness to the present constitutional and political order. These essays address three thematic areas namely: i Constitutional theory and practice including anecdotes on the making of the 1995 Constitution; ii Human rights; and iii governance and development. The work illustrates the hurdles met in the implementation of the 1995 Constitution arising out of constricted political spaces, excessive powers of the executive, a weak and gullible legislature as well as a threatened but resilient Judiciary. The Politics of Justice Cornell W. Clayton, 2015-06-18. First Published in 2015. This series on American Political Institutions and Public Policy intends to examine contemporary U.S. political developments and to discern their impact on issues of public policy. Cornell W. Clayton's *The Politics of Justice: The Attorney General and the Making of Legal Policy* is the second publication in the series. It is a fascinating study of politics and governance: how one government affects the other and how both affect public policy. Surveying the historical evolution of the office of the Attorney General, Clayton sees significant recent changes in the role, position and influence of the person who holds that office.
