Politics Of Work And Occupations:

The Politics of Work and Occupations Geoff Esland, Graeme Salaman, 1980 *The Politics of Work and Occupations* Geoff Esland, 1981 Handbook of the Politics of Labour, Work and Employment Gregor Gall, 2019 Providing a thorough overview of the political nature and dynamics of the world of work labour and employment this timely Handbook draws together an interdisciplinary range of top contributors to explore the interdependent relationship between politics and labour work and employment The Handbook explores the purpose roles rights and powers of employers and management workers and unions states and governments in the age of globalised neo liberalism **The SAGE Handbook of the Sociology of Work and Employment** Stephen Edgell, Heidi Gottfried, Edward Granter, 2015-12-03 The SAGE Handbook of the Sociology of Work and Employment is a landmark collection of original contributions by leading specialists from around the world The coverage is both comprehensive and comparative in terms of time and space and each state of the art chapter provides a critical review of the literature combined with some thoughts on the direction of research This authoritative text is structured around six core themes Historical Context and Social Divisions The Experience of Work The Organization of Work Nonstandard Work and Employment Work and Life beyond Employment Globalization and the Future of Work Globally the contours of work and employment are changing dramatically This handbook helps academics and practitioners make sense of the impact of these changes on individuals groups organizations and societies Written in an accessible style with a helpful introduction the retrospective and prospective nature of this volume will be an essential resource for students teachers and policy makers across a range of fields from business and management to sociology and organization studies *The Subjectivities and Politics of Occupational Risk* Alan Hall, 2020-11-29 The Subjectivities and Politics of Occupational Risk links restructuring in three industries to shifts in risk subjectivities and politics both within workplaces and within the safety management and regulative spheres often leading to conflict and changes in law political discourses and management approaches The state and corporate governance emphasis on worker participation and worker rights internal responsibility and self regulative technologies are understood as corporate and state efforts to reconstruct control and responsibility for Occupational Health and Safety OHS risks within the context of a globalized neoliberal economy Part 1 presents a conceptual framework for understanding the subjective bases of worker responses to health and safety hazards using Bourdieu's concept of habitus and the sociology of risk concepts of trust and uncertainty Part 2 demonstrates the restructuring arguments using three different industry case studies of multiple mines farms and auto parts plants The final chapter draws out the implications of the evidence and theory for social change and presents several recommendations for a more worker centred politics of health and safety The book will appeal to social scientists interested in health and safety work employment relations and labour law as well as worker advocates and activists *The Politics of Working Life* Judy Wajcman, 2005-09-08 How does the politics of working life shape modern organizations Is our desire for meaningful secure work increasingly at

odds with corporate behaviour in a globalized economy Does the rise of performance management culture represent an intensification of work or create opportunities for the freewheeling individual career This timely and engaging book by leading authorities in the field adopts the standpoint of the questioning observer It is for those who need an informed account of work that is accessible without being superficial The book is unique in its multi dimensional approach weaving together analysis of individual work experience political processes in organizations and the wider context of the social structuring of markets The book identifies central questions about working experience and answers them in a direct and lively manner It has a strong analytical foundation based on a political economy framework giving particular weight to the contradictory character of organizations These contradictions turn on the competing demands placed on organizations and the different political projects of groups within them This perspective integrates the chapters and permits numerous scholarly debates to be addressed including those on identity projects gender and work power and participation escalation in decision making and the meaning of corporate social responsibility This book is suitable for undergraduate and graduate classes in Organizational Behaviour Business Strategy and the Sociology of Work and Employment It will also appeal to the general reader interested in grappling with the complexity of the changing environment of work Professions Mike Saks,2021-04-19 Professions and professionalism have played an integral part in business and society In this book Mike Saks provides a thorough overview of this field through an analysis of a range of professions including amongst others accountants doctors and lawyers The book offers a critical analysis of such privileged occupational groups in modern societies Anticipating a positive if changing role for such groups in the years ahead the book outlines conflicting theoretical perspectives on professions and discusses current developments in an accessible multi disciplinary style The book documents their evolution and contemporary transformation from medieval guilds to fully fledged professions and international professional service firms while pointing a path towards their future in the world of work and beyond With insights into the recent challenges provided by clients citizens the state and corporations in neo liberal societies Professions provides a concise overview that will be essential reading for students academics and others interested in the operation of these key occupational groups in business and society The Politics of Working Life and Meaningful Waged Work Knut Laaser,Jan Ch. Karlsson,2023-11-16 A new theory exploring what makes modern waged work either meaningful or meaningless

Power, politics and influence at work Tony Dundon,Miguel Martinez Lucio,Emma Hughes,Debra Howcroft,Arjan Keizer,Roger Walden,2020-09-01 This book explores how power operates in workplace settings at local national and transnational levels It argues that how people are valued in and out of work is a political dynamic which reflects and shapes how societies treat their citizens Offering vital resources for activists and students on labour rights employment issues and trade unions this book argues that the influence workers can exert is changing dramatically and future challenges for change can be positive and progressive *Comparative Political Economy of Work* Marco Hauptmeier,Matt Vidal,2014-03-07 An

edited book in the Critical Perspectives on Work and Employment series associated with the annual International Labour Process Conference The book focuses on comparative work and employment relations research conducted within a broader political economy framework Written by leading academics it contains cutting edge research *Politics of Occupation-Centred Practice* Nick Pollard,Dikaïos Sakellariou,2012-06-11 POLITICS OF OCCUPATION CENTRED PRACTICE Reflections on occupational engagement across cultures Politics of Occupation Centred Practice Reflections on occupational engagement across cultures addresses the cultural aspects of occupational identity and draws out the implications for practice moving beyond the clinical environment to include the occupational therapist s work in the wider community It explores the development of individual occupational narratives community traditions and their roots in everyday experiences offering a range of examples from distinctive populations to demonstrate approaches to forming sustainable occupational engagements Chapters span such key areas as Experiences of Disaster Social Inclusion Disability and Participation and Sexuality Disability Cultures and Occupation This cutting edge text coordinated by two distinguished researchers and educators in the global field of occupational therapy and science is designed to meet the needs of students studying the conceptual foundations of occupational therapy occupational science role emerging practice occupational justice community development and community based rehabilitation The book will also be of interest to academics and practitioners exploring new practice contexts created by the drive to address the diversity and inclusion agenda **People and Work** Open University. Faculty of Social Sciences,1976 *Theories and Concepts in Work and Employment Relations* Andrew Smith,Pauline Dibben,Adrian Wilkinson,2025-06-09 This comprehensive book explores key theories and concepts in the study of work and employment relations Expert authors provide a detailed guide to the essential theories behind the ever changing world of employment presenting their own perspectives on these ideas **Women, Power and Political Systems** Margherita Rendel,2018-12-20 In their analyses of the role of women in politics political scientists had tended to neglect the family and the labour market thus ignoring a crucial aspect of women s political activity Originally published in 1981 this book shows that the family and the labour market are political institutions directly relevant to the distribution of power and to economic and social development Because the political functions of these two institutions are ignored political systems are misunderstood with serious consequences for the implementation of policy The studies in the book which relate to widely different political systems and which cross disciplinary boundaries all concentrate on the crucial activities of women They serve to increase our understanding of the political implications of the family of the sexual divisions of both domestic and wage labour and of the role of education in these inequalities at the time They show the fundamental comparability of the problems posed by patriarchy as well as the diversity of their manifestations in different political and economic systems Further the studies show an unexpected dependence of male dominated institutions such as the military and high technology on women s traditional gender roles Ways of empowering the powerless through law political activity and employment are

also discussed By extending the scope of discussion this book is a valuable contribution to our understanding of politics and of the centrality of women to political structures
