Polks Folly An American Family History

**Samuel S. Hill, Charles H. Lippy, Charles
Reagan Wilson**

Polks Folly An American Family History:

Polk's Folly William R. Polk, 2001-07-17 Polk's Folly is William Polk's captivating investigation of his impressive family tree and of the broader American tale it narrates Growing up in Texas in the late 1930s listening to his grandmother's memories of her childhood amidst the Civil War Polk became fascinated by tales of his family's engagement in monumental moments of our nation's history Beginning when Robert Pollok fled Ireland in the 1680s Polk's saga includes an Indian trader an early drafter of the Declaration of Independence one of our greatest presidents heroes and rascals on both sides of the Civil War Indian fighters a World War I diplomat and Polk's own brother a journalist who reported on the Nuremberg Trials Full of stunning detail and based on primary historical documents Polk's Folly is a grand American chronicle that allows history to include the lives that made it happen

Lady First Amy S. Greenberg, 2020-01-21 The little known story of remarkable First Lady Sarah Polk a brilliant master of the art of high politics and a crucial but unrecognized figure in the history of American feminism While the Women's Rights convention was taking place at Seneca Falls in 1848 First Lady Sarah Childress Polk was wielding influence unprecedented for a woman in Washington D C Yet while history remembers the women of the convention it has all but forgotten Sarah Polk Now in her riveting biography Amy S Greenberg brings Sarah's story into vivid focus We see Sarah as the daughter of a frontiersman who raised her to discuss politics and business with men we see the savvy and charm she brandished in order to help her brilliant but unlikeable husband James K Polk ascend to the White House We watch as she exercises truly extraordinary power as First Lady quietly manipulating elected officials shaping foreign policy and directing a campaign in support of America's expansionist war against Mexico And we meet many of the enslaved men and women whose difficult labor made Sarah's political success possible Sarah Polk's life spanned nearly the entirety of the nineteenth century But her own legacy which profoundly transformed the South continues to endure Comprehensive nuanced and brimming with invaluable insight Lady First is a revelation of our twelfth First Lady's complex but essential part in American feminism

Polk Walter R. Borneman, 2009-04-14 In Polk Walter R Borneman gives us the first complete and authoritative biography of a president often overshadowed in image but seldom outdone in accomplishment James K Polk occupied the White House for only four years from 1845 to 1849 but he plotted and attained a formidable agenda He fought for and won tariff reductions reestablished an independent Treasury and most notably brought Texas into the Union bluffed Great Britain out of the lion's share of Oregon and wrested California and much of the Southwest from Mexico On reflection these successes seem even more impressive given the contentious political environment of the time In this unprecedented long overdue work and all look at Polk's life and career we have a portrait of an expansionist president and decisive statesman who redefined the country he led and we are reminded anew of the true meaning of presidential accomplishment and resolve

James K. Polk Mark E. Byrnes, 2001-11-02 This A Z encyclopedia provides a detailed overview of America's 11th president and connects Polk's public and personal life to his historical

significance In 1844 James K Polk was not a promising presidential nominee he was not popular charismatic or even well known But by the time he left office in 1849 he had acquired the enormous Oregon Territory by negotiation and had taken by force more than half of Mexico s territory an area of about 500 000 square miles Yet Polk s territorial successes inspired the rancorous debate over whether slavery should be allowed in the new territories a debate that ended in civil war Modern critics charge that Polk s actions toward Mexico were amoral if not immoral In this comprehensive examination of Polk s life and career our 11th president emerges as a complex man and a skillful politician who pursued power relentlessly Well Met! Friends and Travelling Companions of Rev. Thomas Bowles David Kennedy,2023-05-04 This volume follows Rev Thomas Bowles on his travels from Sri Lanka to Egypt and the Levant His travel journals record the places seen and the often harsh travel conditions Bowles notes are amplified by chapters offering additional context and biographies for the broad cross section of fascinating people encountered along the way **Leonidas Polk** Huston Horn,2019-02-19 Leonidas Polk was a graduate of West Point who resigned his commission to enter the Episcopal priesthood as a young man At first combining parish ministry with cotton farming in Tennessee Polk subsequently was elected the first bishop of the Louisiana Diocese whereupon he bought a sugarcane plantation and worked it with several hundred slaves owned by his wife Then in the 1850s he was instrumental in the founding of the University of the South in Sewanee Tennessee When secession led to war he pulled his diocese out of the national church and with other Southern bishops established what they styled the Protestant Episcopal Church in the Confederate States of America Polk then offered his military services to his friend and former West Point classmate Jefferson Davis and became a major general in the Confederate Army Polk was one of the more notable yet controversial generals of the war Recognizing his indispensable familiarity with the Mississippi Valley Confederate president Jefferson Davis commissioned his elevation to a high military position regardless of his lack of prior combat experience Polk commanded troops in the Battles of Belmont Shiloh Perryville Stones River Chickamauga and Meridian as well as several smaller engagements in Georgia leading up to Atlanta Polk is remembered for his bitter disagreements with his immediate superior the likewise controversial General Braxton Bragg of the Army of Tennessee In 1864 while serving under the command of General Joseph E Johnston Polk was killed by Union cannon fire as he observed General Sherman s emplacements on the hills outside Atlanta **James K. Polk** John Seigenthaler,2014-03-11 The story of a pivotal president who watched over our westward expansion and solidified the dream of Jacksonian democracy James K Polk was a shrewd and decisive commander in chief the youngest president elected to guide the still young nation who served as Speaker of the House and governor of Tennessee before taking office in 1845 Considered a natural successor to Andrew Jackson Young Hickory miraculously revived his floundering political career by riding a wave of public sentiment in favor of annexing the Republic of Texas to the Union Shortly after his inauguration he settled the disputed Oregon boundary and by 1846 had declared war on Mexico in hopes of annexing California The considerably smaller American army never lost a battle At home

however Polk suffered a political firestorm of antiwar attacks from many fronts Despite his tremendous accomplishments he left office an extremely unpopular man on whom stress had taken such a physical toll that he died within three months of departing Washington Fellow Tennessean John Seigenthaler traces the life of this president who as Truman noted said what he intended to do and did it *American Boundaries* Bill Hubbard,2008-11-15 For anyone who has looked at a map of the United States and wondered how Texas and Oklahoma got their Panhandles or flown over the American heartland and marveled at the vast grid spreading out in all directions below *American Boundaries* will yield a welcome treasure trove of insight The first book to chart the country s growth using the boundary as a political and cultural focus Bill Hubbard s masterly narrative begins by explaining how the original thirteen colonies organized their borders and decided that unsettled lands should be held in trust for the common benefit of the people Hubbard goes on to show with the help of photographs diagrams and hundreds of maps how the notion evolved that unsettled land should be divided into rectangles and sold to individual farmers and how this rectangular survey spread outward from its origins in Ohio with surveyors drawing straight lines across the face of the continent Mapping how each state came to have its current shape and how the nation itself formed within its present borders *American Boundaries* will provide historians geographers and general readers alike with the fascinating story behind those fifty distinctive jigsaw puzzle pieces that together form the United States *A Nation of Descendants* Francesca Morgan,2021-09-15 From family trees written in early American bibles to birther conspiracy theories genealogy has always mattered in the United States whether for taking stock of kin when organizing a family reunion or drawing on membership by blood or other means to claim rights to land inheritances and more And since the advent of DNA kits that purportedly trace genealogical relations through genetics millions of people have used them to learn about their medical histories biological parentage and ethnic background *A Nation of Descendants* traces Americans fascination with tracking family lineage through three centuries Francesca Morgan examines how specific groups throughout history grappled with finding and recording their forebears focusing on Anglo American white Mormon African American Jewish and Native American people Morgan also describes how individuals and researchers use genealogy for personal and scholarly purposes and she explores how local businesspeople companies like Ancestry com and Henry Louis Gates Jr s Finding Your Roots series powered the commercialization and commodification of genealogy *A Country of Vast Designs* Robert W. Merry,2010-11-02 ROBERT MERRY S BRILLIANT AND HIGHLY ACCLAIMED HISTORY OF A CRUCIAL EPOCH IN U S HISTORY In a one term presidency James K Polk completed the story of America s Manifest Destiny extending its territory across the continent by threatening England with war and manufacturing a controversial and unpopular two year war with Mexico *Imagining the Middle East* Matthew F. Jacobs,2011-09-12 As its interests have become deeply tied to the Middle East the United States has long sought to develop a usable understanding of the people politics and cultures of the region In *Imagining the Middle East* Matthew Jacobs illuminates how Americans ideas and perspectives about the region have shaped

justified and sustained U S cultural economic military and political involvement there Jacobs examines the ways in which an informal network of academic business government and media specialists interpreted and shared their perceptions of the Middle East from the end of World War I through the late 1960s During that period Jacobs argues members of this network imagined the Middle East as a region defined by certain common characteristics religion mass politics underdevelopment and an escalating Arab Israeli Palestinian conflict and as a place that might be transformed through U S involvement Thus the ways in which specialists and policymakers imagined the Middle East of the past or present came to justify policies designed to create an imagined Middle East of the future Jacobs demonstrates that an analysis of the intellectual roots of current politics and foreign policy is critical to comprehending the styles of U S engagement with the Middle East in a post 9 11 world

The Colonial Towns of Piedmont North Carolina Christopher E. Hendricks, 2024-11-15 How do towns come into existence What circumstances determine whether they succeed or fail In *The Colonial Towns of Piedmont North Carolina* author Christopher E Hendricks looks at one region in eighteenth century America to explore answers to these questions He examines the establishment and development of eleven towns in the Piedmont classifying them into three types county towns formed by the establishment of government institutions such as a courthouse trade towns formed around commercial opportunities and religious towns such as the three towns developed in Wachovia a region where Moravians settled He uses these classifications to tell the stories of how these towns came into being and how in their development they struggled against economic cultural and political challenges Ultimately *The Colonial Towns of Piedmont North Carolina* deepens our understanding of the influence that American towns had on the settlement of the backcountry Hendricks tells the poignant story of the Moravians struggle to maintain their neutral stance during the Revolutionary War surviving exploitation and brutality from both the Continental Army and the British The author also integrates the history of Native Americans into this mix of competing forces and shows how they were challenged by and resisted the newcomers He emphasizes the role of individual initiative as well as the impetus of government specifically courthouses in establishing towns By utilizing a variety of rarely examined primary sources methodological approaches ranging from geographic theory to material culture studies and a deep examination of local history Hendricks provides a comprehensive analysis of the emergence of these towns on the frontier

The True Image Daniel W. Patterson, 2012-10-08 A thousand unique gravestones cluster around old Presbyterian churches in the piedmont of the two Carolinas and in central Pennsylvania Most are the vulnerable legacy of three generations of the Bigham family Scotch Irish stonecutters whose workshop near Charlotte created the earliest surviving art of British settlers in the region In *The True Image* Daniel Patterson documents the craftsmanship of this group and the current appearance of the stones In two hundred of his photographs he records these stones for future generations and compares their iconography and inscriptions with those of other early monuments in the United States Northern Ireland and Scotland Combining his reading of the stones with historical records previous scholarship and rich oral lore Patterson

throws new light on the complex culture and experience of the Scotch Irish in America In so doing he explores the bright and the dark sides of how they coped with challenges such as backwoods conditions religious upheavals war political conflicts slavery and land speculation He shows that headstones resting quietly in old graveyards can reveal fresh insights into the character and history of an influential immigrant group *Cloak and Dollar* Rhodri Jeffreys-Jones,2003-01-01 Rhodri Jeffreys Jones a leading expert on the history of American espionage here offers a lively and sweeping history of American secret intelligence from the founding of the nation through the present day Jeffreys Jones chronicles the extraordinary expansion of American secret intelligence from the 1790s when George Washington set aside a discretionary fund for covert operations to the beginning of the twenty first century when United States intelligence expenditure exceeds Russia s total defense budget How did the American intelligence system evolve into such an enormous and costly bureaucracy Jeffreys Jones argues that hyperbolic claims and the impulse toward self promotion have beset American intelligence organizations almost from the outset Allan Pinkerton whose nineteenth century detective agency was the forerunner of modern intelligence bureaus invented assassination plots and fomented anti radical fears in order to demonstrate his own usefulness Subsequent spymasters likewise invented or exaggerated a succession of menaces ranging from white slavery to Soviet espionage to digital encryption in order to build their intelligence agencies and later to defend their ever expanding budgets While American intelligence agencies have achieved some notable successes Jeffreys Jones argues the intelligence community as a whole has suffered from a dangerous distortion of mission By exaggerating threats such as Communist infiltration and Chinese espionage at the expense of other more intractable problems such as the narcotics trade and the danger of terrorist attack intelligence agencies have misdirected resources and undermined their own objectivity Since the end of the Cold War the aims of American secret intelligence have been unclear Recent events have raised serious questions about effectiveness of foreign intelligence and yet the CIA and other intelligence agencies are poised for even greater expansion under the current administration Offering a lucid assessment of the origins and evolution of American secret intelligence Jeffreys Jones asks us to think also about the future direction of our intelligence agencies Envisioning the Arab Future Nathan J. Citino,2017-02-17 Decades before 9 11 and the Arab Spring US and Arab elites contended over the future of the Middle East Through unprecedented research in Arabic and English *Envisioning the Arab Future* details how Americans and Arabs nationalists Islamists and communists disputed the meaning of modernization within a shared set of Cold War era concepts Faith in linear progress the idea that society functioned as a system and a fascination with speed united officials and intellectuals who were otherwise divided by language and politics This book assesses the regional implications of US power while examining a range of topics that transcends the Arab Israeli conflict including travel communities gender oil agriculture Iraqi nationalism Nasser s Arab Socialism and hijackings in both the United States and the Middle East By uncovering a shared history of modernization between Arabs and Americans *Envisioning the Arab Future* challenges

assumptions about a clash of civilizations and profoundly reinterprets the antecedents of today's crises *Presidents in Retirement* Paul B. Wice, 2009-04-16 *Presidents in Retirement* Alone and Out of the Office describes and analyzes the behavior of those thirty four former presidents who survived their terms and were faced with deciding how to make the most of their new lives as private citizens Rather than simply present a chronology of presidential behavior the book explores the variety of retirement activities with chapters on partisan politics public service economic pursuits leisurely activities health concerns and relationships with a successor The book's emphasis is on the range of social psychological factors affecting the behavior of ex presidents once they leave the White House What did these once powerful men do to fill many empty hours of retirement Why did they pursue particular avenues of endeavor and to what degree did these choices provide satisfaction What discernible patterns of behavior can be identified which can be of predictive value in understanding the retirement behavior of future presidents This book offers a unique opportunity to examine the personality and beliefs of our presidents in a relatively pristine setting The reader can observe these former chief executives without having to factor in the influence of advisors and staff Retirement grants a personal freedom to engage in activities and express oneself without great concern with political repercussions Additionally once out of the White House ex presidents are no longer trapped by political crises which are likely to circumscribe their behavior Retirement is therefore a time when a person can express true inner feelings and behave in a manner consistent with these beliefs Freeing them from the dictates of a difficult job retirement offers former presidents the freedom and enjoyment to live their final years in comfort and happiness or under stressful conditions caused by economic or health concerns Although the step down from the presidency may be much greater than the average person's experiences of entering retirement the relative problems and rewards are only of a qualitative difference *A Huguenot on the Hackensack* David C. Major, John S. Major, 2007 David Demarest or des Marets married Marie Sohier in 1643 in Middleburg the Netherlands They emigrated in about 1663 and settled first in New York and later in New Jersey

Faces of the Confederacy Ronald S. Coddington, 2009-01-19 Extensive research fascinating characters The author has done an admirable job of literally placing a face on the ordinary Confederate soldier The Journal of Southern History The history of the Civil War is the stories of its soldiers writes Ronald S Coddington in the preface to *Faces of the Confederacy* This book tells the stories of seventy seven Southern soldiers young farm boys wealthy plantation owners intellectual elites uneducated poor who posed for photographic portraits cartes de visite to leave with family friends and sweethearts before going off to war Coddington a passionate collector of Civil War era photography conducted a monumental search for these previously unpublished portrait cards then unearthed the personal stories of their subjects putting a human face on a war rife with inhuman atrocities The Civil War took the lives of twenty two of every hundred men who served Coddington follows the exhausted survivors as they return home to occupied cities and towns ravaged farmlands a destabilized economy and a social order in the midst of upheaval This book is a haunting and moving tribute to those brave men Like its companion

volume *Faces of the Civil War An Album of Union Soldiers and Their Stories* this book offers readers a unique perspective on the war and contributes to a better understanding of the role of the common soldier With his meticulous research and a journalist s eye for good stories Ron Coddington has brought new life to Civil War photographic portraits of obscure and long forgotten Confederates whose wartime experiences might otherwise have been lost to history Bob Zeller cofounder and president of the nonprofit Center for Civil War Photography *Encyclopedia of Religion in the South* Samuel S. Hill, Charles H. Lippy, Charles Reagan Wilson, 2005 The publication of the *Encyclopedia of Religion in the South* in 1984 signaled the rise in the scholarly interest in the study of Religion in the South Religion has always been part of the cultural heritage of that region but scholarly investigation had been sporadic Since the original publication of the ERS however the South has changed significantly in that Christianity is no longer the primary religion observed Other religions like Judaism Buddhism and Hinduism have begun to have very important voices in Southern life This one volume reference the only one of its kind takes this expansion into consideration by updating older relevant articles and by adding new ones After more than 20 years the only reference book in the field of the Religion in the South has been totally revised and updated Each article has been updated and bibliography has been expanded The ERS has also been expanded to include more than sixty new articles on Religion in the South New articles have been added on such topics as Elvis Presley Appalachian Music Buddhism Bill Clinton Jerry Falwell Fannie Lou Hamer Zora Neale Hurston Stonewall Jackson Popular Religion Pat Robertson the PTL Sports and Religion in the South theme parks and much more This is an indispensable resource for anyone interested in the South religion or cultural history **Just a Family History** Glenn L. Bower, 2011 Johann Paul Ba r was born in 1795 in Roigheim Germany He married Mary Elizabeth Pfeiffer in 1822 hey had six sons They emigrated in 1833 and settled in Ohio He died in 1867

Yeah, reviewing a book **Polks Folly An American Family History** could grow your close contacts listings. This is just one of the solutions for you to be successful. As understood, capability does not recommend that you have astonishing points.
