described as family horror movie both in its target audience and in its narrative context the story of an All American suburban family the Freelings whose home suddenly becomes the site of a spectacular haunting apparently summoned by their young daughter The film is somewhat of an anachronism and this Devil s Advocate explores this in both the scope of production and narrative The book discusses the duality of the text highlighting debates surrounding both Spielberg s somewhat saccharine portrayal of middle class Americana and his more subversive cinematic endeavours The duality of the text also will also be discussed in the context of the film s production with both Spielberg and Hooper on set for much of the time the result was a movie with the production values effects and marketing of a high budget mainstream cinema blockbuster apparently directed by a subversive grindhouse cinema auteur Yet Poltergeist is neither nor both of those things instead being a unique hybrid of genres and styles taking the best and worst from both aspects of family blockbuster and cult horror film and as such can be seen as a text that is something unique a classic modern take on the traditional haunted house story

The New Heretics Andy Thomas, 2021-12-14 This is the most balanced and well reasoned investigation available into why people believe today s highly divisive conspiracy theories from COVID and QAnon to 5G scares fake news and more Through their part in some huge controversies conspiracy theorists are being branded the Number One Enemies of our times the new heretics They are seen to threaten the very fabric of modern society spreading doubts and fears that result in Washington Capitol invasions transmission mast burnings or the spread of anti vaxx material Yet the theorists prefer to call themselves truth seekers and see the mainstream establishment as the real disruptor treating its increasingly harsh censorship as direct validation of their views In truth the new heretics whose numbers are swelling are symptoms of a wider polarization splitting apart much of the world in ideological divisions Many have lost trust in politicians and the media while nuanced debate is crushed and information overload and manipulation breeds uncertainty civil unrest and mental health issues How does the age old strategy of divide and rule play out in such an environment Using his extensive experience of negotiating disputes between cynics and truth seekers Andy Thomas explores the proliferation of conspiracy thinking peeling back unhelpful layers of biased thinking on all sides to find more insightful ways to bridge the polarised divides and create a better way forward
