Poltergeist Phenomenon An Investigation Into Psychic Disturbance

Trevor J. Hawkeswood

Poltergeist Phenomenon An Investigation Into Psychic Disturbance:

The Poltergeist Phenomenon John Spencer, Anne Spencer, 1997-05-08 Bites and scratch marks Noises with no obvious cause Malicious and cunning audacious and unpredictable poltergeists incite terror in their victims and can drive people from their homes John and Anne Spencer consider the evidence and sum up research into the phenomenon of the poltergeist

The Poltergeist Phenomenon Michael Clarkson, 2025-09-12 A poltergeist is defined as a disturbance or energy with bizarre physical effects of paranormal origin that suggest mischievous or destructive intent such as breaking or moving objects and loud knocks or noises The Poltergeist Phenomenon is an exciting original look at an old subject by an award winning investigative reporter The author has reviewed 75 cases and interviewed hundreds of witnesses paranormal experts law enforcement officers psychologists and skeptics to come up with eye opening results The typical poltergeist case involves a young person from a repressed home who is going through puberty He or she may have epilepsy which produces recurrent spontaneous psychokinesis a state in which gravity is temporarily suspended A respected former Princeton University scientist believes he has proven in laboratory experiments that psychokinesis exists and that poltergeist cases are probably true This rare energy may be part of a person's fight or flight system which is hardwired into everyone and can erupt in certain conditions **Poltergeists** P. G. Maxwell-Stuart, 2011-12-15 The story of violent ghost phenomena through the ages

Randi's Prize Robert McLuhan, 2010 James The Amazing Randi is a stage magician who says he has a million dollars for anyone who can convince him they have psychic powers No one has even come close to winning proof say sceptical scientists that there is no such thing as the paranormal But are they right In this illuminating and often provocative analysis Robert McLuhan examines the influence of Randi and other debunking sceptics in shaping scientific opinion about such things as telepathy psychics ghosts and near death experiences He points out that scientific researchers who investigate these things at first hand overwhelmingly consider them to be genuinely anomalous But this has shocking implications for science for society and for even perhaps for ourselves as individuals Hence the sceptics insistence that they should rather be attributed to fraud imagination and wishful thinking However this extraordinary and little understood aspect of consciousness has much to tell us about the human situation McLuhan suggests And at a time when militants are polarising the debate about religion its mystical spiritual element offers an optimistic and enlightened way forward Randi's Prize is aimed at anyone interested in spirituality or those curious to know the truth about paranormal claims It's an intelligent and readable analysis of scientific research into the paranormal which uniquely also closely examines the arguments of well known sceptics Blithe Spirits S. D. Tucker, 2020-03-15 Covering and analyzing a wide global selection of reported poltergeist phenomena through history literature and society Light and Dark Trevor J. Hawkeswood, 2013 Trevor J Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime In Light and Dark he recounts some of these incredible interactions He believes that reality occurs on two separate but interwoven planes of existence the Earth plane and the

multiple levels of the spiritual planes including the lower levels from where the dark souls of humans who have died reach out to us He has experienced more than one hundred sightings of the shadow people or black ghosts He credits guardian angels with saving him from harm or certain death on a number of occasions Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs He has personally experienced clairsaudience voices from beyond and precognition or the ability to see the future His detailed account of a unique out of body experience OOB challenges what is known about this remarkable ability His OOB was unlike anything that has ever been described by others who have experienced it and he shares it all in *Light and Dark* But it hasn't all been safe or pleasant At eighteen he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him A comprehensive handbook for the paranormal enthusiast Hawkeswood's work also provides a glossary and reference list of English language UFO books In *Light and Dark* he shares a lifetime of experiences ideas and theories about this fascinating field of study

The Decline of Magic Michael Hunter, 2020-01-07 A new history that overturns the received wisdom that science displaced magic in Enlightenment Britain named a Best Book of 2020 by the Financial Times In early modern Britain belief in prophecies omens ghosts apparitions and fairies was commonplace Among both educated and ordinary people the absolute existence of a spiritual world was taken for granted Yet in the eighteenth century such certainties were swept away Credit for this great change is usually given to science and in particular to the scientists of the Royal Society But is this justified Michael Hunter argues that those pioneering the change in attitude were not scientists but freethinkers While some scientists defended the reality of supernatural phenomena these sceptical humanists drew on ancient authors to mount a critique both of orthodox religion and by extension of magic and other forms of superstition Even if the religious heterodoxy of such men tarnished their reputation and postponed the general acceptance of anti magical views slowly change did come about When it did this owed less to the testing of magic than to the growth of confidence in a stable world in which magic no longer had a place

Poltergeist! A New Investigation Into Destructive Haunting John Fraser, 2020-07-31 There are few factual books written about poltergeist phenomena John's Fraser's *Poltergeist A New Investigation Into Destructive Haunting* fills that void advancing and updating Colin Wilson's work *Poltergeist* this study's namesake from over 38 years ago Fraser takes readers on a journey from the Borley Rectory to the Isle of Man and grounds his readers in an historical overview of Poltergeist phenomena He examines where such events overlap with other paranormal investigations of apparitional ghosts What do they have in common what do they differ To answer this Fraser looks to new research on paranormal events never before published in book form Fraser contends perhaps controversially that ghost sightings are and always will be ambiguous and near impossible to prove that only Poltergeist phenomena can be empirically verified

The Paranormal Review, 2004

Witch's Guide to the Paranormal J. Allen Cross, 2022-09-08 Flex Investigative Methods That Only Witches Can Wield As a witch your ability to manipulate energy allows you to interact with ghosts in ways that other investigators can't

Consulting Spirits Joel Bjorling, 1998-04-30 Throughout history people have been intrigued with spirits angels or devas as sources of wisdom and guidance They are not only interesting as those who possess an insight into events and circumstances but also as proof of life after death In this clear and useful reference guide Bjorling presents a listing of the literature on the various ways in which people of different cultures have consulted spirits through shamans and oracles magic mediums Voodoo and psychics Each chapter contains a general introduction to the respective topic as well as a listing of pertinent books articles and dissertations His survey also includes early spirit contacts in Africa Latin America and Asia

Hauntings and Poltergeists James Houran, Rense Lange, 2015-08-13 Few people can claim the distinction of experiencing first hand such occurrences as hauntings and the presence of poltergeists but countless numbers of people are fascinated by these unexplainable events Written by the world s most knowledgeable authorities in this field the essays in this work promote a better understanding of the manifestations of and various reasons for hauntings and poltergeist phenomena The experts come from such backgrounds as anthropology history philosophy psychiatry and sociology and provide sober yet highly readable in depth discussions of numerous ideas and rationalizations for hauntings

and poltergeists from a critical and scientific perspective Divided into three major sections sociocultural physical and physiological and psychological perspectives this work provides an overview of each perspective and also addresses the general psychology of belief in the paranormal and how that belief relates to experiences with ghosts and poltergeists

Haunted Brad Steiger, 2018-09-01 Chronicles the lives transformed by encounters with the ghosts and supernatural hauntings through disquieting testimonials enlightening research and informative historical accounts Bringing forth the spirits touching on near death experiences and parallel universes and presenting the full range of ghostly manifestations Haunted Malevolent Ghosts Night Terrors and Threatening Phantoms pulls back the curtains on the hidden and frightening world of supernatural spirits malevolent phantoms menacing beings paranormal encounters spectral apparitions threatening poltergeists and sinister hauntings Thrown into the middle of the action master storyteller Brad Steiger shares true accounts of ghostly encounters in the ancient world horrors and hauntings in the forests and fields possessed houses and homes night terrors poltergeists and malevolent spirits speaking to spirits near death experiences and out of body visits visitations from dead loved ones and much much more Nearly 300 hair raising tales found everywhere including The devil rider of Chisholm Hollow The ghosts of Sandy's Restaurant Ventura CA The exorcism of Joan Crawford's former house A ghostly encounter at Beverly Hill's Greystone Mansion How to identify a poltergeist Shamanic spirit guides The medium Daniel Dunglas's Home and his clients Elizabeth Barrett Browning Mark Twain Napoleon III the Empress Eugenie Tolstoy and other notables The Bell Witch legend The Jersey Devil that haunts the Pine Barrens Building on his decades of research into the paranormal mystical and supernatural Brad Steiger brings the history theories and influences of these mysterious visitors to life Tracing the perplexing and lasting effects of these ghostly beings he looks at the scars left and the fallout on the people who've lived through a host of alarming horrifying and horrifyingly real encounters The British National Bibliography Arthur James Wells, 2005

The Man Who Could Fly Michael Grosso, 2015-12-14 St Joseph of Copertino began having mystical visions at the age of seven but it was not until he began practicing his faith as a Franciscan priest that he realized the full potential of his mind's power over his body he was able to levitate Throughout his priesthood St Joseph became famous for frequent levitations that were observed on hundreds of occasions and by thousands of witnesses including many skeptics Michael Grosso delves into the biography of the saint to explore the many strange phenomena that surrounded his life and develops potential physical explanations for some of the most astounding manifestations of his religious ecstasy Grosso draws upon contemporary explorations into cognition the relationship between the human mind and body and the scientifically recorded effects of meditation and other transcendent practices to reveal the implications of St Joseph's experiences and abilities
