Pompeii A Sourcebook:

Pompeii and Herculaneum Alison E. Cooley, M. G. L. Cooley, 2013-10-01 The original edition of Pompeii A Sourcebook was a crucial resource for students of the site. Now updated to include material from Herculaneum, the neighbouring town also buried in the eruption of Vesuvius, Pompeii and Herculaneum A Sourcebook allows readers to form a richer and more diverse picture of urban life on the Bay of Naples. Focusing upon inscriptions and ancient texts, it translates and sets into context a representative sample of the huge range of source material uncovered in these towns. From the labels on wine jars to scribbled insults and from advertisements for gladiatorial contests to love poetry, the individual chapters explore the early history of Pompeii and Herculaneum, their destruction, leisure pursuits, politics, commerce, religion, the family and society. Information about Pompeii and Herculaneum from authors based in Rome is included, but the great majority of sources come from the cities themselves, written by their ordinary inhabitants: men and women, citizens and slaves. Incorporating the latest research and finds from the two cities and enhanced with more photographs, maps and plans, Pompeii and Herculaneum A Sourcebook offers an invaluable resource for anyone studying or visiting the sites. *Pompeii* Alison E. Cooley, 2023-10-05 This second edition of Alison E. Cooley's accessible introduction to Pompeii takes into account the major new theories and discoveries that have emerged since the first edition was published 20 years ago. Italy's third most popular tourist destination, Pompeii attracts millions of visitors each year, and images of the town are familiar all around the world. However, even today our picture of the site is being impacted by new archaeological discoveries. This book focuses particularly on the date of the eruption, the natural environment of Pompeii, the recovery of skeletal remains and plaster casts, and Pompeii in the popular imagination. In addition, three new chapters look at the popularization of Pompeii, archaeological reconstruction of the Roman town, and how we know what we know about the people who lived there. The technological advances of the 20th and 21st centuries have transformed our understanding of the urban environment of Pompeii, raising new questions even as they dig ever deeper into the surviving material evidence. This volume offers a succinct and insightful exploration of the impact of these scientific and archaeological innovations, as well as that of contemporary politics, upon interpretations of Pompeii over the last 250 years, including the ways in which advances in volcanology have transformed our picture of its last moments.

Robes, Romans, and Rituals in First Corinthians Aldar Nommik, 2025-08-11 This thesis offers a novel interpretation of 1 Cor 11:2-16 in light of the Roman ritual practice of *capite velato* a custom of covering the head with a garment during prayer sacrifice and divination It traces linguistic and conceptual links between ancient descriptions and depictions of *capite velato* and 1 Cor 11:2-16 and demonstrates that this ritual gesture must have been

familiar to Paul and his Corinthian interlocutors With the aid of cognitive science of religion this thesis explores the possible reasons for and implications of Paul's instructions on this Roman custom in First Corinthians It argues that 1 Cor 11 2 16 preserves a clash of values between Paul and his addressees in regards to the correct procedure and efficacy of prayer and accessing of divine knowledge some in Corinth had begun to argue that for the sake of uniformity all members of the Christ association including married women of all cultures should strip their heads of everything when in prayer or when seeking divine knowledge to match the appearance of Roman men whom Paul had asked not to pray with garments over the head In response to this Paul found a way to argue that praying with a garment over the head is only shameful for men but the same does not apply for women and so women can keep their head coverings and hair accessories on during prayer and prophecy While these instructions may have been intelligible to the original readers later interpreters of Paul who had no knowledge of the *Sitz im Leben* that prompted 1 Cor 11 2 16 misunderstood and misappropriated Paul's instructions in this passage mistakenly believing Paul to have been solely concerned with a faction of rebellious women in the Corinthian congregation These assumptions have dominated the readings of 1 Cor 11 2 16 but this thesis offers an alternative interpretation that builds on a more accurate understanding of ancient customs and ideals related to ritual head coverings
