Pony Tracks:

Pony Tracks Frederic Remington, 2021-04-26 In *Pony Tracks* Frederic Remington captures the rugged essence of the American West through a series of compelling essays and vignettes illustrated with his signature artwork. The book deftly intertwines personal narrative with vivid descriptions of frontier life, highlighting themes of adventure, nature, and the indomitable spirit of the cowboy. Remington's prose is characterized by its rich imagery and evocative language that beckons readers into a world of untamed landscapes and the colorful characters who inhabit them, all contributing to the literary movement of American realism at the turn of the 20th century. Frederic Remington was not only a prolific writer but also a renowned painter and sculptor, revered for his depictions of the American West. His formative years spent in the rural landscapes of New York and his extensive travels through the Western frontier shaped his artistic vision and informed his writing. Engaging with the culture of cowboys and Native Americans, Remington sought to document the vibrant, often harsh realities of life on the range, showcasing his deep appreciation for the American spirit and its mythology. *Pony Tracks* is an essential read for anyone passionate about American history, literature, and art. Remington's unique narrative style and authentic perspective invite you to explore the charm and grit of the West, making this book a valuable addition to the library of both casual readers and scholars alike.

Pony Tracks, 1895 Fifteen sketches of army and sporting life chiefly in the western part of the United States and in northern Mexico *Pony Tracks (Annotated)* Frederick S. Remington, 2018-10-14 Western illustrator Frederick Remington was a legend in his own time and left some of the most enduring images of the vanishing Old West. But he didn't just paint it and draw it; he lived it. In this marvelous collection of essays, Yale-educated Remington took on one of his favorite topics: the United States Cavalry. He rode with the pony soldiers from Montana to New Mexico and wrote about them with great humor and affection. Among the notable officers he rode with were General Nelson Miles, Colonel Guy V. Henry, and Ernest Albert Garlington, a Medal of Honor recipient. Of Henry, Remington wrote, "Henry is a flaming fire of cavalry enthusiasm." Remington visited a still wild Yellowstone and wrote of hunting bears in the Rockies. There is no other writer who captured this time and place quite like Remington. Every memoir of the American West provides us with another view of the period that changed the country forever. For the first time, this long out of print volume is available as an affordable, well-formatted book for e-readers and smartphones.
