Showdown Thomas Smith,2011-09-06 In 1961 as America crackled with racial tension the Washington Redskins stood alone as the only professional football team without a black player on its roster In fact during the entire twenty five year history of the franchise no African American had ever played for George Preston Marshall the Redskins cantankerous principal owner With slicked down white hair and angular facial features the nattily attired sixty four year old NFL team owner already had a well deserved reputation for flamboyance showmanship and erratic behavior And like other Southern born segregationists Marshall stood firm against race mixing We ll start signing Negroes he once boasted when the Harlem

Globetrotters start signing whites But that was about to change Opposing Marshall was Interior Secretary Stewart Udall whose determination that the Redskins or Paleskins as he called them reflect John F Kennedy s New Frontier ideals led to one of the most high profile contests to spill beyond the sports pages Realizing that racial justice and gridiron success had the potential either to dovetail or take an ugly turn civil rights advocates and sports fans alike anxiously turned their eyes toward the nation s capital There was always the possibility that Marshall one of the NFL s most influential and dominating founding fathers might defy demands from the Kennedy administration to desegregate his lily white team When further pressured to desegregate by the press Marshall remained defiant declaring that no one including the White House could tell him how to run his business In Showdown sports historian Thomas G Smith captures this striking moment one that held sweeping implications not only for one team s racist policy but also for a sharply segregated city and for the nation as a whole Part sports history part civil rights story this compelling and untold narrative serves as a powerful lens onto racism in sport illustrating how in microcosm the fight to desegregate the Redskins was part of a wider struggle against racial injustice in America

Walt Disney's Pooh's Schoolhouse Disney Staff,Walt Disney Studios,1978-09 [The Mouse and the Myth](#) Dorene Koehler,2017-04-24 Upholds a Disney vacation as a religious experience offers insightful arguments relating to the nature of play as well as Nietzschean philosophy Reading Religion Rituals mark significant moments in our lives perhaps none more significant than moments of lightheartedness joy and play Rituals of play are among the most sacred of any of the rites in which humanity may engage Although we may fail to recognize them they are always present in culture providing a kind of psychological release for their participants child and adult alike Disneyland is an example of the kind of container necessary for the construction of rituals of play This work explores the original Disney theme park in Anaheim as a temple cult It challenges the disciplines of mythological studies religious studies film studies and depth psychology to broaden traditional definitions of the kind of cultural apparatus that constitute temple culture and ritual It does so by suggesting that Hollywood s entertainment industry has developed a platform for mythic ritual After setting the ritualized stage this book turns to the practices in Disneyland proper analyzing the patron s traditions within the framework of the park and beyond It explores Disneyland s spectacles through selected shows and parades and concludes with an exploration of the park s participation in ritual renewal There is much to commend in Koehler s study Surely her work should encourage others to examine myth construction and sacred secular rituals in popular culture

H Celebration Adventures in Philosophy at Notre Dame Kenneth M. Sayre,2014-04-30 Adventures in Philosophy at Notre Dame recounts the fascinating history of the University of Notre Dame s Department of Philosophy chronicling the challenges difficulties and tensions that accompanied its transition from an obscure outpost of scholasticism in the 1940s into one of the more distinguished philosophy departments in the world today Its author Kenneth Sayre who has been a faculty member for over five decades focuses on the people of the department describing what they were like how they got along with each other and how their personal

predilections and ambitions affected the affairs of the department overall The book follows the department's transition from its early Thomism to the philosophical pluralism of the 1970s then traces its drift from pluralism to what Sayre terms professionalism resulting in what some perceive as a severance from its Catholic roots by the turn of the century Each chapter includes an extensive biography of an especially prominent department member along with biographical sketches of other philosophers arriving during the period it covers Central to the story overall are the charismatic Irishmen Ernan McMullin and Ralph McInerny whose interaction dominated affairs in the department in the 1960s and 1970s and who continued to play major roles in the following decades Philosophers throughout the English speaking world will find *Adventures in Philosophy at Notre Dame* essential reading The book will also appeal to readers interested in the history of the University of Notre Dame and of American higher education generally

Piano Girl Robin Meloy Goldsby, 2005 This entertaining memoir provides a glimpse into the comedies tragedies and mundane miracles witnessed from the business perspective of a world traveling lounge musician
