Plant Medicine

Christopher Hedley, Non Shaw, 2023-07-25. A comprehensive compendium on the theory and practice of herbal medicine from expert herbalists Christopher Hedley and Non Shaw. This fundamental textbook draws on the wisdom of Christopher Hedley and Non Shaw, incorporating their belief in the importance of understanding herbal medicine in the context of living plants and providing lived examples of how this can be used in the everyday practice of herbal medicine. Through these teachings, the book also acquaints readers with the rich legacy of Christopher and Non in Western herbal medicine. Drawing on Christopher's own approach to teaching herbalism, which was abundant with the importance of storytelling in learning, *Plant Medicine* is as fascinating as it is accessible, enriched with the depth of Christopher's own knowledge and warmth. The book is comprised of four parts: *Roots* explores the history of plant medicine, investigating physiomedicalism and Galenic humoral medicine. The second section, *Flowers*, is a thorough alphabetically ordered materia medica of the medicinal properties of individual plants, with properties, uses, preparations, dosage, cautions, and clinical uses of ninety-two plant medicines that Non and Christopher gathered over nearly two lifetimes. *Fruits* provides information on how particular body systems and patient groups are treated therapeutically with herbal medicines, specifically covering the digestive, cardiovascular, nervous, urinary, musculoskeletal, endocrine, skin, and immune systems. Finally, *Seeds* concludes the book by inviting readers to consider going deeper and beyond their exploration of plant medicine, shifting their preconceptions of herbs to understand them on a more intimate level. *Plant Medicine* is a foundational text for all students and practitioners of herbal medicine, but its wisdom and insight will also provide a guiding light for anyone seeking plant medicine as a way to reconnect to the abundance and beauty of nature.

The day of wonders, a medley M. Sullivan, 1879 Milk Plant Monthly, 1927 **Growing in Christ** J. I. Packer, 1994-03-01. *Growing in Christ* explains just that: how to grow in Christ. As this book shows, we mature spiritually by carefully learning and thoughtfully living the essentials of the Christian faith that are too often taken for granted or overlooked in our daily lives. These essentials so beautifully summarized in the Apostle's Creed, the Lord's Prayer, and the Ten Commandments provide the heart of the book, which Dr. Packer explores and applies to daily life in a clear and refreshing way. Study questions and Bible passages follow each chapter for further individual or group study. Speaking to Christians of all backgrounds and denominations, the newly converted as well as the lifelong believer, Dr. Packer reminds us that Christianity is not instinctive. Ours is a faith that must be learned, and we must never stop striving to mature. *Sartain's Union Magazine of Literature and Art*, 1847 *The Union Magazine of Literature & Art* Caroline Matilda Kirkland, 1847 *The Creamery*
