The Book of Revelation by John According to the Revealed Translation by Jesus Walker Thomas, 2013-03-07

THE BOOK OF REVELATION BY JOHN ACCORDING TO THE REVEALED TRANSLATION BY JESUS This first book of the series of five teaching manuals for John's BOOK OF REVELATION begins with John's Revelation then 212 symbols from John's Revelation are immediately followed by the corresponding explanations from Jesus REVEALED TRANSLATION given to us in 1908 Jesus tells us that John's Revelation by itself is but the condensed description of laws ordinances and predictions expressed by symbols from which no human mind without the aid of an immortal conception can possibly arrive at a true understanding So he gives us the interpretation that we need So by reading through these comparisons between the two books the reader will be able to see that THE REVEALED TRANSLATION does not present some apocalyptic vision of the end of the world Instead when the symbols are eliminated and the meanings are connected in a narrative fashion at the end of this book THE REVEALED TRANSLATION provides a step by step description of how all of us on the planet are being taught to give up leading our lives according to our own wills called self will and instead to use divine guidance in order to learn to live by God's Will That's the consistent message throughout THE BOOK OF REVELATION Please watch for it and Revelations will begin making sense finally Jesus description of a glorious and virtuous

future for man upon the earth is totally different from the typical picture of a massive blood bath during what has been predicted to be The Final Battle of Armageddon This final battle is what most scripture readers picture as a result of studying Revelation without having had this divine score card to help them Thank God for the score card *A Combined Version of John's Book of Revelation* Walker Thomas,2013-03-07 A COMBINED VERSION OF JOHN S BOOK OF REVELATION ACCORDING TO JESUS REVEALED TRANSLATION AND HIS HISTORICAL FULFILLMENT The creation of this third teaching manual for THE BOOK OF REVELATION is prompted by the sheer number of symbols that John uses to portray his vision which is at least 250 major symbols and many other minor symbols not included here So even the most dedicated student of THE BOOK OF REVELATION becomes weary trying to remember what all of those symbols are designated to mean So we are incredibly fortunate that Jesus himself interpreted the meanings of all those symbols for us in his two books that he transmitted through his medium at the beginning of the 20th century in 1908 simplified here as THE REVEALED TRANSLATION and ITS HISTORICAL FULFILLMENT But that still doesn't reduce the sheer number of symbols to a workable size for us struggling humans to grasp So what is most needed here is a simplified version that will isolate the most important symbols and weave them together in a logical narrative that even a newcomer to THE BOOK OF REVELATION can readily understand So that is what we have after we have reduced 250 symbols to 62 in this third teaching manual Then if someone wants more detail they are available in the two prior manuals But what is most needed at this stage is a primer that covers the basic elements of THE BOOK OF REVELATION in the most easily understandable form Therefore passages from John's Revelation are quoted then followed by their corresponding passages from Jesus two revelations Thereby what we have created in this third teaching manual is a streamlined version that spells out in more understandable form the basic messages of THE BOOK OF REVELATION **The American Catalogue** ,1911 American national trade bibliography The Publishers Weekly ,1889 *Channeling* Joel Bjorling,2019-06-19 Originally published in 1992 Channeling is a comprehensive bibliography on the subject of channeling The book defines channeling as any message received or conveyed from transcendent entities and covers material on the history of channeling those that have claimed to transcend death contact with UFOs and contemporary channeling groups The book acts as a research guide and seeks to outline the historical roots of channeling explaining its major teachings and considers its significance as a spiritual movement It provides sources from books booklets articles and ephemeral material and offers a comprehensive list of both primary and secondary materials related to channeling the bibliography takes the most diverse and useful sources of the time This volume although published almost 30 years ago still provides a unique and insightful collection for academics of religion in particular those researching spiritualism and the occult **Literary Digest** ,1909 **The Annual American Catalog, 1909** ,1910 Routledge Library Editions: Spiritualism Various,2022-07-30 The volumes in this set originally published between 1974 and 1992 draw together research by leading academics in spiritualism and provide a rigorous examination of related key issues The

collection examines spirituality from a broad range of disciplines from the spirituality in the Christian church spirituality in Africa and Afro American religions as well as examining the areas of channeling mediumship and spirit possession In this 3 volume set there are two incredibly unique and insightful bibliographic source collections examining both primary and secondary source listings across the subject of spiritualism and one volume providing field research into spirituality in the Christian church and in the occult This collection is an incredibly useful tool for researchers examining the broad area of spiritualism and will be of interest to researchers academics and students of anthropology religion and sociology *The National Union Catalog, Pre-1956 Imprints* ,1980 *The Annual American Catalog, 1900-1909* ,1910 *The United States Catalog* ,1921
