## **Rudolf Bultmann Interpreting Faith For The Modern Era:**

Rudolf Bultmann Rudolf Karl Bultmann, Bultmann's pioneering study of the New Testament initiated a new era in biblical studies in the Twentieth Century Together with Karl Barth Bultmann broke with liberal theology but his often misunderstood program of demythologization took him in a radically different direction from Barth In many respects Bultmann set the agenda for biblical theology in the decades following World War II This volume concentrates on the key texts and ideas in Bultmann's thought It presents the essential Bultmann for students and the general reader Roger Johnson's introductory essay and notes on the selected texts set Bultmann in his historical context chart the development of his thought and indicate the significance of his theology in the development of Christian theology as a whole Substantial selections from Bultmann's work illustrate key themes God as Wholly Other Jesus and the Eschatological Kingdom Existentialist interpretation Kerygma Faith and Modernity in conflict Demythologizing controversial slogan and theological focus **Rudolf Bultmann** Rudolf Bultmann, 1991 **Rudolf Bultmann** Rudolf Bultmann, 1991 Rudolf Bultmann Rudolf Bultmann, Roger A. Rudolf Bultmann : interpreting faith for the modern era Roger A. Johnson, 1991 **Dictionary of Major Biblical Interpreters** Donald K. McKim, 2007-11-12 Donald K McKim edits this revised and expanded edition of IVP's Historical Handbook of Major Biblical Interpreters With 230 in depth articles regarding the principal players in the history of Biblical interpretation this volume will serve as an invaluable tool for any serious student of the Bible or history of exegesis Virtue Hermeneutics Robert M. Eby, 2022-03-08 Contemporary hermeneutics is an unavoidable but deeply troubled discipline At the root of the problem is the classic epistemological question What makes an interpretation justifiable Since the beginning of Modernity interpreters have offered multiplied answers to this question Historicity linguistics social constructs and contemporary flashes of revelation are but a few of the proposed solutions but if the question is ultimately epistemological it follows that the answer may emerge from this same place Current research in the field of virtue epistemology has awakened interest in a new path forward for hermeneutics by looking to a time before the emergence of unstable modern frameworks In Virtue Hermeneutics a justified understanding of Scripture that engages all of the participants in the interpretive dialogue author text reader and reading community is discovered in the interpretive character of the wise reader From this starting point hermeneutics is able to move forward in a way that is responsive to contemporary challenges to discerning literary meaning Ultimately a justified understanding is one that virtuously engages the author the text and all reading communities The illuminating work of the Holy Spirit in hermeneutics takes on a refreshing and meaning filled place when readers readmit intellectual virtues into the discussion **The Gospel of John in Modern Interpretation** Stanley E. Porter, Ron C. Fay, 2018-10-30 The Gospel of John in Modern Interpretation provides a unique look at the lives and work of eight interpreters who have significantly influenced Johannine studies over the last two centuries The chapters contain short biographical sketches of the scholars that illuminate their personal and academic lives followed by summaries and

evaluations of their major works and concluding with an analysis of the ongoing relevance of their work in contemporary Johannine scholarship Key thinkers surveyed include C H Dodd Rudolph Bultmann Raymond Brown Leon Morris and R Alan Culpepper An introduction and conclusion by general editors Stanley Porter and Ron Fay trace the development of Johannine scholarship from F C Baur to the present and examine how these eight scholars contributions to Johannine studies have shaped the field Anyone interested in the recent history of the study of John will find this volume indispensable

**Theological Hermeneutics** Werner G. Jeanrond, 1991-06-18 An introduction to the history and scope of interpretation theory in theology It discusses hermeneutical consciousness in Christian thinking from the time of the Church Fathers up to today

**Biblical Theology** Prof. Leo Perdue, 2010-10-01 One of the thorniest problems in theological study is the relationship between biblical studies on the one hand and constructive theology on the other Theologians know that the Bible is the core source document for theological construction and hence that they must be in conversation with the best in critical study of Scripture For many biblical scholars the point of what they do is to help the biblical text speak to today's church and world and hence they would do well to be in conversation with contemporary theology Yet too often the two groups fail to engage each other's work in significant and productive ways The purpose of the Library of Biblical Theology and this introductory volume to it is to bring the worlds of biblical scholarship and constructive theology together It will do so by reviving biblical theology as a discipline that describes the faith of the biblical periods on the one hand and on the other hand articulates normative understandings of modern faith and practice In this volume the authors begin by providing an overview of the history and possible future of biblical theology They introduce biblical theology as a fundamentally contrastive discipline one that is neither dogmatic theology seeking to explain the official teachings of a particular Christian tradition nor is it a purely historical approach to Scripture eschewing questions of the Bible's contemporary message and meaning Rather biblical theology takes seriously both the need to understand the message of Scripture in its particular historical context and the need to address that message to questions that confront contemporary human life

[The Intertextuality of Paul's Apocalyptic Discourse](#) Doosuk Kim, 2023-05-08 This book attempts to investigate two strands in a single work apocalyptic Paul and intertextuality First what does apocalyptic Paul mean Is it synonymous to eschatology as a theological notion or the end time mystery Many seminal works have delved into the intriguing yet unorganized notion of the apocalyptic Instead of attempting to provide a universal definition of the apocalyptic the author presents his understanding of the phenomenon particularly in the cultural realm The author contends that apocalyptic is neither all about the end time event nor merely a literary genre but an interpretive lens to understand the world and social phenomena one that is shaped and developed through culture and society Accordingly the term apocalyptic Paul implies how Paul views and understands the world history and supernatural phenomena through interaction with his cultural texts and context Second the author also suggests that intertextuality is not only about comparative literature study Rather intertextuality refers to cultural semiotics a sign system

to deliver the meaning of text Based on this notion of intertextuality the author interprets how Paul envisages multiple phenomena heavenly ascent resurrection afterlife the origins of sin and two ages within his cultural context Another Kind of Normal Graham Ward,2022-01-13 Every age needs to examine and propose its ways of living ethically Another Kind of Normal Ethical Life II constructs a mode of such living according to the Christian tradition based upon an interpretation of Christ's coming and the relationship of that incarnation to God as the Creator of all things In the second of four volumes Graham Ward explores an Augustinian vision of consonance between divine rhythm and the rhythmic orders of creation On the basis of what Augustine calls the interval it proposes Christ is encountered as riddle scandal and paradox It provides an account of creation as a Trinitarian event that calls for a rethinking of what are the key teachings in Christianity with respect to an understanding of creation as a divine benediction and a theatre for transformation and healing Ward argues through Scriptural exegesis for the omnidirectionality of time as graced rejecting a conception of linear temporality and theologies indebted to that conception Throughout participation in God through our hiddenness in Christ develops an account of the complex relationship between divine and human creativity appealing to music painting poetry drama film architecture and novels

**War Time Preaching and Teaching** Jeffrey J. Richards,2012-10-22 War Time Preaching and Teaching explores the hermeneutics science of interpretation and homiletics art of preaching of both Rudolf Bultmann and Dietrich Bonhoeffer The book explores the thought and impact of these two theologians primarily within the American debate Both Bultmann and Bonhoeffer are somewhat misunderstood and it seems that they are either totally accepted or rejected depending in many instances on one's personal understanding of their method of biblical interpretation The book attempts to objectively view their methods of biblical interpretation and how they expressed their research in their writings preaching and teaching Both concluded that the presenting of the Gospel in a relevant manner is the ultimate need for humankind today Both lived during a most challenging period of world history but were able to communicate in a captivating manner Certainly the times in which we live today call for those who possess a similar commitment

and their true distinctive borders Falque shows that he has made the crossing between philosophy and theology and back again with audacity and perhaps a little recklessness knowing full well that no one thinks without exposing himself to risk
