Annotated Cases, American and English, 1918 **Equality in Asia-Pacific** Phil C. W. Chan, 2014-02-04 In 1948 the United Nations General Assembly proclaimed the Universal Declaration of Human Rights stating every human being's right of equality in dignity and right However notwithstanding recognition by the international community of its importance and codification in numerous national and sub national constitutions and legislation reinforced by various multilateral and regional human rights treaties the right of equality continues to be unable to take complete firm hold in all regions and countries Evidence as presented by the insightful papers in this collection published initially as a Special Double Issue of The International Journal of Human Rights dedicated to exploring the place of equality in Asia Pacific societies suggests that

although progress is being made the right of equality has not yet fully materialized both in law and in reality in the world's most populous region. Many factors particularly entrenched cultural heritage and practices the lingering effects of colonialism and newly found independence and above all pervasive ignorance and prejudices continue to impede the recognition, development and protection of equality in this region. Of course equality a normative right and entitlement by virtue of our humanity has neither been fully achieved in societies outside the region. Such neo colonial thinking in fact perpetuates and assists in the subjugation of the right of equality in the Asia Pacific Region as a matter of relevance and concern only to Western countries. Accordingly we hope that our discussions will also be able to shed light and generate reflections on realities outside the region as interlinked with our aim. The Editor's book fee has been donated to the UNICEF Tsunami Fund. This book was previously published as a special issue of The International Journal of Human Rights.

One of the significant advantages of Marriage On Demand books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. Another popular platform for Marriage On Demand books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents.
