Romania Stephen Roper,2004-08-02 The Romanian revolution was motivated by a desire for greater political and intellectual freedom and economic prosperity It was the bloodiest of the eastern European transitions due to Ceausescu s cult of personality However many of the goals of the revolution are still unfulfilled The lack of civil society charges of political corruption the failure to transform the economy and concerns over the protection of ethnic minority rights are all factors in Romania s failure to become a fully integrated European country Tracing the country s political history and examining Romania s postcommunist politics economic transition and foreign policy this book contemplates the prospects for this country as it enters the twenty first century

A Short History of Romania James Samuelson,2018-03-04 Although the earliest authentic records of Romania or more correctly speaking of Dacia the Roman province which embraced Romania Transylvania and some adjoining territories of to day do not reach further back than about the century immediately preceding the Christian era a good deal of information is to be gathered from the writings of Herodotus Dion Cassius and other early historians regarding the Get the race from whom the Dacians sprang The Get were in all probability a branch of the Thracians who were amongst the earliest immigrants from the East and for some time before they appeared in Dacia which was situated on the northern side of the Danube or Ister as it was called by the Romans they had settled between the south bank of that river and the Balkans Mount H mus of the Romans About the fourth century b c however the Get had crossed the river either driven north by an inimical neighbouring tribe the Triballi or in consequence of the growth of the nation itself When they were first encountered by the Greeks they occupied the eastern part of Dacia reaching probably to one portion of the Black Sea and some account of them is given by Ovid who was exiled to their vicinity but little is known of them until they came in contact with the Roman armies The Get have little direct interest for us but as we find associated with them the names of Philip of Macedon Alexander the Great and Lysimachus a few words concerning their connection with those heroes may not be out of place and will at least serve to fix a period in the history of the people
