The Chess Player's Chronicle ,1860 **The Debate on the Constitution: Federalist and Antifederalist Speeches, Articles, and Letters During the Struggle over Ratification Vol. 1 (LOA #62)**

Various,1993-06-01 Here on a scale unmatched by any previous collection is the extraordinary energy and eloquence of our first national political campaign During the secret proceedings of the Constitutional Convention in 1787 the framers created a fundamentally new national plan to replace the Articles of Confederation and then submitted it to conventions in each state for ratification Immediately a fierce storm of argument broke Federalist supporters Antifederalist opponents and seekers of a middle ground strove to balance public order and personal liberty as they praised condemned challenged and analyzed the new Constitution Gathering hundreds of original texts by Franklin Madison Jefferson Washington and Patrick Henry as well as many others less well known today this unrivaled collection allows readers to experience firsthand the intense year long struggle that created what remains the world s oldest working national charter Assembled here in chronological order are hundreds of newspaper articles pamphlets speeches and private letters written or delivered in the aftermath of the

Constitutional Convention Along with familiar figures like Franklin Madison Patrick Henry Jefferson and Washington scores of less famous citizens are represented all speaking clearly and passionately about government The most famous writings of the ratification struggle the Federalist essays of Hamilton and Madison are placed in their original context alongside the arguments of able antagonists such as Brutus and the Federal Farmer Part One includes press polemics and private commentaries from September 1787 to January 1788 That autumn powerful arguments were made against the new charter by Virginian George Mason and the still unidentified Federal Farmer while in New York newspapers the Federalist essays initiated a brilliant defense Dozens of speeches from the state ratifying conventions show how the draft of a plan nothing but a dead letter in Madison's words had life and validity breathed into it by the voice of the people Included are the conventions in Pennsylvania where James Wilson confronted the democratic skepticism of those representing the western frontier and in Massachusetts where John Hancock and Samuel Adams forged a crucial compromise that saved the country from years of political convulsion Informative notes biographical profiles of all writers speakers and recipients and a detailed chronology of relevant events from 1774 to 1804 provide fascinating background A general index allows readers to follow specific topics and an appendix includes the Declaration of Independence the Articles of Confederation and the Constitution with all amendments LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1,000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries
