Multilateral Investment Insurance and Private Investment in the Third World Manfred Holthus, Dietrich Kebschull, Karl Wolfgang Menck, The flow of capital to Third World countries in recent years has been less than expected for realizing their growth objectives The authors analyze and comment on the necessity and suitability of a World Bank proposal to address this

Multilateral Investment Insurance and Private Investment in the Third World Manfred Holthus, 2020-02-18 The flow of capital to Third World countries in recent years has been less than expected for realizing their growth objectives As a consequence efforts have been redoubled to attract capital in the form of direct investment The World Bank has proposed the establishment of a multilateral guarantee scheme encompassing as many investing and host countries as possible to reduce the risks associated with overseas investment The authors analyze and comment on the necessity and suitability of the World Bank proposal They examine earlier proposals for setting up multi lateral guarantee schemes and the reasons for their failure develop an economic frame of reference for analyzing the new proposal describe and examine the World Bank plan and present alternatives to it They pay particular attention to two major assumptions of the plan that additional foreign investment capital for developing countries could be mobilized on a large scale if the investment risks were reduced and that existing national insurance schemes display shortcomings that could be avoided in a multilateral system Multilateral Investment Insurance and Private Investment in the Third World Manfred Holthus, Taylor & Francis Group, 2020-12-18 The flow of capital to Third World countries in recent years has been less than expected for realizing their growth objectives As a consequence efforts have been redoubled to attract capital in the form of direct investment The World Bank has proposed the establishment of a multilateral guarantee scheme encompassing as many investing and host countries as possible to reduce the risks associated with overseas investment The authors analyze and comment on the necessity and suitability of the World Bank proposal They examine earlier proposals for setting up multi lateral guarantee schemes and the reasons for their failure develop an economic frame of reference for analyzing the new proposal describe and examine the World Bank plan and present alternatives to it They pay particular attention to two major assumptions of the plan that additional foreign investment capital for developing countries could be mobilized on a large scale if the investment risks were reduced and that existing national insurance schemes display shortcomings that could be avoided in a multilateral system *MIGA and Foreign Investment* Ibrahim F.I. Shihata, 2023-10-20 The unique experience of the author in supervising the World Bank's efforts to create the Multilateral Investment Guarantee Agency is detailed in Part I of this book which provides a case study for the successful preparation of a complex multilateral convention in record time The book also provides an in depth analysis of the operational and institutional aspects of MIGA relating them to the broader legal and economic issues concerning international investment flows Part II deals with both MIGA's guarantee and non guarantee operations It covers in detail the different aspects of political risk insurance as well as the advisory and promotional services needed to encourage greater

flows of capital and technology across national boundaries and towards developing countries in particular Part III deals with three major institutional and policy issues which caused the greatest controversies in MIGA's preparatory work and raised questions that go beyond MIGA's concerns These include the standards that apply to foreign investment settlement of disputes and the organizational and voting structures of international financial institutions This book should be of direct interest to a broad array of researchers and practitioners in the fields of international development foreign investment international law political risk insurance and international financial organizations The topicality of its subject and the prominence of its author add to the importance of the book which is likely to remain the most authoritative in its field for many years to come

Third World Debt Legislation United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on International Development Institutions and Finance, 1986 **International Investment, Political Risk, and Dispute Resolution** Partner Noah Rubins Qc, Thomas Nektarios Papanastasiou, Partner N Stephan Kinsella, 2019-09-18 The second edition of *International Investment Political Risk and Dispute Resolution* explores the multi-layered legal framework for the protection of foreign investment against political risk The authors expertly analyse some of the key issues surrounding this subject such as structuring transactions to minimize political risk political risk insurance state responsibility treaties protecting foreign investment and human rights and international arbitration between states and investors Since the previous edition was released in 2005 far more attention has been paid to these issues in particular investor state arbitration as well as other current topics such as the interaction between international investment law and human rights All chapters have been revised to take into account the number of new arbitration awards that have come to light and the massive volume of commentary on the subject of international investment arbitration since the first edition The authors have carefully

considered the latest theoretical approaches to foreign investment protection and the most intellectually challenging awards issued in the intervening decade as well as the most recent practical guidance on the procedural recourse available to investors who face political risks. Additionally, this book contains a new chapter exploring the interaction between international investment law and the international human rights regime and considers whether there is a complementary or divergent result between competing fora. This book is addressed to a wide audience and is suitable as a primer for non-specialist practitioners seeking to familiarize themselves with international law pertaining to political risk. While appropriate for practitioner use, this book is also suitable for undergraduate students or for graduates who intend to specialize in international investment law.
