Peter Skene Ogden Fur Trader:

Peter Skene Ogden, Fur Trader Thompson Coit Elliott, 1910 *Peter Skene Ogden* Archie Binns, 1967 Chronicles the life of nineteenth century Canadian fur trapper and explorer Peter Skene Ogden covering such topics as his position in the Hudson's Bay Company and his role in the exploration of Oregon **Peter Skene Ogden** Charles River Editors, 2019-10-03 Includes pictures Includes a bibliography for further reading The westward movement of Americans in the 19th century was one of the largest and most consequential migrations in history and among the paths that blazed west the most well known is the Oregon Trail which was not a single trail but a network of paths that began at one of four jumping off points The eastern section of the Oregon Trail which followed the Missouri River through Kansas Nebraska and Wyoming was shared by people traveling along the California Bozeman and Mormon Trails These trails branched off at various points and the California Trail diverged from the Oregon Trail at Fort Hall in southern Idaho From there the Oregon Trail moved northward along the Snake River then through the Blue Mountains to Fort Walla Walla From there travelers would cross the prairie before reaching the Methodist mission at The Dalles which roughly marked the end of the Trail The fur industry was by extension the face of every world power pursuing a stake in the West and the rivalries were ruthless The Mexican border during this era lay far north of its present position and the Canadian border was as yet nonexistent pending the outcome of competing British American Russian and Spanish interests Despite the American outpost established early at the mouth of the Columbia River in what would become Astoria Britain ruled as the preeminent military power in the region That authority was evident in the vast Hudson's Bay Company which imposed its own judicial structure wherever it went on land or by sea The Americans responded with rival companies operating out of the Midwest and traveling over Lewis and Clark's original route Among the most prodigious and influential personalities to emerge from that protracted battle was Peter Skene Ogden a Canadian fur trader and explorer As a zealous member of Canada's North West Fur Company his vicious campaign against Hudson's Bay Company members marked him as one of the most dangerous personalities on the continent unpredictable and capable of the lowest tactics for unseating the great British power So talented was Ogden that when the rivals finally merged in the following decade he rose to the top echelons of his greatest rival's industry During that period he traveled the continent in several extensive expeditions and with the solidification of the American Canadian border well to the north of what was originally anticipated it was Ogden the negotiator who held Russia at bay in the Alaskan country More than any other individual Ogden spent years shaping the international dynamics of the beaver fur trade continental in reach and in rapacious competition for wealth yet no comprehensive biography has been produced for a man who not only served as a central catalyst for a continent but did so in such a colorful manner As a youth he was known as a brawling North Wester who was likely to commit even capital crimes in pursuit of the slightest advantage and in the end Ogden took his place as one of the great captains of industry With his newfound prestige came an apparent softening of his former hatred for the Native

Americans and even claims that he had converted adversarial relationships into productive if not lasting friendships Whether or not such suggestions are true Ogden eventually traded in his youthful flair for intimidation for the edifice of a wise and irreplaceable man of industry Peter Skene Ogden The Controversial Life and Legacy of the Canadian Fur Trader Who Explored the Pacific Northwest looks at the turbulent career of the man who greatly influenced the frontier in the early 19th century Along with pictures depicting important people places and events you will learn about Ogden like never before

Peter Skene Ogden and the Hudson's Bay Company Gloria Griffen Cline, 1974 Biography of North American fur trader 1790 1854 **Contested Empire** John Phillip Reid, 2002 Do law and legal procedures exist only so long as there is an official authority to enforce them Or do we have an unspoken sense of law and ethics To answer these questions John Phillip Reid's *Contested Empire* explores the implicit notions of law shared by American and British fur traders in the Snake River country of Idaho and surrounding areas in the early nineteenth century Both the United States and Great Britain had claimed this region and passions were intense Focusing mainly on Canadian explorer and trader Peter Skene Ogden Reid finds that both side largely avoided violence and other difficulties because they held the same definitions of property contract conversion and possession In 1824 the Hudson's Bay Company directed Ogden to decimate the furbearing animal population of the Snake River country thus marking the region a fur desert With this mandate Great Britain hoped to neutralize any interest American furtrappers could have in the area Such a mandate set British and American fur men on a collision course but Ogden and his American counterparts implicitly followed a kind of law and procedure and observed a mutual sense of property and rights even as the two sides vied for control of the fur trade Failing to take legal culture into consideration some previous accounts have depicted these conflicts as mere episodes of lawless frontier violence Reid expands our understanding of the West by considering the unspoken sense of law that existed despite the lack of any formalized authorities in what had otherwise been considered a lawless time **Peter Skene Ogden's Snake Country Journals** ,

Presents excerpts from the journals of Canadian fur trader Peter Skene Ogden 1794 1854 a chief trader with the Hudson's Bay Co Notes that the journals cover the period 1824 1829 when Ogden led five trapping expeditions to the Snake Country or the upper reaches of the Columbia River *Ogden, Peter Skene* , The Royal British Columbia Museum and Okanagan University College present a biographical sketch of Canadian fur trader Peter Skene Ogden 1794 1854 Ogden was a fur trader for the North West Co and after the merger of the two firms he worked for the Hudson's Bay Co The sketch highlights Ogden's many adventures including fights geographic discoveries rescue missions etc *Mountain Men and Fur Traders of the Far West* LeRoy Reuben Hafen, 1982-01-01 The legendary mountain men the fur traders and trappers who penetrated the Rocky Mountains and explored the Far West in the first half on the nineteenth century formed the vanguard of the American empire and became the heroes of American adventure This volume brings to the general reader brief biographies of eighteen representative mountain men selected from among the essay assembled by LeRoy R Hafen in *The Mountain Men and the Fur*
