McGee, 2012-07-10 Colonel Charles E McGee fought in World War II in Korea and in Vietnam He holds the record for the highest three war total of fighter combat missions of any pilot in the U S Air Force history His military service began as one of the Tuskegee Airmen in the 332nd famed pioneers who fought racial prejudices to fly and fight for their country in World War II They are the ones who achieved the unequalled record of not losing a single bomber under their escort to enemy fighters COL McGee went on to serve in leadership and command positions in war and in peace flying fighter missions in Korea and Vietnam In his remarkable military career he earned the Legion of Merit with Cluster three Distinguished Flying Crosses the Bronze Star and the Air Medal twenty five times He was also chosen to lead the Tuskegee Airmen Inc into the 21st Century by serving two separate terms as its president Stories in the media seldom portray African American men as heroes In tribute to the many unheralded fathers husbands sons and brothers leading exemplary lives COL Chuck McGee inspiring story is now being told Colonel McGee is the latest to be inducted into the National Aviation Hall of Fame for having flown 409 combat missions

*African-Americans in Defense of the Nation* James T. Controvich, 2011-03-28

The role of the African American in American history has been documented but sometimes ignored by historians This work is intended to assist researchers in locating the wealth of material that has been published African Americans in Defense of the Nation builds on a long list of early bibliographies concerning the subject This work brings together a broad spectrum of titles related to the African American participation in America s wars It covers both the military exploits as African Americans

have been involved in every American conflict since the Revolution and their participation in the homefront support in building the weapons that the armed forces used. Organized both chronologically and topically, chapters cover the various conflicts from the Revolutionary War to the Post World War II era and branches of the military as well as the role of African American women in the United States military. This extensive reference work is the most comprehensive listing of African American units available. Additionally, a listing of juvenile titles will assist parents and teachers in locating material.

**Moton Field/Tuskegee Airmen**, 1998 *African Americans at War* Jonathan Sutherland, 2003-12-05 A fascinating chronicle of the endeavors of African Americans who fought for their country, this book recounts their stories, their bravery, and their contributions. *African Americans at War* puts a human face on this neglected area of history. From pre-Revolutionary fighting against the French to cutting edge combat against Saddam Hussein, these A-Z volumes underscore significant military contributions from African Americans. The two volumes provide comprehensive coverage of aspects including important historical figures, key battles, legislation, and rulings, honors awarded, regiments, formations, and squadrons, and significant places. Individuals portrayed include celebrated Revolutionary hero Crispus Attucks and Lieutenant Vernon J. Baker, who led his platoon in a near suicidal attack on German positions in 1945. Often marginalized in support functions and frequently given suicidal missions, African Americans have served with distinction and honor in all U.S. conflicts. Their stories, endeavors, and bravery are now chronicled in one accessible resource. This set investigates each war, the interwar years, integration periods, and acceptance of African American men and women on the military team. This is a fascinating compendium spanning all U.S. history.

**The Armed Forces and American Social Change** Troy Mosley, 2021-10-04 *The Armed Forces and American Social Change* is a powerful depiction of black Americans' struggle for equality, told through the lens of uniformed military service. Troy Mosley uses superb storytelling, personal vignettes, and historical examples to show how millions of Americans have lifted themselves from oppression through opportunities gleaned from military service. Collectively, these efforts exerted positive outward pressure on American society, which by and large has resisted social change. One unique aspect of combat is that rarely are Americans more equal than when thrust into harm's way. It has been said there are no atheists in combat; similarly, racism, sexism, and homophobia quickly go by the wayside when under enemy fire. Yet in the 19th century and well into the 21st, America's military policies regarding the use of manpower could best be described as an awkward attempt to balance the requirement to win the nation's wars while supporting a socio-political caste system. President Harry Truman signed Executive Order 9811 on July 26, 1948, in response to police violence perpetrated against black veterans. His actions broke this trend and set the military on the path toward true meritocracy. Today, retired General Lloyd Austin is the first black American Secretary of Defense, in part due to the barriers broken down by those who served before him. The armed services fiercely resisted integration, gender equality, and LGBTQ equality but over time have grown to value America's wellspring of diversity as a strategic and operational advantage. Under the Trump administration,

many military policies supporting transgender inclusion were reversed This reversal thrust the U S military among other institutions into the ideological tug of war that lies at the heart of present day polarization in American society This ideological divide is the crux of the public discourse surrounding Critical Race Theory America s racist and sexist past and how we contextualize our history going forward for the betterment of the nation As far as America has come we still have work to do for Truman s vision of equality of opportunity to become a reality for all Americans Join this thought provoking narrative that celebrates brave American military pioneers and challenges us all to continue pushing for a better expression of America
