Redneck Liberation David Fillingim, 2003 In this unique book David Fillingim explores country music as a mode of theological expression Following the lead of James Cone's classic *The Spirituals and the Blues* Fillingim looks to country music for themes of theological liberation by and for the redneck community The introduction sets forth the book's methodology and relates it to recent scholarship on country music Chapter 1 contrasts country music with Southern gospel music the sacred music of the redneck community as responses to the question of theodicy which a number of thinkers recognize as the central question of marginalized groups The next chapter *The Gospel according to Hank* outlines the career of Hank Williams and follows that trajectory through the work of other artists whose work illustrates how the tradition negotiates Hank's legacy *The Apocalypse according to Garth* considers the seismic shifts occurring during country music's popularity boom in the 1980s Another chapter is dedicated to the women of country music whose honky-tonky feminism parallels and intertwines with mainstream country music which was dominated by men for most of its history Written to entertain as well as educate and advance *Redneck Liberation* will appeal to anyone who is interested in country music Southern religion American popular religiosity or liberation theology

Framing the South Allison Graham,2003-05-01 What patterns emerge in media coverage and character depiction of Southern men and women blacks and whites in the years between 1954 and 1976 How do portrayals of the

region and the equal rights movement illuminate the spirit and experience of the South and of the nation as a whole In *Framing the South* Allison Graham examines the ways in which the media particularly television and film presented Southerners during the period of the civil rights revolution Graham analyzes depictions of southern race and social class in a wide range of Hollywood films including *A Streetcar Named Desire* *The Three Faces of Eve* and *A Face in the Crowd* from the 1950s later films like *Cool Hand Luke* *In the Heat of the Night* and *Mississippi Burning* and MGM's Elvis Presley vehicles She traces how films have confronted or avoided issues of racism over the years paralleling Hollywood depictions with the tamer characterization of the likeable hillbilly popularized in television's *The Real McCoys* and *The Andy Griffith Show* Graham reinforces the political impact of these fictional representations by examining media coverage of civil rights demonstrations including the documentary *Crisis Behind the Presidential Commitment* which reported the clash between Robert Kennedy and Governor George Wallace over the integration of the University of Alabama She concludes with a provocative analysis of *Forrest Gump* identifying the popular film as a retelling of post World War II Southern history
