**Washington Redskins** David Elfin,2011 *Redskins* C. Richard King,2019-03-01 The Washington Redskins franchise remains one of the most valuable in professional sports in part because of its easily recognizable popular and profitable brand And yet redskins is a derogatory name for American Indians Prominent journalists politicians and former players have publicly spoken out against the use of Redskins as the name of the team The number of grassroots campaigns to change the name has risen in recent years despite the current team owner s assertion that the team will never do so The NFL for its part actively defends the name and supports it in court Redskins Insult and Brand examines how the ongoing struggle over the team name raises important questions about how white Americans perceive American Indians about the cultural power of consumer brands and about continuing obstacles to inclusion and equality C Richard King examines the history of the team s name the evolution of the term redskin and the various ways in which people both support and oppose its use today King s hard hitting approach to the

**Slingin' Sam** Joe Holley, 2012-10-01 Dan Jenkins calls Baugh the greatest quarterback who ever lived college or pro Even though he played for the Washington Redskins mostly in the pre TV era 1937 1952 he is still remembered and revered by fans who consistently name him as the former player they would most like to see back in the game Baugh was one of the first inductees into the Pro Football Hall of Fame A living link between the leather helmet era and the modern Baugh spread the field opened up the game and made the forward pass a strategic weapon not a desperation heave He made quarterback the glamour position which means that Peyton Manning Tony Romo Tom Brady and all the other football field generals since Baugh are in his debt Native American Issues Paul C. **The Washington Football Team** George Jasmine, 2021-06-25 The Washington Football Team are a professional football team that competes in the National Football League NFL Established in 1932 as the Boston Braves the team changed its name to the Redskins the following year and moved to Washington D C in 1937 In July 2020 following increasing pressure from fans and sponsors the Washington Redskins announced that they would change their name as the term Redskins was seen as disrespectful toward Native Americans and other people of color The team named itself the Washington Football Team until the announcement of an official new name at a later date The team won two NFL championships in the pre Super Bowl era and has won the Super Bowl three times American businessman Daniel Marc Snyder is currently the majority owner of the Washington Team You can find many useful things in this book

**Showdown** Thomas Smith, 2011-09-06 In 1961 as America crackled with racial tension the Washington Redskins stood alone as the only professional football team without a black player on its roster In fact during the entire twenty five year history of the franchise no African American had ever played for George Preston Marshall the Redskins cantankerous principal owner With slicked down white hair and angular facial features the nattily attired sixty four year old NFL team owner already had a well deserved reputation for flamboyance showmanship and erratic behavior And like other Southern born segregationists Marshall stood firm against race mixing We ll start signing Negroes he once boasted when the Harlem Globetrotters start signing whites But that was about to change Opposing Marshall was

Interior Secretary Stewart Udall whose determination that the Redskins or Paleskins as he called them reflect John F Kennedy s New Frontier ideals led to one of the most high profile contests to spill beyond the sports pages Realizing that racial justice and gridiron success had the potential either to dovetail or take an ugly turn civil rights advocates and sports fans alike anxiously turned their eyes toward the nation s capital There was always the possibility that Marshall one of the NFL s most influential and dominating founding fathers might defy demands from the Kennedy administration to desegregate his lily white team When further pressured to desegregate by the press Marshall remained defiant declaring that no one including the White House could tell him how to run his business In Showdown sports historian Thomas G Smith captures this striking moment one that held sweeping implications not only for one team s racist policy but also for a sharply segregated city and for the nation as a whole Part sports history part civil rights story this compelling and untold narrative serves as a powerful lens onto racism in sport illustrating how in microcosm the fight to desegregate the Redskins was part of a wider struggle against racial injustice in America
