many regions of the world The pattern is consistent once enough property or wealth beyond primitive human needs is accumulated some of it begins to be set aside for what the donors of such wealth consider worthwhile purposes The serious literature contributing greatly to public perception of philanthropy and foundations has been relatively sparse Much of what is available is quantitative and statistical in nature There has been limited objective attention to the motives or reasons spurring individual philanthropists to engage or not to engage in creating foundations such motivation needs historical and comparative analysis Major investigations and studies of foundations together with ancillary national regional and international organizations to facilitate such study have received spotty consideration Philanthropists and Foundation Globalization addresses three interrelated aspects of foundation history First it reviews biographical historical profiles of the founding philanthropists and their heirs engaged in international giving Second it discusses major governmental and non governmental investigations and studies of foundations including domestic ones and also foreign ones in which U S participants have played a prominent role spanning the period 1912 to the present Third it chronicles foundation developments and activities in Europe at the close of the twentieth century The volume provides a historical account of some U S foundations international activity in a particular region in a specific time period and their a **Analytical Psychology in Exile** C. G. Jung, Erich Neumann, 2025-07-22 Two giants of twentieth century psychology in dialogue C G Jung and Erich Neumann first met in 1933 at a seminar Jung was conducting in Berlin Jung was fifty seven years old and internationally acclaimed for his own brand of psychotherapy Neumann twenty eight had just finished his studies in medicine The two men struck up a correspondence that would continue until Neumann s death in 1960 A lifelong Zionist Neumann fled Nazi Germany with his family and settled in Palestine in 1934 where he would become the founding father of analytical psychology in the future state of Israel Presented here in English for the first time are letters that provide a rare look at the development of Jung s psychological theories from the 1930s onward as well as the emerging self confidence of another towering twentieth century intellectual who was often described as Jung s most talented student Neumann was one of the few correspondence partners of Jung s who was able to challenge him intellectually and personally These letters shed light on not only Jung s political attitude toward Nazi Germany his alleged anti Semitism and his psychological theory of fascism but also his understanding of Jewish psychology and mysticism They affirm Neumann s importance as a leading psychologist of his time and paint a fascinating picture of the psychological impact of immigration on the German Jewish intellectuals who settled in Palestine and helped to create the state of Israel Featuring Martin Liebscher s authoritative introduction and annotations this volume documents one of the most important intellectual relationships in the history of analytical psychology

The Yale Biographical Dictionary of American Law Roger K. Newman, 2009-01-01 This book is the first to gather in a single volume concise biographies of the most eminent men and women in the history of American law Encompassing a wide range of individuals who have devised replenished expounded and explained law The Yale Biographical Dictionary of

American Law presents succinct and lively entries devoted to more than 700 subjects selected for their significant and lasting influence on American law. Casting a wide net, editor Roger K. Newman includes individuals from around the country from colonial times to the present, encompassing the spectrum of ideologies from left wing to right and including a diversity of racial, ethnic, and religious groups. Entries are devoted to the living and dead, the famous and infamous, many who upheld the law and some who broke it: Supreme Court justices, private practice lawyers, presidents, professors, journalists, philosophers, novelists, prosecutors, and others. The individuals in the volume are as diverse as the nation itself. Entries written by close to 600 expert contributors outline basic biographical facts on their subjects, offer well-chosen anecdotes and incidents to reveal accomplishments, and include brief bibliographies. Readers will turn to this dictionary as an authoritative and useful resource, but they will also discover a volume that delights and entertains. Listed in *The Yale Biographical Dictionary of American Law*: John Ashcroft, Robert H. Bork, Bill Clinton, Ruth Bader Ginsburg, Patrick Henry J. Edgar, Hoover, James Madison, Thurgood Marshall, Sandra Day O'Connor, Janet Reno, Franklin D. Roosevelt, Julius and Ethel Rosenberg, John T. Scopes, O. J. Simpson, Alexis de Tocqueville, Scott Turow, and more than 700 others. Just Jackie Edward Klein, 2009-12-16. In this journalistic tour de force, bestselling author Edward Klein, a friend of Jacqueline Onassis's for many years, takes us behind the public image to give us a story that has never been told before. For this myth-shattering portrait, Klein has amassed a wealth of exclusive information from private documents and correspondence, FBI files, and hundreds of interviews with Jackie's friends, the associates of Aristotle Onassis, and people familiar with her longtime companion, the mysterious diamond merchant Maurice Tempelsman. Many people break their silence here for the first time. Much more than a portrait of a famous celebrity, *JUST JACKIE: HER PRIVATE YEARS* captures the essence of a captivating woman whose passion for wealth was matched only by her deep need for privacy. *As If Learning Mattered* Richard Earl Miller, 1998. Writing with wit and precision, Miller shows why the system of higher education has been particularly resistant to reform. Unraveling stereotypes about conservative, liberal, and radical reform efforts, Miller looks at what has actually happened when theories about education have been put into practice. What did Matthew Arnold do as a school inspector to promote the study of the best that has been thought and said in our time? **Mellon** David Cannadine, 2021-06-02. A landmark work from one of the preeminent historians of our time, the first published biography of Andrew W. Mellon, the American colossus who bestrode the worlds of industry, government, and philanthropy, leaving his transformative stamp on each. Andrew Mellon, one of America's greatest financiers, built a legendary personal fortune from banking to oil to aluminum manufacture, tracking America's course to global economic supremacy. As treasury secretary under Presidents Harding, Coolidge, and finally Hoover, Mellon made the federal government run like a business, prefiguring the public official as CEO. He would be hailed as the architect of the Roaring Twenties, but staying too long would be blamed for the Great Depression, eventually to find himself a broken idol. Collecting art was his only nonprofessional gratification, and his great gift to the American people. The National Gallery of Art remains his most tangible

legacy **The Georgetown Ladies' Social Club** C. David Heymann, 2004-11-02 A portrait of the political and social life of Georgetown cites the influence of such women as Katharine Graham Lorraine Cooper and Sally Quinn while offering insight into Washington life in the late twentieth century Eranos Hans Thomas Hakl, 2014-09-11 Every year since 1933 many of the world's leading intellectuals have met on Lake Maggiore to discuss the latest developments in philosophy history art and science and in particular to explore the mystical and symbolic in religion The Eranos Meetings named after the Greek word for a banquet where the guests bring the food constitute one of the most important gatherings of scholars in the twentieth century The book presents a set of portraits of some of the century's most influential thinkers all participants at Eranos Carl Jung Erich Neumann Mircea Eliade Martin Buber Walter Otto Paul Tillich Gershom Scholem Herbert Read Joseph Campbell Erwin Schrodinger Karl Kereyni D T Suzuki and Adolph Portmann The volume presents a critical appraisal of the views of these men how the exchange of ideas encouraged by Eranos influenced each and examines the attraction of these esotericists towards authoritarian politics Iconoclast: Abraham Flexner and a Life in Learning Thomas Neville Bonner, 2019-08-16 Abraham Flexner 1866 1959 raised in Louisville Kentucky in a family of poor Jewish immigrants from Germany attended the Johns Hopkins University in the first decade of its existence After graduating in 1886 he founded four years before John Dewey's Chicago laboratory school a progressive experimental school in Louisville that won the attention of Harvard President Charles W Eliot After a successful nineteen years as teacher and principal he turned his attention to medical education on behalf of the Carnegie Foundation His 1910 survey known as the Flexner Report stimulated much needed radical changes in American medical schools With its emphasis on full time clinical teaching it remains the most widely cited document on how doctors best learn their profession Flexner's subsequent projects a book on medical education in Europe and a comparative study of medical education in Europe and America remain unsurpassed in range and insight For fifteen years a senior officer in the Rockefeller supported General Education Board in New York City he helped distribute grants more than 6 billion in today's dollars for education in medicine and other subjects and started the Lincoln School in 1917 His devastating critique of American higher education Intellectual inquiry not job training is the purpose of the university raised important questions upsetting many educators In 1930 Flexner created and led the Institute for Advanced Study at Princeton convincing Albert Einstein to accept the first appointment at the new institute Iconoclast is a thoughtful wonderfully crafted solidly researched account of an uncommon life that far exceeds Abraham Flexner's association with reform in medical education Bonner's labors have produced a critical insightful portrait of Flexner as a brilliant tireless extraordinarily persuasive visionary In addition to detailed portraits of the man at the vortex of swiftly moving scientific educational and philanthropic currents in higher education in the United States Bonner also provides an account of Flexner's personal life Iconoclast offers a learned portrait of the distance traveled in medical education during the past 100 years along with consideration of the curricular and pedagogical problems that persist Delese Wear New England Journal of Medicine Bonner

s great achievement in this scholarly and captivating book is to model Flexner's critical appraisal skills in writing about him. Even Flexner himself lacked critical awareness in his autobiography. Bonner, on the other hand, offers a gentle and thoughtful appraisal. The elements that contribute to Flexner's greatness—perseverance, vision, clear thinking, and fair-mindedness—are all balanced with his weaknesses: an obstinate unwillingness to retract and clouded political insight. Bonner dissects Flexner's contribution with meticulous scholarship, avoiding all cheap adulation or debunking. This is an outstanding book. Ed Peile, *British Medical Journal*. The book offers historical insights about philanthropy, educational reform, and institutional governance and decision making. In Bonner's capable hands, Flexner emerges as an interesting figure whose successes are combined with contradictions and shortcomings. Amy E. Wells, *Academe*. An outstanding and thorough study of this remarkable American educator who more than anyone before or since defined what a medical school should be. Left indelible marks on public education and founded one of the most innovative centers of advanced study in the world. Bonner adroitly portrays in this masterful biography what America and the world owes to Flexner for his vision, creativity, tenacity, and advocacy of progressive education. John S. Haller Jr., *Journal of American History*. Few nonphysicians have had as profound and long-lasting an effect on modern American medicine as Abraham Flexner. An excellent book about a highly significant and neglected figure. Janet A. Tighe, Ph.D., *JAMA*. *Journal of the American Medical Association*. Not only fills a major void but also provides an important evaluation of an individual whose contributions to education and a variety of social problems have generally been overlooked. Bonner's biography restores Flexner to the position of importance that he merits. This biography is a major addition to American historiography. Gerald N. Grob, *Journal of the History of Medicine and Allied Sciences*. Excellent. Deeply researched, carefully presented. This thorough, creative biography adjusts our view of this powerful man so engaged in an astounding array of twentieth-century educational developments. Linda Eisenmann, *H-Net*. Thanks to Thomas Bonner's *Iconoclast*, we finally have the biography Flexner deserves, and readers seek. John R. Thelin, *Journal of Higher Education*. If you want to know why more than half of the Nobel Prizes in medicine and science since 1945 have gone to Americans, you must read Thomas Bonner's book. Abraham Flexner was the architect of a revolution in medical education in the United States that explains how this country became the medical mecca of the world. Bonner brings Flexner's remarkable story to life with clarity, sympathy, and verve. James H. Jones, author of *Bad Blood* and *Alfred C. Kinsey: A Public/Private Life*. At last we have a life of one of the most powerful shapers of medicine, science, and higher education. This beautifully crafted life of Flexner will rescue a giant of his times from fragmentation and sometimes misunderstanding. Bonner has written not only a very important book but a deeply thoughtful and searching interrogation of recurrent social and moral problems that take on life and meaning in a concrete historical setting. John C. Burnham, *Ohio State University*. Abraham Flexner was one of the great innovators in education of the twentieth century. Thomas N. Bonner, a distinguished historian as well as an educator manager, is the biographer Flexner deserves. Daniel M. Fox, *President Milbank Memorial Fund Perspectives in Biology and Medicine*.
