**Reflections of Florida** Donald D. Spencer, 2001-01-01 Reflections of Florida invites you to travel through fifty years of Florida history between 1900 and 1950 and view the state in its turn of the century glory This engaging selection of 230 postcard views taken from the author s collection provides a portrait of Florida from an era when small towns and rural communities dominated life in the state The beauty and power of the historical postcard images combined with recorded accounts that document the past evoke a strong sense of everyday life Postcard images show the common bonds between our lives and the lives of past generations Those postcard images that survive are treasures from our cultural past and must be collected and preserved so that we can be more fully aware of the varied dimensions of our ancestors lives Here are the joys and frustrations of the expanding Sunshine State the developing towns and cities the thriving tourist industry and agriculture

[Revolt of the Saints](#) John F. Collins, 2015-05-01 In 1985 the Pelourinho neighborhood in Salvador Brazil was designated as a UNESCO World Heritage Site Over the next decades over 4 000 residents who failed to meet the state's definition of proper Afro-Brazilianness were expelled to make way for hotels boutiques NGOs and other attractions In *Revolt of the Saints* John F. Collins explores the contested removal of the inhabitants of Brazil's first capital and best known site for Afro-Brazilian history arguing that the neighborhood's most recent reconstruction begun in 1992 and supposedly intended to celebrate the Pelourinho's working class citizens and their culture revolves around gendered and racialized forms of making Brazil modern He situates this focus on national origins and the commodification of residents' most intimate practices within a longer history of government and elite attempts to improve the citizenry's racial stock even as these efforts take new form today In this novel analysis of the overlaps of race space and history Collins thus draws on state citizen negotiations of everyday life to detail how residents respond to the attempt to market Afro-Brazilian culture and reimagine the nation's foundations both illuminate and contribute to recent shifts in Brazil's racial politics
