

REFLECTIONS ON THE WAY TO THE CALLOWAYS

Reflections On Way To Gallows

Patricia Morley

Reflections On Way To Gallows:

Reflections on the Way to the Gallows Mikiso Hane,1993-10-06 In this book for the first time we can hear the startling moving voices of adventurous and rebellious Japanese women as they eloquently challenged the social repression of prewar Japan The extraordinary women whose memoirs recollections and essays are presented here constitute a strong current in the history of modern Japanese life from the 1880s to the outbreak of the Pacific War **The Pilgrim's Progress .. With Explanatory Notes, by W. Mason and Evangelical Reflections Selected from J. Newton, J. Bradford, Dr. Hawker, and Others. To which is Prefixed, The Life of the Author .. [pt.1-3.]** John Bunyan,1840 The Mountain is Moving Patricia Morley,1999 In Imperial times in Japan women were subservient inferiors in theory they were liberated by the democratic constitution imposed by the US after World War II but in real life Japan change is glacially slow Here that slow changing reality is juxtaposed with the fast moving aspirations of Japanese women The author achieves this through wide ranging interviews with Japanese women and by using a range of contemporary Japanese literature *Hiratsuka Raichō and Early Japanese Feminism* Hiroko Tomida,2003-12-01 This work on Hiratsuka Raich at last fully assesses her key role in the history of the Japanese women s movement It provides a full and contextual analysis of the life 1886 1971 and work of this leading Japanese feminist all in the light of the changes affecting women in Japan At the same time the author compares her working with similar historical shifts and movements in western countries notably Great Britain and the United States International comparisons at the level of personal biography and associated ideas are made to see the influence of Western feminists on Hiratsuka s feminism Hiratsuka is compared with other Japanese feminists whereby her pivotal role in the history of the Japanese women s movement becomes clear With extensive footnotes for further reference and research a number of appendices a detailed bilingual glossary and bibliography a true reference on an important subject **Walk Towards the Gallows** Reinhold Kramer,Tom Mitchell,2002-01-01 In 1899 Hilda Blake a domestic servant in Winnipeg shot her pregnant employer Cain s Daughter offers a fascinating well written account of this extraordinary legal and historical event Along the way the book skillfully illuminates social and political life in turn of the century Canada Japan and the High Treason Incident Masako Gavin,Ben Middleton,2013-08-21 The High Treason Incident rocked Japanese society between 1910 and 1911 when police discovered that a group of anarchists and socialists were plotting to assassinate the Emperor Meiji Following a trial held in camera twelve of the so called conspirators were hanged but while the executions officially brought an end to the incident they were only the initial outcome as the state became increasingly paranoid about national ideological cohesion In response it deployed an array of new technologies of integration and surveillance and the subsequent repression affected not only political movements but the whole cultural sphere This book shows the far reaching impact of the high treason incident for Japanese politics and society and the subsequent course of Japanese history Taking an interdisciplinary and global approach it demonstrates how the incident transformed modern Japan in numerous and

unexpected ways and sheds light on the response of authoritarian states to radical democratic opposition movements elsewhere The contributors examine the effects of the incident on Japanese history literature politics and society as well as its points of intersection with broader questions of anarchism colonialism gender and governmentality to underline its historical and contemporary significance With chapters by leading Western and Japanese scholars and drawing on newly available primary sources this book is a timely and relevant study that will be of great interest to students and scholars working in the fields of Japanese history Japanese politics Japanese studies as well as those interested in the history of social movements

Japanese Women and the Transnational Feminist Movement Before World War II Taeko Shibahara,2014-04-04 This book traces the development of feminist consciousness in Japan from 1871 to 1941 Taeko Shibahara uncovers some fascinating histories as she examines how middle class women navigated between domestic and international influences to form ideologies and strategies for reform They negotiated a humanitarian space as Japan expanded its nationalist militarist imperialist and patriarchal power Focusing on these women s political awakening and activism Shibahara shows how Japanese feminists channeled and adapted ideas selected from international movements and from interactions with mainly American social activists Japanese Women and the Transnational Feminist Movement before World War II also connects the development of international contacts with the particular contributions of Ichikawa Fusae to the suffrage movement Ishimoto Shidzue to the birth control movement and Gauntlett Tsune to the peace movement by touching on issues of poverty prostitution and temperance The result provides a window through which to view the Japanese women s rights movement with a broader perspective

The Gallows of Chance E. Phillips Oppenheim,2022-08-01 DigiCat Publishing presents to you this special edition of The Gallows of Chance by E Phillips Oppenheim DigiCat Publishing considers every written word to be a legacy of humankind Every DigiCat book has been carefully reproduced for republishing in a new modern format The books are available in print as well as ebooks DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature

The Republic Shall Be Kept Clean Tariq D. Khan,2023-09-05 The long relationship between America s colonizing wars and virulent anticommunism The colonizing wars against Native Americans created the template for anticommunist repression in the United States Tariq D Khan s analysis reveals bloodshed and class war as foundational aspects of capitalist domination and vital elements of the nation s long history of internal repression and social control Khan shows how the state wielded the tactics weapons myths and ideology refined in America s colonizing wars to repress anarchists labor unions and a host of others labeled as alien multi racial multi ethnic urban rabble The ruling classes considered radicals of all stripes to be anticolonial insurgents As Khan charts the decades of red scares that began in the 1840s he reveals how capitalists and government used much practiced counterinsurgency rhetoric and tactics against the movements they perceived and vilified as anarchist Original and boldly argued The Republic Shall Be Kept Clean offers an enlightening new history with relevance for our own time

Telling

Lives Ronald P. Loftus, 2004-06-30 In this fascinating collection of translations *Telling Lives* looks at the self writing of five Japanese women who came of age during the decades leading up to World War II Following an introduction that situates women's self writing against the backdrop of Japan during the 1920s and 1930s Loftus takes up the autobiographies of Oku Mumeo a leader of the prewar women's movement and Takai Toshio a textile worker who later became a well known labor activist Next is the moving story of Nishi Kyoko whose *Reminiscences* tells of her life as a young woman who escapes the oppression of her family and establishes her financial independence Nishi's narrative precedes a detailed look at the autobiography of Sata Ineko Sata's *Between the Lines of My Personal Chronology* recounts her years as a member of a proletarian arts circle and her struggle to become a writer The collection ends with the Marxist Fukunaga Misao's frank and explosive text *Memoirs of a Female Communist* which is examined as a manifesto condemning the male chauvinism of the prewar Japanese Communist Party

Women, Work, Family, and the State in Japan, 1868-1990 Yoshiko Miyake, 1991

The Japanese Christopher Harding, 2020-11-05 A SUNDAY TIMES BOOK OF THE YEAR 2020 Mightily impressive a marvellous read Sunday Times From the acclaimed author of *Japan Story* this is the history of Japan distilled into the stories of twenty remarkable individuals The vivid and entertaining portraits in Chris Harding's enormously enjoyable new book take the reader from the earliest written accounts of Japan right through to the life of the current empress Masako We encounter shamans and warlords poets and revolutionaries scientists artists and adventurers each offering insights of their own into this extraordinary place For anyone new to Japan this book is the ideal introduction For anyone already deeply involved with it this is a book filled with surprises and pleasures

Bombs, Bullets and Bread Michael Kemp, 2018-08-23 During the late 19th and early 20th centuries a wave of political violence swept across the globe causing widespread alarm Described by the media of the day as propaganda of the deed assassinations bombings and assaults carried out by anarchists both individuals and conspirators were intended to incite revolution and established the precedents of modern terrorism Much has been written about these actions and the responses to them yet little attention has been given to the actors themselves Drawing on wide range of sources the author profiles numerous insurgents their deeds and their motives

Kant's Defense of

Common Moral Experience Jeanine Grenberg, 2013-07-18 This book argues that everything important about Kant's moral philosophy emerges from common human experience of the conflict between happiness and morality

A Companion to Japanese History William M. Tsutsui, 2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan's history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies

Zen at War Brian Daizen Victoria, 2006-06-22 A compelling history of the contradictory often militaristic role of Zen Buddhism this book meticulously documents the close and previously unknown support of a supposedly peaceful religion for Japanese militarism

throughout World War II Drawing on the writings and speeches of leading Zen masters and scholars Brian Victoria shows that Zen served as a powerful foundation for the fanatical and suicidal spirit displayed by the imperial Japanese military At the same time the author recounts the dramatic and tragic stories of the handful of Buddhist organizations and individuals that dared to oppose Japan's march to war He follows this history up through recent apologies by several Zen sects for their support of the war and the way support for militarism was transformed into corporate Zen in postwar Japan The second edition includes a substantive new chapter on the roots of Zen militarism and an epilogue that explores the potentially volatile mix of religion and war With the increasing interest in Buddhism in the West this book is as timely as it is certain to be controversial

Walk in the Light While Ye Have Light ; Thoughts and Aphorisms ; Letters ; Miscellanies graf Leo Tolstoy,1905 *Tree Of Life* Paul Foster Cage,2021-01-28 There are thirty seven lessons based on the Tarot in this book with an introduction objective and about higher consciousness This book is occult in nature and taught to students of BOTA

Imperial Gallows Stacey Hynd,2023-11-02 Not just a method of crime control or individual punishment in Britain's African territories the death penalty was an integral aspect of colonial networks of power and violence Imperial Gallows analyses capital trials from Kenya Nyasaland and the Gold Coast to explore the social tensions that fueled murder among colonised populations and how colonial legal cultures and landscapes of political authority shaped sentencing and mercy It demonstrates how ideas of race ethnicity gender and civilization could both spare and condemn Africans convicted of murder in colonial courts and also how Africans could either appropriate or resist such colonial legal discourses in their trials and petitions In this book Stacey Hynd follows the whole process of capital punishment from the identification of a murder victim to trial and conviction through the process of mercy and sentencing onto death row and execution The scandals that erupted over the death penalty from botched executions and moral panics over ritual murder to the hanging of anti colonial rebels for terrorist and emergency offences provide significant insights into the shifting moral and political economies of colonial violence This monograph contextualises the death penalty within the wider penal systems and coercive networks of British colonial Africa to highlight the shifting targets of the imperial gallows against rebels robbers or domestic murderers Imperial Gallows demonstrates that while hangings were key elements of colonial iconography in British Africa symbolically loaded events that demonstrated imperial power and authority they also reveal the limits of that power

Don Quixote's Impossible Quest for the Absolute in Literature William Franke,2024-07-31 This book offers a reading particularly of Part II of Don Quixote a reading that is embedded in a philosophical reflection on the revelation of religious truth in and through literature Part II of Don Quixote is the far richer part for its meta literary reflection on the novel itself as a genre and on life as such seen through the lens of self reflection The author has treated the phenomenon of modern self reflexivity as originally theological in nature in previous publications notably Dante's Paradiso and the Theological Origins of Modern Thought Toward a Speculative Philosophy of Self Reflection Routledge 2021 The present endeavor expands this overall intellectual

project extending it into detailed consideration of what is recognizably another nodal great work inaugurating unprecedented forms of self reflection in the early modern period Reading the founding texts of literary and cultural tradition in this negative theological key proves crucial to allowing them to release the full force of their religious vision in the present age despite its sometimes obstinate secularity This reading absorbs and reconciles the religious and secular readings of Miguel de Unamuno and Jos Ortega y Gasset two of Spain s outstanding philosophical luminaries Both thinkers based their entire philosophies and their analyses of the Spanish national character and destiny on their interpretations of the Quixote Negative theology deploys critical reason that critiques the limits of reason itself and opens toward an unfathomable un ground of All Such speculative interpretation performs a synthesis of the secularizing and sacralizing tendencies that are both sublimely operative in the text of the Quixote It thereby enables the work to emerge in the fully parodic and paradoxical vitality that other interpretations governed by one paradigm or the other access only partially Rather than falling into one camp or the other the proposed approach combines and resources both heritages sacred and secular in their deepest synergisms Spanish baroque mysticism and contemporary post secular thought are made to converge in highlighting the blessed even sacred donation that literature like Don Quixote preserves and transmits as our most precious and saving cultural heritage
