Reflexions Sur La Question Juive:

Réflexions sur la question juive Jean-Paul Sartre, 1976 Reflexions Sur la Question Juive, 1946 *Reflexions Sur la Question Juive*, 1982 **Réflexions sur les questions juives** Annie Kriegel, 1984-01-01 T00:00:00+01:00 Non pas la question juive comme on disait jadis la question sociale abstraite quasi métaphysique mais les questions que pose la présence juive dans l'histoire la vie communautaire le sionisme Israël et leurs corollaires l'antisémitisme l'antisionisme le terrorisme la guerre et la paix au Proche Orient A la fois historienne et journaliste Annie Kriegel nous livre ici le fruit d'une réflexion dont l'actualité baigne dans l'eau vive d'une histoire immémoriale *Violent Histories* David Gascoigne, 2007 This series aims to publish new research monographs and essays into relationships and interactions between culture and identity The notions of both culture and identity are broadly conceived interdisciplinary and theoretically diverse approaches are encouraged in a series designed to promote a better understanding of the processes of identity formation both individual and collective

Réflexions sur la question juive Jean Paul Sartre, 2005 , **Regards français sur l'Amérique** Edward Dawley, 2009 Une analyse des réactions de divers intellectuels français concernant certains aspects de la culture et de la politique américaines entre 1945 et 1953 Les observations l'égard des Etats Unis tirées de la revue Temps modernes fondée par J P Sartre avec S de Beauvoir sont examinées Quelques perceptions plus récentes de l'Amérique sont abordées en fin d'ouvrage

Jean-Paul Sartre and the Jewish Question Jonathan Judaken, 2006-12-01 Examines the image of the Jew in Sartre's work to rethink not only his oeuvre but also the role of the intellectual in France and the politics and ethics of existentialism This book explores how French identity is defined through the abstraction and allegorization of the Jew **The Existentialist Moment** Patrick Baert, 2015-08-20 Choice Outstanding Academic Title for 2015 Jean Paul Sartre is often seen as the quintessential public intellectual but this was not always the case Until the mid 1940s he was not so well known even in France Then suddenly in a very short period of time Sartre became an intellectual celebrity How can we explain this remarkable transformation The Existentialist Moment retraces Sartre's career and provides a compelling new explanation of his meteoric rise to fame Baert takes the reader back to the confusing and traumatic period of the Second World War and its immediate aftermath and shows how the unique political and intellectual landscape in France at this time helped to propel Sartre and existentialist philosophy to the fore The book also explores why from the early 1960s onwards in France and elsewhere the interest in Sartre and existentialism eventually waned The Existentialist Moment ends with a bold new theory for the study of intellectuals and a provocative challenge to the widespread belief that the public intellectual is a species now on the brink of extinction *Sartre, Jews, and the Other* Manuela Consonni, Vivian Liska, 2020-02-24 The starting point for this compilation is the wish to rethink the concept of antisemitism race and gender in light of Sartre's pioneering *Réflexions sur la Question Juive* seventy years after its publication The book gathers texts by prestigious scholars from different disciplines in the Humanities and the Social Sciences with the objective of revisiting this work locating it within the setting of

two other pioneering and we argue related publications namely Simone De Beauvoir's *Le deuxi me sexe* of 1949 and Franz Fanon's *Peau noire et masques blancs* of 1952 This particular and original standpoint sheds new light on the different meanings and political functions of the concept of antisemitism in a political and historical context marked by the post modern concepts of multi ethnicity and multiculturalism Studia Litteraria Universitatis Jagellonicae Cracoviensis vol. 6 (2011) , **Jean-Paul Sartre: A Bibliography of International Criticism** Robert Wilcocks,1975 A large comprehensive compilation of journalism and international criticism of the works and activities of Jean Paul Sartre The work covers Sartre's stormy career from 1937 to 1975 containing nearly 700 000 entries and over 3 200 authors Palimpsestic Memory Max Silverman,2013-02-01 The interconnections between histories and memories of the Holocaust colonialism and extreme violence in post war French and Francophone fiction and film provide the central focus of this book It proposes a new model of palimpsestic memory which the author defines as the condensation of different spatio temporal traces to describe these interconnections and defines the poetics and the politics of this composite form In doing so it is argued that a poetics dependent on tropes and techniques such as metaphor allegory and montage establishes connections across space and time which oblige us to perceive cultural memory not in terms of its singular attachment to a particular event or bound to specific ethno cultural or national communities but as a dynamic process of transfer between different moments of racialized violence and between different cultural communities The structure of the book allows for both the theoretical elaboration of this paradigm for cultural memory and individual case studies of novels and films The Oxford Handbook of Levinas Michael L. Morgan,2019-04-10 Emmanuel Levinas 1906 1995 emerged as an influential philosophical voice in the final decades of the twentieth century and his reputation has continued to flourish and increase in our own day His central themes the primacy of the ethical and the core of ethics as our responsibility to and for others speak to readers from a host of disciplines and perspectives However his writings and thought are challenging and difficult The Oxford Handbook of Levinas contains essays that aim to clarify and engage Levinas and his writings in a number of ways Some focus on central themes of his work others on the ways in which he read and was influenced by figures from Plato Hobbes Descartes and Kant to Blanchot Husserl Heidegger and Derrida And there are essays on how his thinking has been appropriated in moral and political thought psychology film criticism and more and on the relation between his thinking and religious themes and traditions Finally several essays deal primarily with how readers have criticized him and found him wanting The volume exposes and explores both the depth of Levinas's philosophical work and the range of applications to which it has been put with special attention to clarifying why his interests in the human condition the crisis of civilization the centrality and character of ethics and morality and the very meaning of human experience should be of interest to the widest range of readers *La question juive en France en 1789* Mainfroy Maignial,1903 Feminist Interpretations of Jean-Paul Sartre Julien S. Murphy,2010-11-01 While Sartre was committed to liberation struggles around the globe his writing never directly addressed the oppression of women

Yet there is compatibility between his central ideas feminist beliefs In this first feminist collection on Sartre philosophers reassess the merits of Sartre s radical philosophy of freedom for feminist theory Contributors are Hazel E Barnes Linda A Bell Stuart Z Charme Peter Diers Kate Edward Fullbrook Karen Green Sarah Lucia Hoagland Sonia Kruks Guillermine de Lacoste Thomas Martin Phyllis Sutton Morris Constance Mui Iris Marion Young Race after Sartre Jonathan Judaken,2008-08-26 Race after Sartre is the first book to systematically interrogate Jean Paul Sartre s antiracist politics and his largely unrecognized contributions to critical race theories postcolonialism and Africana existentialism The contributors offer an overview of Sartre s positions on racism as they changed throughout the course of his life providing a coherent account of the various ways in which he understood how racism could be articulated and opposed They interrogate his numerous and influential works on the topic and his insights are utilized to assess some of today s racial quandaries including the November 2005 riots in France Hurricane Katrina immigration affirmative action and reparations for slavery and apartheid The contributors also consider Sartre s impact upon the insurgent antiracist activists and writers who also walked the roads to freedom that Sartre helped pave

The Religion of Existence Noreen Khawaja,2016-12-02 Keen insight reveals existentialism as one more chapter in Christianity s history Journal of the American Academy of Religion The Religion of Existence reopens an old debate on an important question What was existentialism At the heart of existentialism Noreen Khawaja argues is a story about secular thought experimenting with the traditions of European Christianity This book explores how a distinctly Protestant asceticism formed the basis for the chief existentialist ideal personal authenticity which is reflected in approaches ranging from Kierkegaard s religious theory of the self to Heidegger s phenomenology of everyday life to Sartre s global mission of atheistic humanism Through these three philosophers she argues we observe how ascetic norms have shaped one of the twentieth century s most powerful ways of thinking about identity and difference the idea that the true self is not simply given but something that each of us is responsible for producing Engaging with many central figures in modern European thought this book is of value to philosophers and historians of European philosophy scholars of modern Christianity and those working on problems at the intersection of religion and modernity

Antisemitism and Philosemitism in the Twentieth and Twenty-first Centuries Phyllis Lassner,Lara Trubowitz,2008 This book of essays provides a significant reappraisal if discussions of antisemitism and philosemitism The contributors demonstrate that analysis of philosemitic attitudes is as crucial to the history of representations of Jews and Jewish culture as are investigations of antisemitism
