Reforma política, gobernabilidad y desarrollo social, 1996 Gobernabilidad y reforma política en América Latina y Europa Red EuroLatinoamericana de Gobernabilidad para el Desarrollo, 2007 Political Crises, Social Conflict and Economic Development Andrés Solimano, 2005-01-01 Political Crises Social Conflict and Economic Development is a rare attempt to undertake comparative political economy analysis of the Andean region and thus represents a welcome contribution It is clearly written and will engage scholars interested in Latin America from a wide range of disciplines Jonathan di John Journal of Agrarian Change This collection of essays on the political economy of the Andean region goes to the heart of the struggle these smaller economies face in completing crucial reforms and achieving higher growth Andr s Solimano has brought together the best and the brightest talent from each country the result being the most compelling analysis ever of how enclave development and a historical dependence on primary exports renders these countries distinctly Andean As the essays argue the political solutions and economic remedies must address this phenomenon rather than mimicking those strategies of the larger emerging market countries in the region Carol Wise University of Southern California US The contributors to this authoritative volume analyze the impact of political crises and social conflict on economic performance in the Andean region of Latin America The blend of theory and case studies is also relevant for understanding other complex societies in the developing world and transition economies The book provides illuminating insights on how to understand and survive the complicated interactions between volatile politics unstable democracies violence social inequality and uneven economic performance Recent political economy theories are combined with valuable quantitative and qualitative information on presidential crises breakdowns of democracy constitutional reforms quality of institutions and social inequality and exclusion to understand actual country realities Part I provides the conceptual framework and a regional perspective of the book Part II contains five political economy country studies Bolivia Colombia Ecuador Peru and Venezuela written by leading scholars in the field and former senior policymakers including a former President Together the chapters highlight the detrimental effects of political instability and social conflict on economic growth and stability as well as the feedback effects from poor economic performance on political instability and institutional fragility The country studies warn that narrow economic reforms that do not pay adequate attention to politics institutions and social structures are bound to fail in bringing lasting prosperity and stability to complex societies Examining new and rich information on episodes of political turmoil military interventions forced presidential resignations constitutional reforms and social uprisings this book will be required reading for all those interested in the interface of politics and economic development Reforma política y asamblea nacional, 1997 *Handbook of Territorial Governance* Giancarlo Cotella, Umberto Janin Rivolin, 2025-08-11 Integrating political social and technical dimensions of territorial governance this timely Handbook provides insights into the topic from scholars across urban and regional planning policy geography and

Costa Rica **Género, equidad y ciudadanía. No. 33** Carlos Julio Jara, 2005 Derecho ambiental y gobernanza : la concertación como actuación informal de la Administración Erika Castro, 2018-02-02 La práctica jurídica administrativa pone de relieve la presencia habitual de formas de actuación administrativa basadas en la deliberación y concertación con grupos ciudadanos cuyo propósito es alcanzar objetivos de interés público. A pesar de su importante desarrollo estas actuaciones han tenido un escaso estudio por la doctrina colombiana debido a la ausencia de encaje con el sistema de actos jurídicos públicos tradicionales lo que ha ameritado que la doctrina extranjera les otorgue el nombre de actuaciones informales. Este concepto ha sido ilustrado por Schmidt Assmann 1993a pág. 29 como situaciones de mixtura en las que unas veces algunos elementos característicos como por ejemplo la voluntad de vincular o el ámbito de la regulación resultan inciertos mientras que en otras ocasiones plantean propiamente dificultades a la hora de clasificarlos dentro de las diversas formas disponibles¹. El interés de este trabajo en el estudio de la actuación informal basada en procesos de concertación de la Administración con la ciudadanía se fundamenta en dos razones: primera la revisión que de los fundamentos dogmáticos y de la doctrina de las formas jurídicas implica este tipo de actuaciones y segunda la incorporación de nuevos modelos regulativos y de gobernanza pública que promueven la superación de la percepción tradicional de la separación Estado-sociedad hacia un modelo de integración e interdependencia distribución de responsabilidades que contribuye a la legitimidad de los poderes públicos.

Multiculturalism in Latin America R. Sieder, 2002-06-28 During the last fifteen years Latin American governments reformed their constitutions to recognize indigenous rights. The contributors to this book argue that these changes pose fundamental challenges to accepted notions of democracy, citizenship and development in the region. Using case studies from Mexico, Guatemala, Bolivia and Peru they analyze the ways in which new legal frameworks have been implemented, appropriated and contested within a wider context of accelerating economic and legal globalization, highlighting the key implications for social policy, human rights and social justice. La reforma política del Distrito Federal Oziel Serrano Salazar, 2001-01-01 *La Ciencia Política en Colombia, la construcción de una comunidad académica* Javier Duque Daza, 2015-01-15 Este libro aborda un escenario como es el presente en el que el pasado juega un papel relevante. También es una evidencia de la consolidación de una disciplina, la Ciencia Política en Colombia. Siempre se ha dicho con acierto que un área del saber alcanza su madurez o en términos del autor, la institucionalización, disciplinar, autonomización y diferenciación cuando además tiene capacidad de autorreflexión, de pensarse y evaluarse a sí misma. Javier Duque lleva a cabo esa laboriosa tarea y plantea un fructífero diálogo entre la disciplina que lentamente va floreciendo en Colombia al unisono de lo que ocurre en América Latina con las tradiciones más asentadas de Europa y de Estados Unidos. Su perspectiva ecléctica en la metodología de la historia de la ciencia le lleva a ahondar minuciosamente en los cimientos que con timidez se van asentando a partir de 1968 en la mirada que construye el marxismo y una posición ciertamente reactiva al empirismo y a la cuantificación de lo político. **Informe sobre desarrollo humano, Honduras**, 1998 **Redrafting Constitutions in Democratic**
