**Christian Drosten**

## **Reforming Public Institutions And Strengthening Governance A World Bank Strategy:**

**Reforming Public Institutions and Strengthening Governance** ,2000-01-01 The critical importance of well performing public institutions and good governance for development and poverty reduction has come to the forefront in the 1990s Reforming public institutions is a complex and difficult task This publication is primarily intended as a guide for World Bank staff but it is also intended to serve the broader development community It outlines a strategy which envisions significant changes in the focus of the Bank s work in this area Some of these changes such as an enhanced focus on governance capacity building and anticorruption are already underway The agenda for the next three years is to continue to foster these changes through a the advancement of analytical tools new approaches t the design of lending operations expanded emphasis on partnership with clients and other donors and progressive shifts in staffing incentives and evaluation techniques Included as an annex is an inventory of the Bank s governance and institutional reform programs which are in place

**Reforming Public Institutions and Strengthening Governance** Banque mondiale. Public Sector Board,2000

**Reforming Public Institutions and Strengthening Governance** World Bank. Public Sector Board,2003 This report seeks to assess the progress to date in implementing the World Bank s strategy for governance and public sector reform It also highlights specific challenges and approaches of individual regions the Development Research Group and the World Bank Institute

**Reforming Public Institutions and Strengthening Governance** Public Sector Board Staff World

Bank,2003 **Public Sector Reform** ,2008-01-01 The effectiveness and efficiency of a country s public sector is vital to the success of development activities including those the World Bank supports Sound financial management an efficient civil service and administrative policy efficient and fair collection of taxes and transparent operations that are relatively free of corruption all contribute to good delivery of public services The Bank has devoted an increasing share of its lending and advisory support to the reform of central governments so it is important to understand what is working what needs improvement and what is missing IEG has examined lending and other kinds of Bank support in 1999 2006 for public sector reform in four areas public financial management administrative and civil service revenue administration and anticorruption and transparency Although a majority of countries that borrowed to support public sector reform experienced improved performance in some dimensions there were shortcomings in important areas and in overall coordination The frequency of improvement was higher among IBRD borrowers than among IDA borrowers Performance usually improved for public financial management tax administration and transparency but did not usually with respect to civil service *Who Matters at the World Bank?* Kim Moloney,2022-06-23 *Who Matters at the World Bank* explores who matters in a 32 year history 1980 2012 of policy change within the World Bank s public sector management and public sector governance agenda and is anchored within the public administration discipline and its understanding of bureaucracy bureaucratic politics and stakeholder influences In response to constructivist scholars concerns about politics and the organizational culture of

international civil servants within international organizations Kim Moloney uses stakeholder theory and a bureaucratic politics approach to suggest the normality of politics policy debate and policy evolution The book also highlights how for 21 of those 32 years it was not external stakeholders but the international civil servants of the World Bank who most influenced led developed and institutionalized this sector s agenda In so doing the book explains how one sector of the Bank s work rose against the odds from being included in just under 3% of approved projects in 1980 to 73% of all projects approved between 1991 and 2012

**Forests Sourcebook** World Bank,2008-04-25 The Forests Sourcebook provides practical operations oriented guidance for forest sector engagement toward the goals of poverty reduction conservation and economic development Intended to guide World Bank lending activities and projects the Forests Sourcebook offers information useful to a broad audience of practitioners government agencies and non governmental organizations The Sourcebook was developed in partnership with members of the Collaborative Partnership on Forests including the Food and Agriculture Organization The Sourcebook provides background on key issues lessons learned and recommendations for practitioners on a number of topics including private sector engagement forest governance sustainable plantation and commercial harvesting and forest information management systems Giving insight into the complex interplay between different realms of development work that effect or are affected by forests the Forests Sourcebook is a valuable tool for any stakeholder involved in development or business projects that could have impact on forests

*A Global Political Economy of Democratisation* Alison J. Ayers,2018-02-13 The late twentieth century is often portrayed as an Age of Democratisation with democracy heralded as the best of all political systems Yet democracy has multiple meanings values and significances The start of the twenty first century has witnessed a massive revival of interest in the meaning and role of democracy not least as democracy understood in one highly particular sense has been increasingly recognised to be in crisis This book presents these deliberations in a new light by moving beyond the concept of the sovereign state as the dominant framework of enquiry and by rejecting the primacy of the state and the categorical separation of the domestic and the international Instead Ayers elaborates an account of democratisation through the global political economy encompassing a trenchant critique of mainstream democracy promotion in theory and practice and opening up possibilities for different histories of democratisation autonomous of the Western liberal and neoliberal project This innovative work will prove useful to scholars and students in the fields of Politics Political Economy International Relations Development African Studies History Geography and Sociology

**The Return of the Public in Global Governance** Jacqueline Best,Alexandra Gheciu,2014-02-20 Many international relations scholars argue that private authority and private actors are playing increasingly prominent roles in global governance This book focuses on the other side of the equation the transformation of the public dimension of governance in the era of globalization It analyses that transformation advancing two major claims first that the public is beginning to play a more significant role in global governance and second that it takes a rather

different form than has traditionally been understood in international relations theory The authors suggest that unless we transcend conventional wisdom about the public as a distinct sphere separate from the private domain we cannot understand the dynamics and consequences of its apparent return Using examples drawn from international political economy international security and environmental governance they argue that the public should be conceptualized as a collection of culturally specific social practices *Reforming Public Institutions and Strengthening Governance* Banco Mundial,2002

eGovernment Whole-of-Government Approach for Good Governance Said Azelmad,2024-09-17 The book embarks on the transformative reforms in Public Administration at the nexus of digital innovation and governance paradigms in Morocco The book addresses the new paradigms of eGovernment which transcends traditional boundaries of public administration offering a meticulous blend of theoretical depth and practical insights through its sophisticated methodological approach The book investigates eGovernment Whole of Government Approaches WGA efficiency in back office transactions G2G for promoting good governance ethics through its theoretical underpinnings and practical applications It offers new insights into the evolving nature of governance in the digital administration The study is a comprehensive analysis of eGovernment 2 0 and its theoretical foundations practical implementations and potential impacts on collaborative governance The book unveils the veiled potential of eGovernment WGA utilities in fostering networked governance practices It is beneficial for policymakers researchers IT professionals and practitioners interested in understanding eGovernment 2 0 networked governance approaches reached so far It offers insights into theoretical aspects practical applications and future implications making it a must read manuscript to understand the complexities of networked governance in the era of eGovernment 2 0 The book is beneficial in the way it designs a roadmap To evaluate the effectiveness of IT systems across public and private sectors facilitated by its comprehensive measurement and methodology To study the eGovernment Whole of Government Approach aimed at enhancing Good Governance within back office transactions G2G To measure the efficiency of all the integrated IT systems in public and private sectors vis vis good governance ethics To assess the forthcoming stage of eGovernment 3 0 in the era of AI This book is a groundbreaking reference for researchers and decision makers to navigate the development of eGovernment 3 0 new approaches in governance and management transformation within its de jure and de facto realities In fact it is an essential reference for policymakers researchers and practitioners looking to understand and navigate the evolving landscape of eGovernment networked governance to shape a future where collaborative management is mandatory for mutual development and prosperity across all agencies sectors and countries *The Limits of Institutional Reform in Development* Matt Andrews,2013-02-11 Developing countries commonly adopt reforms to improve their governments yet they usually fail to produce more functional and effective governments This book explains such failure and proposes an approach to facilitate better reform results in developing country governments To Reform the World Guy Fiti Sinclair,2017-03-02 This book explores how international organizations IOs have expanded their powers over time without

formally amending their founding treaties IOs intervene in military financial economic political social and cultural affairs and increasingly take on roles not explicitly assigned to them by law Sinclair contends that this mission creep has allowed IOs to intervene internationally in a way that has allowed them to recast institutions within and interactions among states societies and peoples on a broadly Western liberal model Adopting a historical and interdisciplinary socio legal approach Sinclair supports this claim through detailed investigations of historical episodes involving three very different organizations the International Labour Organization in the interwar period the United Nations in the two decades following the Second World War and the World Bank from the 1950s through to the 1990s The book draws on a wide range of original institutional and archival materials bringing to light little known aspects of each organization s activities identifying continuities in the ideas and practices of international governance across the twentieth century and speaking to a range of pressing theoretical questions in present day international law and international relations

#### **Fighting Fraud and Corruption at the World**

**Bank** Stefano Manacorda, Costantino Grasso, 2018-05-04 This book focuses on the World Bank s sanctions system which is an innovative instrument of global governance implemented by the leading multilateral development bank in order to impose penalties on legal entities and individuals that are involved in Bank financed projects Although similar regimes have also been implemented by other regional multilateral development banks the World Bank s legal framework is currently the most comprehensive one The book offers a rich and detailed analysis of the sanctions system presenting an in depth examination of all the phases of its procedure with a special focus on key aspects such as the criteria for assigning liability to legal entities and corporate groups as well as the World Bank s jurisdictional reach over non contractors The book also explores the compatibility between the legal framework implemented by the Bank and the rule of law the role of precedents and the level of due process It highlights the fact that the sanctions system is currently characterized by a lack of legal guarantees and that there are compelling reasons for supporting the argument that due process safeguards should be applied to it in their entirety To that end the book conducts a thorough analysis of specific procedural aspects such as the right to a hearing the right to evidence disclosure the time limit regime the standard of proof and shift of the burden of proof the evidential value of a party s silence and the consistency and predictability of the World Bank s sentencing practice The study is conducted on the basis of a detailed and painstaking examination of the most relevant decisions taken by the Sanctions Board providing the first ever commentary on the World Bank s case law

#### **Improving International Capacity Development J.**

Armstrong, 2013-05-07 Nothing is more important to a new fragile or developing nation than developing the capacity of its government to support national well being Every society is complex every government is complex Yet well intentioned international development aid born in an era of infrastructure projects continues to apply simplistic technical solutions to these wickedly complex development problems It s an outside in approach that rarely succeeds even by the development industry s own admission But out there amongst the billions of dollars of failed interventions there are bright spots of success

places where capacity is harnessed not just for today but for tomorrow too What is working so well Drawing on research practical experience and stories of success Jim Armstrong explores these emerging approaches *The Political Economy of Economic Reform in the Pacific* Ron Duncan, 2011-07-01 Over the last several years Vanuatu has become one of the fastest growing economies in the Pacific region driven primarily by tourism construction and aid inflows The achievement of strong economic growth has also occurred on the back of improved economic policy effective fiscal management and improved environment for private sector development While recent gains have been impressive more remains to be done to sustain growth and ensure the benefits are distributed throughout the nation The Government is now on a sound financial footing and is well placed to address key development issues The report discusses options for responding to these needs with a view to helping guide public policy formulation in Vanuatu Global Strategy and Practice of E-Governance: Examples from Around the World Piaggese, Danilo, Sund, Kristian, Castelnovo, Walter, 2011-04-30 Over the past decade there has been continual development and renewal of strategies and practices surrounding e governance Governments around the world have embraced new information and communication technologies to increase the efficiency of internal processes deliver better and more integrated services to citizens and businesses invite citizen and stakeholder participation in planning decisions improve communication and sometimes even enhance democratic processes Global Strategy and Practice of E Governance Examples from Around the World provides readers with an overview of relevant strategy and policy level theoretical frameworks and examples as well as up to date implementations from around the world This book offers valuable insights into best practices as well as some of the issues and challenges surrounding the governance of and with information and communication technologies in a globalized knowledge based world **The World Bank Legal Review, Volume 2: Law, Equity and Development** The World Bank, 2006-12-31 The World Bank Legal Review is a publication for policy makers and their advisers attorneys and other professionals engaged in the field of international development It offers a combination of legal scholarship lessons from experience legal developments and recent research on the many ways in which the application of the law and the improvement of justice systems promote poverty reduction economic development and the rule of law In keeping with the theme of the World Development Report 2006 Equity and Development and following the success of the World Bank Group's Legal Forum on Law Equity and Development in December 2005 volume 2 of The World Bank Legal Review focuses on issues of equity and development The volume draws together some of the key ideas of the Legal Forum including articles by many of its distinguished participants and explores the role of equity in the development process highlighting how legal and regulatory frameworks and equitable justice systems can do much to level the playing field in the political economic and sociocultural domains as well as how they can reinforce existing inequalities Consistent with the interdisciplinary nature of this endeavour Law Equity and Development contains work by academics and practitioners in law criminal justice economics human rights social development cultural studies and anthropology *Governing Failure*

Jacqueline Best,2014-01-09 Traces an important shift in international development policy as global institutions have become preoccupied with policy failure This title is also available as Open Access **World Bank International Monetary Fund Collaboration on Public Expenditure Issues** International Monetary Fund.
