Herbert Giersch

Reforming The Welfare State:

Reforming the Welfare State Herbert Giersch, 2012-12-06 This book is the sequel to *Fighting Europe's Unemployment* in the 1990s the collection of papers presented at the Salzburg Symposium of the Egon Sohmen Foundation in 1994 Though the problem of unemployment was urgent already then it has not found a practical solution in the meantime and even intellectually it remains somewhat of a mystery A clue is offered by the contrast with the United States they have the working poor we on the old continent have the welfare recipients This brings the relationship between unemployment and the welfare state to the fore On closer inspection however the matter appears to be much more complicated than the transatlantic contrast suggests Consider only that the welfare state and what is called social policy have a long tradition in Europe They obviously did not prevent or noticeably hamper the decline in unemployment in the 1950s and the emergence of full employment in the 1960s This leaves room for various conjectures Does the welfare state matter only after a long time lag or after it has grown too fast or too much beyond a critical size Is it the welfare state per se that is harmful to employment or do its harmful effects arise only under certain conditions e.g. Reforming the Welfare State Carsten Jensen, Georg Wenzelburger, 2019-11-27 This book introduces a unique new dataset on welfare state reforms in the UK Denmark Finland France and Germany from 1974 to 2014 Using a variety of welfare state types in Europe the authors have systematically investigated core questions that have preoccupied the welfare state literature at least since the 1990s These include the extent of path dependency in mature welfare states the usage of so called invisible policy instruments for hiding cutbacks and the role of partisanship on whether the ideological color of the incumbent affects policy which have been analysed in depth by examining the new dataset presented in this book This text will be of key interest to scholars students and practitioners studying and working in welfare and the welfare state and more broadly to political science sociology and social policy *Creating the Welfare State* Edward D. Berkowitz, Kim McQuaid, 1980 Reforming Welfare by Rewarding Work Dave Hage, 2004 **Reforming the Welfare State** Richard B. Freeman, Birgitta Swedenborg, Robert H. Topel, 2010-04-15 Over the course of the twentieth century Sweden carried out one of the most ambitious experiments by a capitalist market economy in developing a large and active welfare state Sweden's generous social programs and the economic equality they fostered became an example for other countries to emulate Of late Sweden has also been much discussed as a model of how to deal with financial and economic crisis due to the country's recovery from a banking crisis in the mid 1990s At that time economists heatedly debated whether the welfare state caused Sweden's crisis and should be reformed a debate with clear parallels to current concerns over capitalism Bringing together leading economists *Reforming the Welfare State* examines Sweden's policies in response to the mid 1990s crisis and the implications for the subsequent recovery Among the issues investigated are the way changes in the labor market tax and benefit policies local government policy industrial structure and international trade affected Sweden's recovery The way that Sweden addressed its economic challenges provides

valuable insight into the viability of large welfare states and more broadly into the way modern economies deal with crisis

Reforming the Welfare State Herbert Giersch, 1997-02-23 The welfare state has come under increasing pressure This raises numerous questions with regard to how to reform it At an international conference held in Prague the Czech Republic a group of experts discussed some important reform issues Their analyses and proposals are presented in this volume which deals with the following questions What types of welfare states are there To what extent does moral hazard limit the provision of social insurance What are the pros and cons of a negative income tax What are the characteristics of the Swedish Model of a welfare state Is this model dead What are the objectives of the welfare state in Germany Why and how should a pay as you go old age pension system be transformed in to a capital reserve system What trends in reforming health care systems can be observed

The Welfare State in Transition Richard B. Freeman, Robert H. Topel, Birgitta Swedenborg, 2008-04-15 Once heralded in the 1950s and 1960s as a model welfare state Sweden is now in transition and in trouble since its economic plunge in the early 1990s This volume presents ten essays that examine Sweden s economic problems from a U S perspective Exploring such diverse topics as income equalization and efficiency welfare and tax policy wage determination and unemployment and international competitiveness and growth they consider how Sweden s welfare state succeeded in eliminating poverty and became a role model for other countries They then reflect on Sweden s past economic problems such as the increase in government spending and the fall in industrial productivity warning of problems to come Finally they review the consequences of the collapse of Sweden s economy in the early 1990s exploring the implications of its efforts to reform its welfare state and reestablish a healthy economy This volume will be of interest to policymakers and analysts social scientists and economists interested in welfare states

Restructuring the Welfare State Peter Koslowski, Andreas Follesdal, 2012-12-06 The welfare state has been developed first and in its largest extent in North Western Europe in Germany Great Britain the Netherlands and Sweden It is also in these countries where the crisis and financial problems of the welfare state are felt first The need for restructuring the welfare state is a challenge of a supra national European and international scale The book analyses the different welfare states in Germany Great Britain the Netherlands and Sweden with outlooks to Eastern Europe and Japan and examines the proposals for reforming and restructuring the welfare state in Europe The book offers a unique combination of empirical and philosophical ethical analysis of the welfare state

Reforms at Risk Eric M. Patashnik, 2024-11-01 A fascinating account of why some general interest policy reforms stick and others fall apart This is political science at its best Julian Zelizer Princeton University Winner of the Louis Brownlow Book Award National Academy of Public Administration Reforms at Risk is the first book to closely examine what happens to sweeping and seemingly successful policy reforms after they are passed Most books focus on the politics of reform adoption yet as Eric Patashnik shows here the political struggle does not end when major reforms become enacted Why do certain highly praised policy reforms endure while others are quietly reversed or eroded away

Patashnik peers into some of the most critical arenas of domestic policy reform including taxes agricultural subsidies airline deregulation emissions trading welfare state reform and reform of government procurement to identify the factors that enable reform measures to survive He argues that the reforms that stick destroy an existing policy subsystem and reconfigure the political dynamic Patashnik demonstrates that sustainable reforms create positive policy feedbacks transform institutions and often unleash the creative destructiveness of market forces Reforms at Risk debunks the argument that reforms inevitably fail because Congress is prey to special interests and the book provides a more realistic portrait of the possibilities and limits of positive change in American government It is essential reading for scholars and practitioners of U S politics and public policy offering practical lessons for anyone who wants to ensure that hard fought reform victories survive In this penetrating and important book Eric Patashnik explores the political circumstances that enable reforms to endure Paul J Quirk University of British Columbia Reforming the State János Kornai,Stephan Haggard,Robert R.

Kaufman,2001-01-15 The essays in this volume first published in 2001 examine fiscal policy making and providing for social welfare in post socialist countries *Welfare State and Democracy in Crisis* Theodore Pelagidis,Louka Katseli,John

Milios,2018-02-06 This title was first published in 2001 Investigating the consequences of restrictive austerity policies and the downsizing of the welfare state this edited collection reflects on possible ways out by analyzing economic developments social conflicts legal forms and the prevailing directions of economic policy According to official figures around 9.5 per cent of the working population of the European Union is unemployed Fifteen million European citizens are officially looking for work In other countries such as the US the increasing wage inequality has marginalized large parts of the population The precipitous rise in unemployment mainly in Europe and income inequality mainly in the USA as well as the weakening of democratic and welfare institutions in almost every developed nation have caused huge social and political problems in recent years **The Politics of Welfare Reform** Donald F. Norris,Lyke Thompson,1995-04-03 By examining reform efforts

in California Maryland Michigan New Jersey Ohio and Wisconsin the editors provide timely illustrations of the factors leading to reform the manner by which reform was achieved and an assessment of whether reform would ultimately remedy flaws in the system J L Kaniss in Choice Welfare reform has been on the public agenda in the United States for 21.2 decades By 1992 major initiatives were underway in several states The Politics of Welfare Reform examines welfare reform in six states that represents the most substantial changes in public assistance in several decades California Michigan Maryland New Jersey Ohio and Wisconsin The case studies focus on the factors that motivated welfare reform the political process that led to the adoption of the reforms the objectives sought by the reforms and an assessment of the likelihood that the reforms would achieve their objective Introductory and concluding essays knit together national trends in welfare reform and summarize results of recent evaluations of various reform proposals The Politics of Welfare Reform is the perfect volume for students and scholars in policy studies public administration political science and public health Norris and Thompson attempt to

determine how the current debate over welfare reform has developed and spread within and throughout the federal system. By examining reform efforts in California, Maryland, Michigan, New Jersey, Ohio, and Wisconsin, governments whose innovative leadership in the area of welfare and its reform is well documented, the editors provide timely illustrations of the factors leading to reform, the manner by which reform was achieved, and an assessment of whether reform would ultimately remedy flaws in the system. While the text concedes that welfare reform is primarily about politics, not poverty, or welfare, the editors conclude by proposing ways in which the politics of welfare reform could itself be improved.

Choice *The Oxford Handbook of Dutch Politics*, 2024-09-25. The Oxford Handbook of Dutch Politics provides a comprehensive longitudinal overview of the state of the art of academic research on the Dutch political system, its origins and historical development, its key institutions, main fault lines, pivotal processes, and key public policy dynamics. In each of the chapters, researchers take stock of what, if anything, has changed over time, how scholars have conceptualized and studied these dynamics, and what key factors can account for the developmental patterns found to be at play. Notwithstanding its considerable degree of constitutional and institutional stability, Dutch politics has seen considerable step changes and occasional upheavals across the last half century. Influenced by long-term demographic, socio-economic, and cultural shifts, the old social cleavages have waned. New social identities and dividing lines, such as ethnicity, education, place, and gender, have influenced Dutch citizens' political attitudes and behaviours, including their voting patterns. The media landscape and the information environment have been altered by new technologies that politicians and citizens alike have to navigate. This has produced changes in such pivotal components as the party system, coalition formation and management, process, and executive-legislative relations, and many others. Moreover, public policy paradigms and the political coalitions that sustained them have ascended and lost traction in most of the eleven policy domains discussed in the Handbook. In all, this volume provides unique and indispensable insights into stability and change in a political system that once gained notoriety as an archetype of a consensual or consociational democracy.

Out of the Poverty Trap Stuart M. Butler, Anna Kondratas, 1987 Reforming the Welfare State Aloys Prinz, 2005. The welfare state in its traditional form seems no longer sustainable. At the Rothenberge Seminar 2004, a joint venture of the School of Business, Public Administration and Technology at the University of Twente, NL, and the Institute of Public Economics at the Westfälische Wilhelms University Münster, D, the reform options for the welfare state, as such, and in particular for the health care sector, were discussed. In addition to that, other topics were touched upon: environmental policy, the urban structure of Germany, and the public sector in general.

Reforming Governance Franz Gress, 2001. *Reforming Long-term Care in Europe* Joan Costa-Font, 2011-08-24. *Reforming Long-term Care in Europe* offers the most up-to-date analysis of the features and developments of long-term care in Europe. Each chapter focuses on a key question in the policy debate in each country and offers a description and analysis of each system. Offers the very latest analysis of long-term care reform agendas in Europe. Compares countries comparatively less studied with the experiences of reform in

Germany the UK Netherlands and Sweden Each chapter focuses on a key question in the policy debate in each country and portrays a description and analysis of each system Contributions from a wide range of European scholars for an exceptionally broad perspective

Creating the Welfare State Edward Berkowitz, Kim MacQuaid, 1980

Changing Directions of the British Welfare State Gideon Calder, Jeremy Gass, Kirsten Merrill-Glover, 2012-11-15 A unique and timely survey by prominent academics and social campaigners of the evolving priorities of the British welfare state and the values which have underpinned it

The Politics of Economic Reform in Germany Kenneth Dyson, Stephen Padgett, 2014-07-16 This new volume situates current debates about economic reform in Germany in illuminating historical and structural contexts Showing how economic reform has become the central issue on the German political agenda raising contentious issues of policy management and posing deeper questions about political beliefs and identities It also examines the politics of the reform process outlining competing views about the root causes of Germany's economic problems the appropriate policy responses and the distribution of costs It situates the reform process in the wider context of the decline of the German economic model Modell Deutschland and Germany's transition from European pace setter to economic laggard Particular attention is paid to the following key questions What continuities and discontinuities can be seen in Germany's political economy Are globalization and Europeanization associated with a progressive neo liberal ascendancy in economic reform How does economic reform in Germany compare with that in other states notably Britain and France Are there distinctive patterns in the way domestic policymakers negotiate economic reform How do the characteristics of the German labour market and welfare state condition economic reform How much variation exists at the Laender levels This book was previously published as a special issue of German Politics

This is likewise one of the factors by obtaining the soft documents of this **Reforming The Welfare State** by online.
