compositions Woodman worked in the diazotype process for many of these late pieces most importantly the monumental Blueprint for a Temple Raymond shows that through her use of diazotype a medium that breaks down when exposed to light Woodman created art that is both supremely evocative aesthetically and inherently unstable physically Woodman Raymond contends was imaginatively responding to the end of the durable image a historical reality acknowledged in the way her work plays the ephemeral and evanescent against the monumental and enduring Raymond focuses on the theoretical and the curatorial issues surrounding Woodman s diazotypes a thematic and practical distress that haunts much of her later art especially the artist s book and photo series Some Disordered Interior Geometries and Portrait of a Reputation Rather than conceiving of Woodman herself as fragile an artist chronicling and seeming to yearn for her own disappearance Raymond juxtaposes Woodman s career spanning documentation of her own image against other post war witnesses of trauma an artist standing in the museum ruins where she emerges most distinctly as a figure of postmodernity **Shirley Jackson's Dark**

Zorbas,2021-02-15 Intentional acts of assault sorcery involving operations of extracting the souls of unsuspecting victims or eliminating one s antagonists are central to the perceived proliferation of occult threats and shamanic assassins in Tuva Siberia Following the restoration of shamanism as an official religion in the region indigenous spiritual practitioners have propagated a vindictive strand of rituals associated with supernatural retaliation and political assassination This book probes the unforeseen implications of state sanctioned appropriations of religious revival through an unsettling context of encounters with various agencies embodying dark shamanism The invisible presence of this shamanic complex is manifested in the book s presentation of a shaman s thoughts about an epidemic of curses his counter cursing rituals for Russians and ethnic Tuvans and his dialogues with dead shamanic ancestors and spectres experiencing ideological tensions America's Dark Theologian Douglas E. Cowan,2018-06-12 Illuminating the religious and existential themes in Stephen King s horror stories Who are we Why are we here Where do we go when we die For answers to these questions people often look to

religion But religion is not the only place seekers turn Myths legends and other stories have given us alternative ways to address the fundamental quandaries of existence Horror stories in particular with their focus on questions of violence and mortality speak urgently to the primal fears embedded in such existential mysteries With more than fifty novels to his name and hundreds of millions of copies sold few writers have spent more time contemplating those fears than Stephen King Yet despite being one of the most widely read authors of all time King is woefully understudied America's Dark Theologian is the first in depth investigation into how King treats religion in his horror fiction Considering works such as Carrie The Dead Zone Misery The Shining and many more Douglas Cowan explores the religious imagery themes characters and most importantly questions that haunt Stephen King's horror stories Religion and its trappings are found throughout King's fiction but what Cowan reveals is a writer skeptical of the certainty of religious belief Describing himself as a fallen away Methodist King is less concerned with providing answers to our questions than constantly challenging both those who claim to have answers and the answers they proclaim Whether he is pondering the existence of other worlds exploring the origins of religious belief and how it is passed on probing the nature of the religious experience or contemplating the existence of God King invites us to question everything we think we know
