**Air University Library Index to Military Periodicals** ,1994      **World War II at Sea** Spencer C. Tucker,2011-11-10

The war at sea was a key aspect of World War II one that is too often under studied This comprehensive encyclopedia shares current understandings of the struggle to control the seas during that conflict and it opens our eyes to the reasons sea power continues to be of critical importance today Scholarly treatment of World War II is constantly changing as new materials inform new interpretations At the same time current military operations lead to reevaluation of the tactics and technologies of the past Marshalling the latest information and insights into this epic conflict World War II at Sea An Encyclopedia will enable students and other interested readers to explore specific naval engagements while also charting the transformation of naval history through innovations in ordnance In treating the naval aspects of World War II this two volume ready reference enhances the understanding of a part of the war that is often overshadowed by the fighting on land and in the air The encyclopedia focuses on the events individuals organizations and ideas that shaped the world s navies during World War II as well as the resultant battles that changed naval history It also covers the numerous innovations that occurred during the conflict and shows how strategies evolved and were executed      **Army and Navy Journal** ,1926      Army, Navy, Air Force Journal & Register ,1942      The Second World War in the Air Merfyn Bourne,2013 This book is a complete narrative history of the Second World War in the air which starts by describing the early days of flight in order to put military air power in context when World War Two began It then moves on to a step by step coverage of the air combat in each theatre of war Offering a comprehensive history that includes the lesser known campaigns such as the fighting in Burma Italy and East Africa as well as the air offensive in Western Europe and the struggle in the Pacific it also re examines the RAF bombing of German cities and the moral issues raised This is the first history of the air war to give full and proportionate coverage to the war in Russia which until now has been largely ignored The Second World War in the Air is a comprehensive review of the air war It s meticulously researched readable and remains in touch with what the fighting meant for individuals in the various combatant nations      *Navies in History* Clark G. Reynolds,1998 A lucid general history of the world s navies through the ages      *One Hundred Years of Sea Power* George W. Baer,1994-08-01 A navy is a state s main instrument of maritime force What it should do what doctrine it holds what ships it deploys and how it fights are determined by practical political and military choices in relation to national needs Choices are made according to the state s goals perceived threat maritime opportunity technological capabilities practical experience and not the least the way the sea service defines itself and its way of war This book is a history of the modern U S Navy It explains how the Navy in the century after 1890 was formed and reformed in the interaction of purpose experience and doctrine      **Naval Aviation News** ,1953      *Army and Navy Register* ,1956      Congressional Record United States. Congress,1954 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional

Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **United States Naval Institute Proceedings** ,2000 *United States Naval History* United States. Department of the Navy. Library,1969 *All Hands* ,1975 *The Fast Carriers* Clark G Reynolds,2013-09-15 This classic study is considered essential reading for its analysis of fast aircraft carrier development in WWII It provides a fascinating record not only of the U S Navy s metamorphosis from a battleship oriented to a carrier centered fleet but also of the heated debates that took place over the changing naval strategy With an insider s grasp of the famous individuals involved award winning naval historian Clark G Reynolds takes readers from the war rooms of Washington to the flight decks of the Pacific He vividly describes the battles over the concept of fast carriers between the air admirals and battleship admirals and offers little known details gleaned from personal interviews and private diaries **Proceedings of the United States Naval Institute** United States Naval Institute,2000 **Study of Airpower** United States. Congress. Senate. Committee on Armed Services,1956 A Supplement to the Oxford English Dictionary R. W. Burchfield,1972 These volumes replace the 1933 Supplement to the OED The vocabulary treated is that which came into use during the publication of the successive sections of the main Dictionary that is between 1884 when the first fascicle of the letter A was published and 1928 when the final section of the Dictionary appeared together with accessions to the English language in Britain and abroad from 1928 to the present day Nearly all the material in the 1933 Supplement has been retained here though in revised form Preface Naval Aviation News ,1953 **Sea Power** ,1946 United States at War ,1942
