River Sorrow:

Crossing the River Sorrow Janet Richards, 2013-06-12 *Crossing the River Sorrow* tells the story of one woman's plunge from a sheltered childhood in the 50s into the world of medicine and her personal search for answers to questions about suffering. A single moment at the bedside of a paralyzed girl begins her journey on the River Sorrow which takes her on a life long quest to come to terms with the problem of pain. More than medical case stories or tales of overcoming, *Crossing the River Sorrow* is a narrative told from the perspective of an ordinary wife, mother and nurse as she lives her way to peace in the face of some of life's most troubling questions. From the first pages I immediately realized I was in the presence of a gifted writer. In Nurse Richards you find a gentle yet courageous soul, an artistic master of words, intellectual and guileless with an endearing simplicity of heart. Follow her as she battles unseen enemies with refreshing candor while deftly drawing the reader into her struggles against the stark and dark realities of adversity. This work is the story of a soul coming to a profound understanding of Christ, the gospels and the cross, a place where all should journey. Read. You will be nursed into someone you need to become. Danl C Markham, Director of Partner Relations at Life Without Limbs. Author with Nick Vujicic of *The Lost Mandate: A Christ Command Revealed*.

By Sorrow's River Larry McMurtry, 2010-06-01 In this tale of high spirited and terrifying adventure set against the background of the West that Larry McMurtry has made his own, *By Sorrow's River* is an epic in its own right with the return of the formidable young Tasmin Berrybender. At the heart of this third volume of his Western saga remains the beautiful and determined Tasmin Berrybender, now married to the Sin Killer and mother to their young son Monty. *By Sorrow's River* continues the Berrybender party's trail across the endless Great Plains of the West toward Santa Fe where they intend those who are lucky enough to survive the journey to spend the winter. They meet up with a vast array of characters from the history of the West: Kit Carson, the famous scout; Le Partezon, the fearsome Sioux war chief; two aristocratic Frenchmen whose eccentric aim is to cross the Great Plains by hot air balloon; a party of slavers; a band of raiding Pawnee; and many other astonishing characters who prove once again that the rolling grassy plains are not in fact nearly as empty of life as they look. Most of what is there is dangerous and hostile even when faced with Tasmin's remarkable frosty sangfroid. She is one of the strongest and most interesting of Larry McMurtry's characters and she stands at the center of this powerful and ambitious novel of the West.

Russian Fairy and Folk-Tales: A Choice Collection of Muscovite Folk-Lore Various Authors,2020-09-28 Russia is a country where artistic development began very late where popular lore was conserved with little alteration owing to the immensities of the country the primitiveness of the people and the punctiliousness of the compilers The principal source for Russian folk tales is the great collection of Afan _ev a coeval of Rybnikov Kir _yevski Sakharov Bezsonov and others who all

from about 1850 to 1870 laboriously took down from the lips of the peasants of all parts of Russia what they could of the endless store of traditional song ballad and folk tale These great collectors were actuated only by the desire for accuracy they appended laboriously erudite notes but they were not literary men and did not sophisticate or improve on their material But before venturing on a brief account of the tales something must be premised as to the position occupied by folk tales in the cultural development of a people In Pagan times there always existed a double religion the ceremonial worship of the gods of nature and the tribal deities a realm of thought in which all current philosophy and idealism entered into a set form that symbolized the State and also local cults and superstitions the adoration of the spirits of streams wells hills etc To all Aryan peoples Nature has always been alive but never universalized or romanticized as in modern days wherever you were the brook the wind the knoll the stream were all inhabited by agencies which could be propitiated cajoled threatened but under all conditions were personal forces who could not be disregarded When Christianity transformed the face of the world it necessarily left much below the surface unaffected The great national divinities were proscribed and submerged some of their features reappearing in the legendary feats of the saints The local cults continued with this difference that they were now condemned by the Church and became clandestine magic or else they were adopted by the Church and the rites and sanctuaries transferred The memory of them subsisted the fear of these local gods degenerated into superstition the magic of the folk tales becomes half fantastic half conventional belief in which is surreptitious usual and optional At this stage of disorganization of local custom folk tales arise and into them transmitted as they are orally and under the ban of the Church contaminations of all sorts creep such as mistaken etymologies faint memories of real history reminiscences of lost folk songs Christian legend and morals etc The Russian people have handed down three categories of records First of all the Chronicles which are very full very accurate and within the limits of the temporary concepts of possibility and science absolutely true Secondly the ballads or byl ny epic songs in an ancient metre narrating historical episodes as they occur and also comprising a cycle of heroic romance comparable with the chansons de geste of Charlemagne the cycles of Finn and Cuch lain of the Irish and possibly with the little minor epics out of which it is supposed that some supreme Greek genius built up the artistic epics of the Iliad and the Odyssey These byl ny may be ranked as fiction i e as facts of real life as then understood applied to non existent unvouched or legendary individuals They are not bare records of fact like the Chronicles imagination enters into their scope non human miraculous incidents are allowable their content is not a matter for faith or factual record they may be called historical fiction which broadly taken corresponded to actual events and typified the national strivings and ideals The traditional ceremonial songs magical incantations and popular melodies are of the same date and in the same style Thirdly the folk tales In their matter these differ little if at all from the common Aryan stock In their treatment there are well marked divergencies They are in the first place characterized by the so called realism that tinges all Russian literature a better word would be factualism as realism is associated with the anti romanticism that accentuates material facts and seeks

to obliterate moral factors
