River Teeth David James Duncan, 1996-06-01 In his passionate luminous novels David James Duncan has won the devotion of countless critics and readers earning comparisons to Harper Lee Tom Robbins and J D Salinger to name just a few Now Duncan distills his remarkable powers of observation into this unique collection of short stories and essays At the heart of Duncan s tales are characters undergoing the complex and violent process of transformation with results both painful and wondrous Equally affecting are his nonfiction reminiscences the river teeth of the title He likens his memories to the remains of old growth trees that fall into Northwestern rivers and are sculpted by time and water These experiences shaped by his own river of time are related with the art and grace of a master storyteller In *River Teeth* a uniquely gifted American writer blends two forms taking us into the rivers of truth and make believe and all that lies in between *Nature Writing* Robert Finch, John Elder, 2002 The first anthology to represent the full range of nature writing s rich and flourishing tradition from lyrical essays to thoughtful encounters with new ethical and ecological concerns **Literature and Ecotheology** George B. Handley, 2024-07-22 *Literature and Ecotheology From Chaos to Cosmos* challenges us in a time of climate crisis to find more common ground between the dual projects of ecocriticism and ecotheology This book argues that in our postsecular age literature has become an important repository of theological wisdom that can like formal work in ecotheology provide the moral grounds for environmental care However for any cosmological understanding to be adequate to the challenges before us it must be responsive to the often painful contingencies and uncertainties that inhere in the cosmos something that both ecocriticism and ecotheology have often neglected After a treatment of the ecocritical and ecotheological questions that pertain to the religious secular divide the study then turns to four contemporary American writers Annie Dillard Cormac McCarthy Marilynne Robinson and David James Duncan as examples Each uses the contingency of literary form and its promise of wholeness in order to imagine reasons for hope in light of the unpredictability and untold human and more than human suffering that lie at the heart of nature The book will be of interest to students scholars and researchers interested in ecotheology religious studies environmental literature the environmental humanities and environmental studies more broadly It offers a needed paradigm shift in how Western societies have tended to misuse both secularity and religion Reading Portland John Trombold, Peter Donahue, 2017-08-24 *Reading Portland* is a literary exploration of the city s past and present In over eighty selections Portland is revealed through histories memoirs autobiographies short stories novels and news reports This single volume gives voice to women and men the colonizers and the colonized white Hispanic African American Asian American and Indian storytellers and lower middle and upper classes In his introduction John Trombold considers the history of writing about a place that has nourished a provocative and errant literary tradition for over 150 years In the preface Peter Donahue considers the influence of region particularly Portland s urbanity and its hybrid population on literature Included here are the voices of Carl Abbott Kathryn Hall Bogle Beverly

Going to See Kurt Caswell, James Perrin Warren, 2024-05-01 Contributors include Rick Bass David James Duncan Gretel Ehrlich Kate Harris and Deborah A Miranda Explores Lopez's writing about the natural world in the context of current

concerns about the planet's future. Shares stories of Lopez's travels, inspirations, and friendships. Barry Lopez was not only a writer but also a traveler, visionary, and someone with a deep love for humanity and the natural world. *Going to the Sun* illuminates how the stories he shared with us were like stones in a pond, sending ripples throughout not just a world of readers but also a network of writers. Here, 30 of those writers reflect on Lopez's tremendous influence on their work and their lives. From stories of intimate conversations with Lopez to insightful examinations of his writing and outdoor experiences to deeply heartfelt tributes about his generosity of spirit, what emerges is a many-sided portrait of Lopez as co-editor. James Perrin Warren writes, "It's also a celebration of the fellowship of writers that Lopez helped create: writers who are committed to serving the natural world, human and nonhuman communities, and the planet we all share." *Gratitude for the Wild*. Nathaniel Van Yperen, 2019-06-17. Since the passage of the Wilderness Act of 1964, a hotly contested debate over the value of wilderness reveals cultural anxieties about an American society that has spurned limits. *Gratitude for the Wild* explores how the wild, known in wilderness, raises our tolerance for mystery in the recognition of our limits and in the celebration of a God-loved world that exceeds our grasping. The idea of wilderness introduces questions about the balance between utility and appreciation and between enjoyment and restraint. Wilderness is a nexus of competing and contested accounts of responsibility. In conversation with the work of Doug Peacock, Terry Tempest Williams, James Gustafson, and Martin Luther King Jr., Nathaniel Van Yperen offers an original argument for how wilderness can evoke a vision of a good life in which creaturely limits are accepted in gratitude even in the face of ambiguity and mystery. Through the theme of gratitude, the book refocuses attention on the role of affection and testimony in ecological ethics and Christian ethics.
