for a fully inclusive national conversation to help overturn deeply ingrained prejudice in all parts of our society Rivers of Blood Stephen Bentley, 2022-09-15 There's only one thing more dangerous than becoming a confidential informant: Being an undercover cop. They have something in common: living on the edge. Another Gripping Fast-paced Thriller in the Steve Regan Undercover Cop series. If you like Reacher, you will love Regan: the real deal. Steve Regan is still undercover, working for the same UK secret government department. He sets off on what he thinks is a last assignment, seconded to the Australian Feds, posing as a hit man hired to assassinate a liberal Australian politician. The Australian murder plot leads to the discovery of a frightening far-reaching white supremacist conspiracy to overthrow the government of the United Kingdom. Regan goes deep undercover within a London police CID department to gather evidence against the white supremacists. Regan's undercover infiltration is the most dangerous and audacious assignment he has faced. Will he succeed? Or will this dangerous game endanger someone close to him? Who will survive and who will die? Scroll up and order now. This is as realistic an undercover cop thriller as you can get. The author has lived this life and puts his experience into the story. Goodreads Review: If you like suspense and undercover cops, you are going to love this amazing story. I am so glad I got to read it. It has strong characters and an amazing story line that I fell in love with. I cannot wait to see what is going to come next from this amazing new author for me to read. Goodreads Review: Highly Recommended. Read Pat McDonald, British Crime Fiction Author River of Blood. J. M. Schoffeleers, 1992. The culmination of years of fieldwork in southern Malawi, *River of Blood* reconstructs the beginnings of the Mbona martyr cult, follows its history to the present day, and reveals the fascinating intersections of an indigenous belief system with European Christianity. In the cult of Mbona, the central African mythology of the snake that is beheaded to make the rains come has been combined with a more spiritual interpretation: the snake has been transformed into a human martyr and redeemer. According to the cult, the rainmaker Mbona was tracked down by his enemies; they cut off his head, and his blood formed the River of Blood. Mbona returned as a storm wind and asked that a shrine be dedicated in his name. J. Matthew Schoffeleers recounts how the Portuguese presence in Zambezia in the period 1590-1622 led to more than three decades of internecine warfare and caused the people of southern Malawi tremendous suffering. In response to this political oppression and social upheaval, Schoffeleers shows the people looked to Mbona, their black Jesus, for redemption. Beyond reconstructing the cult's genesis, Schoffeleers traces its recent history, particularly in political context. He provides texts of seven cult myths from different historical periods in both Chimanga and English. His analysis presents the Mbona myth as a continuous social construction and deconstruction. Emphasizing the impact of political and spiritual oppression on the cult, he distinguishes between the differing versions of the myth preserved by the aristocracy and by the commonalty and demonstrates how these disparate views unite to preserve historical information. In so doing, he shows that cults serve as valuable repositories for historical information. River of Blood John Breen, 2013-03-01. Epic adventures, survival, and tragedy in New Zealand's own Wild West frontier: the Waikato Valley. Deep into the heart of the Waikato Valley, on the

savage West Coast is New Zealand's own Wild West a place which may never really be won Its pioneers musterers hunters and pilots of South Westland's Haast District have had to face isolation rugged geography and atrocious weather that is sometimes so bad for so long that the hair begins to rot from the backs of live cattle The folk who've lived there for three generations have been shaped by the land Ranging from mountain exploration to epic two week cattle droves through dense bush wild rivers and over dangerous passes from hacking an existence out of feral isolation to high adrenaline pursuits this book encompasses often poignant sometimes bizarre tales of tragedy and dogged survival It's a book for all those who are gripped by West Coast lore and for adventurers of all kinds pilots and bushmen hunters and fishermen stockmen musterers and drovers alike boaties trampers and mountaineers River of Blood gives us the sense of people living by their wits and with fearsome grit A place that even now fits the label The Last Frontier **River of Gold, River of Blood** John R. Pickett,2016-12-05 I have done some traveling to the tropics and became infatuated with the climate and the terrain of rain forests I went to Costa Rica to the Bahamas and later to Indonesia These travels inspired this book **A Line in the Sand: River of Blood** Richard Brighton,2011-05-10 These are the collected stories of People of the Tribes People of the Nations settlers and those Texians who were defenders at the Alamo They speak of how all paths converge The footsteps of the hesitant meet those of the brave and any day is but a moment when a person is faced with making a stand These stories show what led to the battle of the Alamo and they are written in the manner in which they were told to be read like campfire stories when the shadows of the day blend into the darkness of night It is here where Spirits live and travelers seek their destiny More-Than-Human Diasporas Joseph Pugliese,2024-10-28 Pugliese's More Than Human Diasporas breaks the confines of existing scholarship in its vision of the way that more than human diasporic entities such as water trees clay stone and architectural styles have functioned as agents within the context of empire settler colonialism and a largely effaced history of Mediterranean enslavement a history that pre-existed and then coincided with the Atlantic slave trade This book traces for example the diasporic travels of the eucalyptus from Indigenous Country to Joseph Banks botanical collection in London and then onto a grand English style garden in Southern Italy which was built on the historically effaced labour of enslaved people By deploying techniques of historical recovery this book brings to light otherwise buried histories thereby demonstrating the pivotal role of Mediterranean enslavement in the shaping of Italian society and culture This book develops a topological understanding of cultural history to account for the complex spatio-temporal effects that connect seemingly disparate times spaces and more than human entities within networks of relationality In this innovative scholarly work more than human diasporic entities function as conceptual keys to histories which would otherwise remain hidden thereby revealing desubjugated knowledges which reconfigure anthropocentric histories and further the process of decolonisation This book will be of interest to readers interested in transnational and local histories of empire settler colonialism and slavery
