Road Movies D. Orgeron, 2007-12-09 Road Movies engages with two foundational twentieth century technologies cinematic and automotive It is a book about road movies a genre burdened by its own seductiveness It is also however a book about images of human mobility more generally and the social function those images have served **Road Movies** Norbert Grob, Thomas Klein, 2006 **The Road Movie** Neil Archer, 2016-01-12 Though often seen as one of America's native cinematic genres the road movie has lent itself to diverse international contexts and inspired a host of filmmakers As analyzed in this study from its most familiar origins in Hollywood the road movie has become a global film practice whether as a vehicle for exploring the relationship between various national contexts and American cinema as a means of narrating different national and continental histories or as a form of individual filmmaking expression Beginning with key films from Depression era Hollywood and the New Hollywood of the late 1960s and then considering its wider effect on world cinemas this volume maps the development and adaptability of an enduring genre studying iconic films along the way *The Road Movie Book* Steven Cohan, Ina Rae Hark, 2002-01-04 The Road Movie Book is the first comprehensive study of an enduring but ever changing Hollywood genre its place in American culture and its legacy to world cinema The road and the cinema both flourished in the twentieth century as technological advances brought motion pictures to a mass audience and the mass produced automobile opened up the road to the ordinary American When Jean Baudrillard equated modern American culture with space speed cinema technology he could just as easily have added that the road movie is its supreme emblem The contributors explore how the road movie has confronted and represented issues of nationhood sexuality gender class and race They map the generic terrain of the road movie trace its evolution on American television as well as on the big screen from the 1930s through the 1980s and finally consider road movies that go off the road departing from the US landscape or travelling on the margins of contemporary American culture Movies discussed include Road classics such as It Happened One Night The Grapes of Wrath The Wizard of Oz and the Bob Hope Bing Crosby Road to films 1960's reworkings of the road movie in Easy Rider and Bonnie and Clyde Russ Meyer's road movies from Motorpsycho to Faster Pussycat Kill Kill Contemporary hits such as Paris Texas Rain Man Natural Born Killers and Thelma and Louise The road movie Australian style from Mad Max to the Adventures of Priscilla Queen of the Desert [The Latin American Road Movie](#) Verónica Garibotto, Jorge Pérez, 2016-07-28 This volume explores the ways films made by Latin American directors and or co produced in Latin American countries have employed the road movie genre to address the reconfiguration of the geographical sociopolitical economic and cultural landscape of Latin America **The Figure of the Road** Christopher D. Morris, 2007 The Figure of the Road examines the metaphor of the road way or path in works of representative humanities disciplines literature religion philosophy visual art popular culture to show how writers and artists anticipated the dilemma known to contemporary deconstruction as the aporia or pathless place This tradition exposes the solution advocated in Derrida's late

indirectly the development of Spanish cinema Global Genres Local Films The Transnational Dimension of Spanish Cinema reaches beyond the limits of the film text and analyses and contextualizes the impact of global film trends and genres on Spanish cinema in order to study how they helped articulate specific national challenges from the conflict between liberalism and tradition in the first decades of the 20th century to the management of the contemporary financial crisis This collection provides the first comprehensive picture of the complex national and supranational forces that have shaped Spanish films revealing the tensions and the intricate dialogue between cross cultural aesthetic and narrative models on the one hand and indigenous traditions on the other as well as the political and historical contingencies these different expressions responded to
