## Road To Tunis:

**The Bloody Road to Tunis** David Rolf, 2001 David Rolf has made use of rare and valuable source material to present the Tunisian campaign in its entirety His emphasis upon personal accounts and use of contemporary dialogue takes the reader to the heart of the emotions experienced by units fighting on both sides and adds colour to this intricate battle of wits between legendary commanders The result is a brilliant example of historical writing and a unique insight into six months of stubborn fighting BOOK JACKET

*The Path to Victory* Douglas Porch, 2005-06-22 From the Publisher The Mediterranean theater in World War II has long been overlooked by those who believe it was little more than a string of small scale battles sideshows that were of minor importance in a war whose outcome was decided in the clashes of mammoth tank armies in northern Europe But in this groundbreaking new book one of our finest military historians argues that the Mediterranean was in fact World War II s pivotal theater In *The Path to Victory* Porch examines the Mediterranean as an integrated arena one in which events in Syria and Suez influenced the survival of Gibraltar Churchill s controversial decision in 1940 to contest the Axis in the Mediterranean followed by Roosevelt s insistence two years later that his service chiefs undergo a Mediterranean initiation laid the foundation for Allied victory in Europe Although conventional wisdom argues that Hitler could not have won World War II in the Mediterranean Porch believes that the Allies might well have lost had they not elected to fight there Decisions made in this theater matured the Western Alliance seriously damaged and dispersed the formidable Axis military machine and forged the combined Anglo American effort that was to be unstoppable when transferred to Northern Europe in June 1944 The Middle Sea constituted a strategic piece of a global war it was a passage that linked far flung theaters protected scarce Allied shipping became an essential conduit for lend lease aid to the USSR offered France a testing ground for its rehabilitation as a military power and provided an entry point into southern Germany for two Allied armies Without a Mediterranean alternative the Western Allies would probably have committed to a premature cross Channel invasion in 1943 that might well have cost them the war Brilliantly argued and with vivid portraits of Churchill Montgomery FDR Rommel and Mussolini this original accessible and compelling account of a little known theater emphasizes the importance of the Mediterranean in the ultimate Allied victory in Europe during World War II

**The Report: Tunisia 2017** Oxford Business Group, Tunisia's GDP totalled TD84.3bn 36.2bn in 2015 expanding at a rate of 0.8% down from growth of 2.3% the year before The fall was due to a variety of external factors including two terrorist incidents that negatively affected the tourism sector in particular and shook business confidence more generally However growth picked up somewhat in 2016 standing at 1% 1.4% and 1.3% in the first second and third quarters of the year respectively and is expected to maintain this upward trend in 2017 supported by greater export competitiveness Moves to bolster the economy through reforms such as

the new investment law and plans to tackle wider structural issues are likely to help to raise growth to higher levels than those witnessed in recent years as should the improvement in security since the 2015 attacks though the extent of this will depend in part on whether or not the economy of the country's main export destination and tourism source market the eurozone can emerge from its own recent slowdown
