**The Road to Wigan Pier** George Orwell,2015-01-24 The Road to Wigan Pier by George Orwell In Wigan I stayed for a while with a miner who was suffering from nystagmus He could see across the room but not much further He had been drawing compensation of twenty nine shillings a week for the past nine months but the colliery company were now talking of putting him on partial compensation of fourteen shillings a week It all depended on whether the doctor passed him as fit for light work on top Even if the doctor did pass him there would needless to say be no light work available but he could draw the dole and the company would have saved itself fifteen shillings a week Watching this man go to the colliery to draw his compensation I was struck by the profound differences that are still made by status Here was a man who had been half blinded in one of the most useful of all jobs and was drawing a pension to which he had a perfect right if anybody has a right to anything Yet he could not so to speak demand this pension he could not for instance draw it when and how he wanted it He had to go to the colliery once a week at a time named by the company and when he got there he was kept waiting about for hours in the cold wind For all I know he was also expected to touch his cap and show gratitude to whoever paid him at any rate he had to waste an afternoon and spend sixpence in bus fares It is very different for a member of the bourgeoisie

even such a down at heel member as I am Even when I am on the verge of starvation I have certain rights attaching to my bourgeois status I do not earn much more than a miner earns but I do at least get it paid into my bank in a gentle manly manner and can draw it out when I choose And even when my account is exhausted the bank people are passably polite This business of petty inconvenience and indignity of being kept waiting about of having to do everything at other people s convenience is inherent in working class life A thousand influences constantly press a working man down into a passive role He does not act he is acted upon He feels himself the slave of mysterious authority and has a firm conviction that they will never allow him to do this that and the other Once when I was hop picking I asked the sweated pickers they earn something under sixpence an hour why they did not form a union I was told immediately that they would never allow it Who were they I asked Nobody seemed to know but evidently they were omnipotent
