Christian Zionism Stephen Sizer,2021-09-13 I am glad to commend Stephen Sizer s groundbreaking critique of Christian Zionism His comprehensive overview of its roots its theological basis and its political consequences is very timely I myself believe that Zionism both political and Christian is incompatible with biblical faith Stephen s book has helped to reinforce this conviction Rev Dr John Stott I believe Stephen Sizer is one of the most authoritative scholars in the world on the vital issue of Christian Zionism He is a very important voice speaking out against this destructive movement that is killing us Palestinians through its theology Canon Naim Ateek Stephen Sizer s Christian Zionism Road Map to Armageddon is essential reading for any Western evangelical trying to understand the religious dimensions of American support for Israel Sizer writes as an insider within the church not as a critic watching from afar And he shows with exacting clarity how evangelical eschatology has now embedded itself in a modern political ideology One quick read of this book will change anyone s perspective on the Middle East permanently Professor Gary M Burge Congratulations on Christian Zionism The index alone makes my mouth water since this is the scholarly treatment to counteract the rabid prophecy pack for which I had been searching I couldn t be happier that this is published You and I see eye to eye on this issue Yours is a true prophetic voice so badly needed in the current prophecy frenzy And when this mania also affects national and international policy the danger takes on larger proportions Professor Paul Maier Stephen Sizer s work on Christian Zionism is the most important and comprehensive on the subject to date and should be read by all students of the Middle East and by Christians concerned about a just resolution to the Palestinian Israeli conflict Christian Zionism raises vital theological and political challenges that must be addressed head on by Christians in the West particularly evangelicals The impact of this terribly misguided movement is increasingly putting Christians in the Middle East at risk and it seems a far cry from the witness and message of Jesus Christ Dr Donald Wagner This study of Christian Zionism based on Stephen Sizer s doctoral thesis is of seminal significance It provides a fascinating survey of the history of Christian Zionism and an in depth analysis of the theology of this highly important and influential movement Rabbi Professor Dan Cohn Sherbok

draws to a close the world is still in a state of Chaos with fighting occurring nearly worldwide The intensity of the fighting seems to grow with each passing day In the far east there is a growing hope by the Allies that serious cracks are developing in the Japanese plan to dominate the region Following the triumph battle of Midway Churchill has released to the Pacific submarines and aircraft carriers previously engaged in supply and defense of the lost island of Malta The added effect was victory after victory in the region Never thought possible teams of American generals and Admirals were working hand in hand with their British counterparts to save China and drive the Japanese back However this stood in sharp contrast with the setbacks Hitler was inflicting on Stalin The port city of Sevastopol had fallen and yet another vicious struggle led by German General Erich von Manstein was being waged in the environs of Leningrad and the far north On the Eurasian Steppe rebuilt Panzer Divisions from the winter debacle had sweep Stalin s troops before them all the way to the gates of Stalingrad It now appears the 1942 German Russian offensive has been stopped however Italian sea air and land forces had just successfully captured much of the Russian Black Sea coast It would appear that things were looking up for Hitler and that Stalin was in a bad way Although Stalin was furious with his field commanders for letting so much of the motherland slip out of his hands he knew winter was coming and with it revenge Literally millions of Soviet troops and thousands of tanks and planes were standing in the wings preparing for a whole host of offenses All were backed up with thousands of tons of weapons and supplies courtesy Roosevelt and Churchill But Hitler s iron grip was beginning to slip In hundreds of secret conversations criticism was building as growing evidences of secret brutality excesses and regime incompetence were building Fuel tanks were near empty serious raw material shortage were at hand and everyday and night more British and American bombs fell on German factories and cities The U boat blockade appeared to be having no effect not true Those in the know recognized the imprint of competent leadership by Generals like Heinz Guderian who had even managed to turn the Italian military around Here again things were not what they seemed for while acquiring German and captured technology and equipment Italian spies and salvage crews also acquired information Information these spies recently came into revealed how threatened Italy s survival truly was Mussolini was keenly aware this information was both dangerous and potentially an avenue to securing the empire he so greatly desired perhaps even preeminence in the Axis camp Before he could win the battle in the shadows his forces must successfully defend the central Mediterranean If German Admiral Raeder was correct the Allies would most surely wager everything they had to regain control and destroy Italy This great challenge began more quickly than Mussolini would have liked He knew even if they won it would probably not be enough but if they lost nothing could save them After holding off much of British 8th Army attempting to capture Mersa Matruh North Africa Italian forces counter attack using their modified captured tanks While Italians attack in the north German Africa Korps attacks from the south British forces are driven across the desert past Mussolini s recently erected Triumphal Arch One pincer of the Allies plan to trap Axis forces in Africa has been removed In the west the Allies massive Torch invasion fleet must now take back the

Mediterranean on its own The Road to Armageddon Jack Tanner, 2020-01-15 The Road to Armageddon starts with the initial sin of Adam and runs through the Bible as others add their input It also traces men who sacrificed their lives to uphold the truth The Battle of Armageddon is the battle to end all battles The Rapture, One-World Government and the "Great Tribulation" Luis Muñoz, 2013-08-13 This book explains in great detail and exceptional clarity the issues related to the rapture of the Church the government of the Antichrist the great tribulation and all the apocalyptic judgments which God will pour out upon the wicked world The rapture of the Church will bring about the global collapse of the economic political and religious institutions of the world At that moment of monumental crisis humanity will quickly look for a leader willing to put the world back together offer them peace and security The world will host a false prince of peace called the Antichrist He will elate the masses by telling them what they want to hear However he will push humanity to the deepest levels of degradation vice immorality crime war violence and rebellion against God He will corrupt the social and moral order and as a result billions of people will die He will plunge the world into spiritual darkness and lead humanity astray The Antichrists empire shall devour the whole earth trample it and break it in pieces Daniel 7 23 NKJV This will be a period characterized by widespread wars which will bring death to billions of people For in those days there will be tribulation such as has not been since the beginning of the creation which God created until this time nor ever shall be Mark 13 19 NKJV During this period 25 and 33 per cent of the world population will die in two major wars If these conflicts were to happen in our time 3 56 billion people would die However before the Antichrist begins God will take out of this world all those who believe in Christ Seven years later the Lord Jesus will return to destroy those who destroy the earth Rev 11 18b and establish His everlasting kingdom on Earth Then The wolf and the lamb shall feed together The lion shall eat straw like the ox and dust shall be the serpents food They shall not hurt nor destroy in all My holy mountain says the LORD Isaiah 65 25 NKJV *Christianity and Rabbinic Judaism* Jonas E. entire French encyclopedia was written between 1751 and 1772 by those philosophers because Christianity to a large degree had to go Voltaire would send letters to his disciples and friends saying crasez l inf me Rousseau of course was a disciple of Voltaire and declared that Voltaire s work inspired me The French Revolution failed Yet like all significant revolutions before and after that period the French Revolution indirectly had a theological root which was then a categorical and metaphysical rejection of Logos That theological substratum has jumped from one era to the next and had and still has historical political economic and spiritual ramifications This book is about the historical and theological struggle of that conflict which had its inception at the foot of the cross The Road to Armageddon Larry Collins,2003 When Iran s deadly nuclear game is revealed CIA agent Frank Williams realizes there is only one man made for the job of traveling to the other side of the world to neutralize this threat his disgraced but tough as lead former partner agent Jim Duffy **Apocalyptic Theopolitics** Elizabeth Phillips,2022-10-21 In this volume Elizabeth Phillips brings together scholarly essays on eschatology ethics and politics as well as a selection of sermons preached in the chapels of the University of Cambridge arising from that scholarly work These essays and sermons explore themes ranging from ethnography to Anabaptism and Christian Zionism to Afro pessimism Drawing on a wide range of authors from Flannery O Conner and Herbert McCabe to James Cone and M Shawn Copeland this collection provides insight into the fields of Christian ethics and political theology as well as ethnography and homiletics Phillips challenges theologians to interdisciplinarity in their work and to keep historical and traditional sources in conversation with contemporary sources from critical and liberative perspectives She challenges Christians to engage in apocalyptic practices which name and resist the false pretenses of the political status quo And she challenges preachers to call their congregations to moral and political faithfulness opening up possibilities beyond both the squeamish evasion of politics in some preaching traditions and the didactic political partisanship of others **American Christians and Islam** Thomas S. Kidd,2018-06-05 In the wake of the September 11 terrorist attacks many of America s Christian evangelicals have denounced Islam as a demonic and inherently violent religion provoking frustration among other Christian conservatives who wish to present a more appealing message to the world s Muslims Yet as Thomas Kidd reveals in this sobering book the conflicted views expressed by today s evangelicals have deep roots in American history Tracing Islam s role in the popular imagination of American Christians from the colonial period to today Kidd demonstrates that Protestant evangelicals have viewed Islam as a global threat while also actively seeking to convert Muslims to the Christian faith since the nation s founding He shows how accounts of Mahometan despotism and lurid stories of European enslavement by Barbary pirates fueled early evangelicals fears concerning Islam and describes the growing conservatism of American missions to Muslim lands up through the post World War II era Kidd exposes American Christians anxieties about an internal Islamic threat from groups like the Nation of Islam in the 1960s and America s immigrant Muslim population today and he demonstrates why Islam has become central to evangelical end times narratives Pointing to many evangelicals unwillingness to acknowledge

Islam's theological commonalities with Christianity and their continued portrayal of Islam as an evil and false religion Kidd explains why Christians themselves are ironically to blame for the failure of evangelism in the Muslim world American Christians and Islam is essential reading for anyone seeking to understand the causes of the mounting tensions between Christians and Muslims today **The Road to Armageddon** Peter Stiff, 1980 **The Case for Zionism** Thomas Ice, 2017-02-20 The modern state of Israel has been a nation for almost 70 years When she was formed and fought her early wars of existence most Bible believing Christians believed there was a real connection with what was going on in the Middle East and Bible prophecy that predicts an end time return of the Jews to their land While support for Israel remains high in most evangelical communities we are seeing the beginning of a decline especially among younger evangelicals who question whether modern Israel really relates to end time Bible prophecy The Case for Zionism attempts to bring together biblical historical and legal arguments for the legitimacy of the startup nation known as Israel as it Explains controversies such as antisemitism and Replacement Theology Details the biblical and legal rights of Modern Israel Explores the prophetic nature and future of Israel In this presentation Thomas Ice answers many of the contemporary arguments being used by both secular and religious communities to undermine what he believes is the hand of God at work in our own day **The Road to Armageddon** C. D. Whitfield, 1998-02-01 *Road from Armageddon* Phillip McGregor, 2009-01-12 The third Gamemaster only book in the Road to Armageddon series presenting the situation facing the characters in the 27th millennium
