Roads To Liberation From Oflag 64:

Roads to Liberation from Oflag 64 Clarence R. Meltesen, 1990 Treatment of ground forces officers enlisted men in WWII by German armed forces US personnel in Oflag 64 Stalag VIIA IIB and in forced winter marches of 1945 *The Big Break* Stephen Dando-Collins, 2017-01-10 The story opens in the stinking latrines of the Schubin camp as an American and a Canadian lead the digging of a tunnel which enabled a break involving 36 prisoners of war POWs The Germans then converted the camp to Oflag 64 to exclusively hold US Army officers with more than 1500 Americans ultimately housed there Plucky Americans attempted a variety of escapes until January 1945 only to be thwarted every time Then with the Red Army advancing closer every day camp commandant Colonel Fritz Schneider received orders from Berlin to march his prisoners west Game on Over the next few days 250 US Army officers would succeed in escaping east to link up with the Russians although they would prove almost as dangerous as the Nazis only to be ordered once they arrived back in the United States not to talk about their adventures Within months General Patton would launch a bloody bid to rescue the remaining Schubin Americans In *The Big Break* this previously untold story follows POWs including General Eisenhower's personal aide General Patton's son in law and Ernest Hemingway's eldest son as they struggled to be free Military historian and Paul Brickhill biographer Stephen Dando Collins expertly chronicles this gripping story of Americans determined to be free brave Poles risking their lives to help them and dogmatic Nazis determined to stop them *Abundance of Valor* Will Irwin, 2010-03-23 The operation known as Market Garden made famous in the book and film *A Bridge Too Far* was the largest airborne assault in history up to that time a high risk Allied invasion of enemy territory that has become a legend of World War II even as it still invites criticism from historians Now a thrilling and revelatory new book re creates the operation as never before revealing for the first time the full adventures of the bold Jedburgh paratroopers whose exploits were almost unimaginably risky and heroic Kicked off on September 17 1944 Market Garden was intended to secure crucial bridges in the Nazi occupied Netherlands by a parachute assault conducted by three Allied airborne divisions Capture of the bridges would allow a swift advance and crossing of the Rhine by British ground forces Jedburgh teams Allied Special Forces were dropped into the Netherlands to train and use the Dutch resistance in support of the larger operation Based on new firsthand testimony of survivors and declassified documents *Abundance of Valor* concentrates on the three teams that operated farthest behind enemy lines the nine men whose treacherous missions resulted in deaths captures and hair breadth escapes Here in unprecedented detail are the heat and stench of fuel oil and sweat in the troop carriers going over the remarkable and misleading initial success of the daylight parachute landings and the deadly brutally effective German response particularly by crack SS armored units in the blood soaked town of Arnhem *Abundance of Valor* portrays with stunning verisimilitude the experiences of Lt Harvey Allan Todd who fought from a surrounded position against overwhelming numbers of the enemy before surviving capture near starvation interrogation and solitary confinement in German POW camps and Maj John Pappy

Olmsted who made a hazardous journey in disguise from safe house to safe house through enemy territory until finally reaching friendly lines With piercing criticism of the mission s ultimate failure from faulty use of intelligence and Field Marshall Montgomery s distrust of the Dutch underground Abundance of Valor is a brutally honest and truly inspiring account of fighting men in a noble cause who did their jobs with extraordinary honor and courage **The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945, Volume IV** Geoffrey P.

Megargee,2022-04-26 The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos 1933 1945 Volume IV aims to provide as much basic information as possible about individual camps and other detention facilities Why were they established Who ran them What kinds of prisoners did they hold What kinds of work did the prisoners do and for whom What were the conditions like The entries detail the sources from which the authors drew their material so future scholars can expand upon the work Finally and perhaps most important this is a work of memorialization it preserves the histories of places where people suffered and died Volume IV examines an under researched segment of the larger Nazi incarceration system camps and other detention facilities under the direct control of the German military the Wehrmacht These include prisoner of war POW camps including camps for enlisted men camps for officers camps for naval personnel and airmen and transit camps civilian internment and labor camps work camps for Tunisian Jews brothels in which women were forced to have sex with soldiers and prisons and penal camps for Wehrmacht personnel Most of these sites have not been described in detail in the existing historical literature and a substantial number of them have never been documented at all The volume also includes an introduction to the German prisoner of war camp system and its evolution introductions to each of the various types of camps operated by the Wehrmacht and entries devoted to each individual camp representing the most comprehensive documentation to date of the Wehrmacht camp system Within the entries the volume draws upon German military documents eyewitness and survivor testimony and postwar investigations to describe the experiences of prisoners of war and civilian prisoners held captive by the Wehrmacht Of particular note is the detailed documentation of the Wehrmacht s crimes against Soviet prisoners of war which have largely been neglected in the English language literature up to this point despite the fact that more than three million Soviet prisoners died in German captivity The volume also provides substantial coverage of the diverse range of conditions encountered by other Allied prisoners of war illustrating both the substantial privations faced by all prisoners of war and the stark contrast between the Germans treatment of Soviet prisoners and those of other nationalities The volume also details the significant involvement of the Wehrmacht in crimes against the civilian populations of occupied Europe and North Africa As a result this volume not only brings to light many detention sites whose existence has been little known but also advances the decades old process of dismantling the myth of the clean Wehrmacht according to which the German military had nothing to do with the Holocaust and the Nazi regime s other crimes

Spinelli, Lewis H. Carlson, 2004 Contains one hundred photographs by Angelo Spinelli secretly taken during his twenty seven month confinement in a German prisoner of war camp including shots of everyday life as well as depicting the cruelties of war *Special Bibliography Series*, 1957 **From Interrogation to Liberation: a Photographic Journey Stalag Luft III** Marilyn Jeffers Walton, Michael C. Eberhardt, 2014-03-05 During World War II 300 000 United States Army Air Corps airmen were shot down Of that number 51 000 were prisoners of war or listed as missing in action Bombardiers positioned in the vulnerable bombardiers compartment at the front of the aircraft were in high demand The authors fathers were two such bombardiers one on a B 17 and the other on a B 24 Like so many of the post war generation the authors traveled on their own emotional journeys to reconstruct their fathers WWII experiences Their fathers fought in the flak ridden blue battlefield and like thousands of other airmen shot out of the sky became prisoners of war They would endure deprivation loneliness and

great peril Held at Stalag Luft III where the Great Escape of movie fame took place they along with the British were eventually force marched 52 miles in the dead of winter to Spremberg Germany and loaded onto overcrowded filthy boxcars the Americans to be taken to Stalag VIIA in Moosburg Germany or to Stalag XIII D in N rnberg Languishing until their liberation in barbaric conditions with nearly 120 000 international POWs they witnessed the death throes of the Third Reich With many sons and daughters trying to explore the wartime histories of their loved ones the authors supply crucial information and insight regarding the World War II POW experience in Europe Often times by necessity that experience reflects the co existence and tenuous relationship with the Germans holding them In this book there are stories that up until now have not been heard and there are hundreds of pictures many previously unseen illustrating the prisoners plight This book is a documentation of riveting history and a chance to vicariously live the war told through their voices echoes now fading with time Their sacrifices to ensure precious freedom should never be forgotten **The American P.O.W.**
